Johnson Proposes Halt To Bombing

Key U.S. Base Under Red Fire

SAIGON (AP)—The Communists opened up with mortars in the Mekong delta south of Saigon today, shelling the U.S. 9th Infantry Division headquarters—the main American base in the area—and four South Vietnamese camps.

Sixteen Americans were wounded in the attack, which followed intensified U.S. air strikes deep into North Vietnam. Air Force planes blasted the frequently hit MIG airfield at Hoa Lac west of Hanoi, and carrier-based Navy pilots flew through surface-to-air missile barrages to strike a bridge inside the port of Haiphong.

The shelling in the Mekong delta began Friday night on isolated government outposts near the cities of My Tho and Can Tho. Within minutes, help came from Air Force "Spookies"—old twin-engine C47s specially equipped to suppress night attacks by dropping flares and then opening up with quick-firing Gatling guns.

The attacks on the South Vietnamese posts continued sporadically during the night. Early

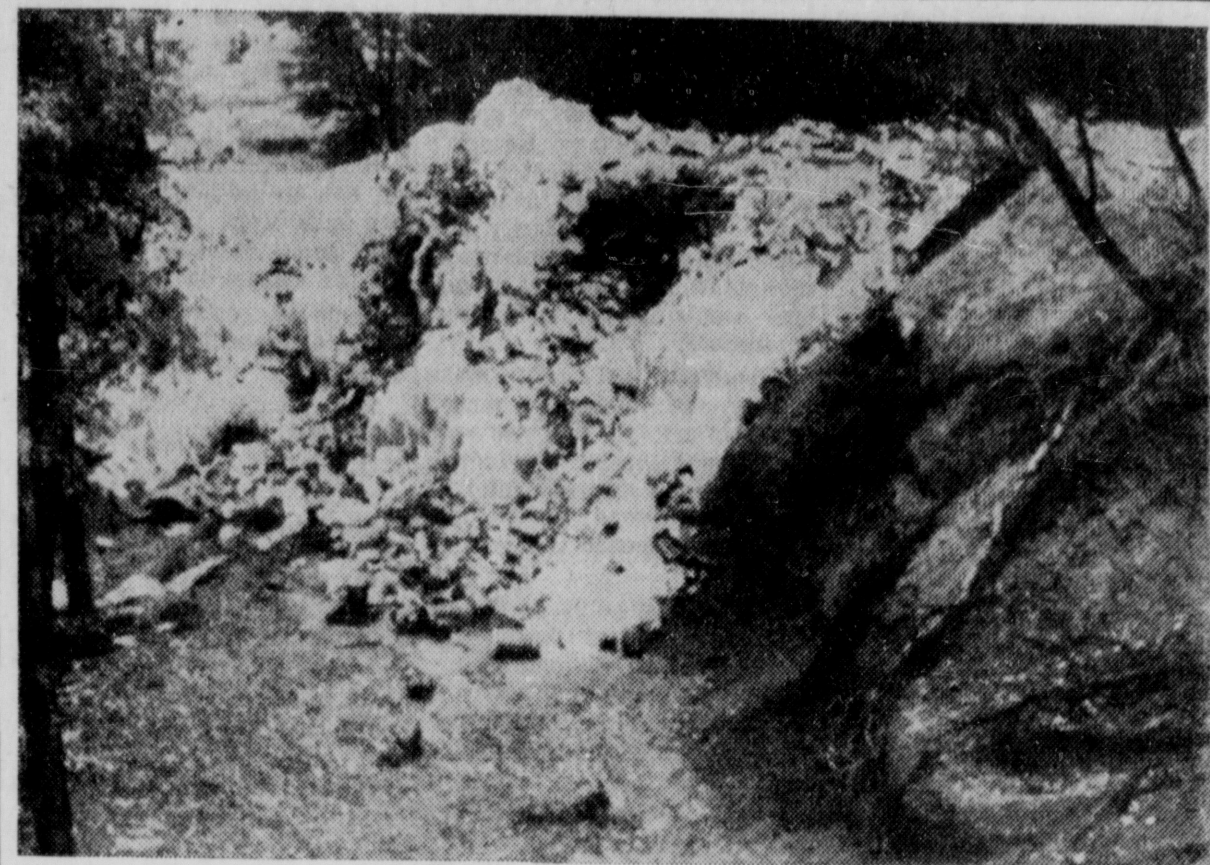

this morning the Red gunners shifted to the big U.S. camp at Dong Tam, 42 miles southwest of Saigon.

The Spookies unloaded nearly 50,000 rounds on suspected Red mortar positions.

At the northern end of South Vietnam, North Vietnamese mortarmen fired about 100 shells on the district headquarters town of Hai Lang, about 25 miles below the demilitarized zone.

Communist infantrymen then tried to storm through wire barricades but were beaten back and lost 17 dead, military spokesmen said. South Vietnamese losses were called light.

To the northwest the U.S. Marine outpost of Con Thien was under fire. It has been every day this month but U.S. headquarters did not specify how many shells came in. It said only that about 128 Communist rounds fell on American positions below the DMZ. This could include four big posts and other lesser ones in the area. They are guarding possible Red invasion routes to the northern provinces.

DUMP — This photograph of the dump at the Red River Bridge was taken from the bridge. Easily visible from the road, the debris lies within a few yards of the channel of the Scioto River. Circleville and Jackson Trustees claim that with a flooding condition, all of the trash is washed down the river. The snowy white debris is film manufactured at Du Pont. The dump is operated by Larry's Refuse Haulers and is supposed to be a sanitary landfill operation.

Trustees Seek Action Closing Dump at Red River Bridge

Circleville and Jackson Twp. trustees asked the Pickaway County Health Board Friday to take action to halt the dumping of trash at the Red River Bridge on the Dr. J. N. Bowers farm.

The dump is operated by Larry's Refuse Haulers. It is located in Circleville Twp.

The board told trustees that if the dump presented a health hazard it had the authority to control the operation or order it halted. However they claimed the health hazard angle had to be proved.

Tom Boyer, representing the Jackson trustees, pointed out that Thoburn Blaney, county sanitarian, had sent a letter to all dump operators last February, giving specific instructions

on the operations. All were ordered to use a sanitary landfill method, Boyer stated.

HE presented photographs of the dump at the Red River Bridge, showing that debris lay uncovered in the area near the Scioto River.

The trustees indicated that if the health board failed to take action, they would seek an injunction halting the operation.

The dump at the bridge is in the flood plain of the Scioto River, and high water washes all uncovered debris downstream.

Huge truckloads of a virtually indestructible film produced by the Circleville DuPont plant have been dumped at the site by the refuse haulers.

Trustees said the film washed for miles downstream littering fields as the water receded.

Blaney said he would contact Prosecuting Attorney Robert Huffer, DuPont officials and dump operators in an effort to seek a solution to the problem.

HE promised trustees he would give them an answer within ten days concerning the situation.

"For years we've been blaming Columbus for the condition of the Scioto River," Boyer told the health board. "And then we permit a condition like this to exist."

The dumping situation at the Red River Bridge was not the only one with which the board of health was confronted yesterday.

Wayne Twp. trustees were on hand asking that trash haulers be prohibited from dumping along an open ditch on the William Barthelmas farm where there is a dump.

The board passed a resolution authorizing Blaney to halt the operation. Harold Struckman asked that George Giffin be forced to stop dumping trash in the canal.

However, Blaney informed the board that Giffin's operation seemed to be one of the better and most sanitary landfills in the county. Giffin had closed the end of the canal with brick and fill dirt, and told the board the other end would be sealed in a like manner. He dumps from five to six loads of dirt every week on the trash fill.

Presumably, Johnson also wanted to put his position in a form as agreeable as possible to domestic and foreign critics.

Recently at the United Nations General Assembly several speakers have called for an end to the bombing in the hope that Ho would then be willing, perhaps in three or four weeks, to enter into discussions that would lead to a peace settlement.

The most dramatic statement in Johnson's speech was his declaration he was "ready to talk tomorrow" with the North Vietnamese leader or to send Secretary of State Dean Rusk to meet the North Vietnamese foreign minister if there was a willingness on the other side to begin negotiations in good faith.

Diplomatic officials said actually that if and when talks can be arranged, they will almost certainly begin in secret and at a much lower level than that of president or foreign minister.

North Vietnamese leaders have been saying for many

months that if the United States ended the bombing unconditionally—or sometimes they say definitively and unconditionally—there "could" be talks.

In London last February, Soviet Premier Alexei N. Kosygin commented publicly that if the United States ended the air raids unconditionally "it would be possible" to have discussions with North Vietnam. He was reported to have sent word to Johnson that such talks could start three or four weeks after the bombing ended.

Johnson said the North Vietnamese still believe they can win their struggle to take over South Vietnam because they "hope that the people of the United States will not see the struggle through to the end."

High Washington officials have said privately in the last few days Hanoi has given no indication through secret diplomatic channels of an interest in opening peace talks.

Persons familiar with the planning of the President's speech said it was intended to make his policy on halting the bombing and starting talks as acceptable as possible to Ho Chi Minh if the Communist leader is in any mood to respond at this time.

LBJ Seen Trying To Soften Policy

By JOHN M. HIGHTOWER
AP Special Correspondent

WASHINGTON (AP) — President Johnson's offer to stop U.S. bombing of North Vietnam if that action would lead promptly to "productive discussions" is evidently designed to soften the wording of his policy without actually changing it.

Johnson held little hope, however, in his speech in San Antonio, Tex., Friday night that President Ho Chi Minh of North Vietnam would take up the offer.

Johnson said the North Vietnamese still believe they can win their struggle to take over South Vietnam because they "hope that the people of the United States will not see the struggle through to the end."

High Washington officials have said privately in the last few days Hanoi has given no indication through secret diplomatic channels of an interest in opening peace talks.

Persons familiar with the planning of the President's speech said it was intended to make his policy on halting the bombing and starting talks as acceptable as possible to Ho Chi Minh if the Communist leader is in any mood to respond at this time.

One Condition: Must Lead to Effective Talks

SAN ANTONIO, Tex. (AP) — President Johnson has offered to stop bombing North Vietnam on only one stated condition: That it "lead promptly to productive discussions" aimed at a peaceful settlement of the war.

Reviewing Vietnam policy for a bipartisan gathering here — and for a nationwide television-radio audience—Johnson adopted language Friday night that sounded conciliatory, but did not weaken his expressed determination to see the war through to an acceptable ending.

Thus, in talking about a possible bombing halt, he said:

"We of course assume that while discussions proceed, North Vietnam would not take advantage of the bombing cessation or limitation."

This rather vague phrasing, when contrasted with some earlier U.S. demands for a promise by Hanoi to scale down its side of the war in order to gain respite from American bombs, seemed more flexible.

One administration source said the softer language was not accidental; that the government—in both public and private messages to Hanoi—has been probing for a formula that would get talks started.

But he suggested that Johnson's "we assume" statement amounted to putting Hanoi on notice once again that the United States would expect something more than talks if it were to stop the bombing.

The source said U.S. policy thus remains basically unchanged.

Certainly Johnson held out no hope of an early solution. He reminded his frequently applauding listeners that "Hanoi has not accepted any of these proposals" for peace talks in the past.

But the Chief Executive emphasized that "we and our South Vietnamese allies are wholly prepared to negotiate now." He said: "I am ready to talk with Ho Chi Minh and other chiefs of state concerned tomorrow."

"I am ready to have Secretary Rusk meet with their foreign minister tomorrow."

"I am ready to send a trusted representative to any spot on this earth to talk in public or

Traffic Deaths Start To Mount

By THE ASSOCIATED PRESS

Ohio's weekend traffic fatalities began to mount above the normal rate in the early hours Saturday, boosted in part by a double death accident in Tuscarawas County. At least seven had died in crashes.

Earlier, a Columbus area boy riding a bicycle without a reflector, and a Washington County youth wearing dark clothing as he walked along a highway were counted among the state's first traffic victims Friday night.

The weekend deaths:

Friday night
Thomas Billinsley, 14, Columbus, when his bicycle was hit by a car on Williams Road in Columbus.

Douglas David Way, 11, Vinton, hit as he walked along Ohio 76 near Barlow in Washington County.

Donald Wolf, 25, Nelsonville, when the car in which he was riding apparently ran off Ohio 278 north of Zaleski in Vinton County.

Saturday
A 14-year-old boy from near Spring Lake today after the boy's body was found here Friday. Police identified the boy as John O. Evans and said they found a 12-gauge shotgun lying next to his body. The Kenton County coroner had not ruled on what caused his death and ordered an autopsy. There was a small wound on the boy's head.

Pope Extends Aid to Thant In Move for World Peace

UNITED NATIONS, N.Y. (AP) — Pope Paul VI has added his voice to calls by the United States and some small nations for active U.N. efforts to end

the war in Vietnam. But the Soviet Union and France are opposed.

A letter from the Vatican made public here Friday, said the pontiff offered to assist Secretary-General U Thant in working to halt the conflict. The letter expressed hope that the present General Assembly would help find a solution and spoke of "new initiatives" for peace.

A high Vatican source noted, however, that the Soviet Union has announced, since the letter was sent Sept. 22, plans to give North Vietnam more military aid. U.N. diplomats and Secretary of State Dean Rusk said they had heard of no new peace initiatives.

Vietnam is not on the assembly's agenda but it has dominated the general policy debate, which on Friday completed its second week. The message from the spiritual leader of the world's more than 500 million Roman Catholics was believed certain to give a boost to the pressure for a U.N. role in Vietnam peace moves.

U.S. Ambassador Arthur J. Goldberg gave the idea impetus last week, declaring in his policy speech that the United States "continues to seek active participation of the United Nations" in the search for a Vietnam settlement.

Soviet Foreign Minister Andrei A. Gromyko brushed off Goldberg's plea with the retort that "peace can be brought about in Vietnam only as a result of the withdrawal of the aggressors."

French Foreign Minister Maurice Couve de Murville asserted in his policy speech that it would be "quite illusory" to place the Vietnam issue before the United Nations, contending that responsibility rests with the United States.

But many small nations said the United Nations should make the war its business even though the two Vietnams are not U.N. members.

Belgian Foreign Minister Pierre Harmel assailed those governments who contend the world organization is not qualified to deal with the issue.

Japanese Foreign Minister Takeo Miki suggested that the countries of the world stop arguing over which side is right in Vietnam and join in a call on the combatants to move to the conference table.

Guilty in Prostitution

ELYRIA, Ohio (AP)—A 25-year-old Lorain man has been found guilty of four charges involving prostitution by a 15-year-old girl at the Antlers Hotel where he lived. The Lorain County Common Pleas Court jury of six men and six women deliberated two hours before returning the verdict Friday evening. Sentencing of the defendant, Fred Atkinson, was deferred until Wednesday by Judge Henry P. Webber.

HHH Predicts Peace—Slowly

COLUMBUS, Ohio (AP) — Vice President Hubert H. Humphrey wound up a two-day visit to Ohio Friday, saying world peace is "the basic issue of our time."

"Real peace will not come dramatically or all at once, but slowly through careful negotiation and mutual cooperation from strength and restraint," he told the annual convention here of the Federated Democratic Women of Ohio.

Humphrey described peace as "so elusive, so necessary, so critically important to us and our children," but said it "will not come by wishfulness or instantly."

Humphrey called the Vietnam war "costly, painful and tragic," but said the United States must continue "paying a terrible price" in hopes of attaining world peace.

The vice president, who spent Thursday in Cincinnati, also met here Friday with a group of Central Ohio businessmen. He called on them to help equal employment opportunity through the Plans for Progress drive of which Humphrey is honorary chairman.

Two Beatles Vow Reformed Life

LONDON (AP) — Two of the Beatles say they have given up drug-taking and, as converts to "transcendental meditation," believe in reincarnation.

John Lennon, leader of the musical quartet, and George Harrison gave their views in a television interview.

Of drug-taking, Lennon said, "It had done all it could for us. There was no going any further." He did not mention any specific drugs.

"Buddha was a groove, Jesus was all right," Lennon said.

"Life and death are still only relative to thought," said Harrison. "I believe in rebirth. You keep coming back until you have got it straight."

"The ultimate thing is to manifest divinity and become one with the Creator."

IF YOU were anticipating setting your clock back an hour this weekend, forget it . . . There have been several queries directed at The Herald concerning the switchover from Daylight Savings Time to Eastern Standard Time. . . . The change is scheduled to take place at 2 a. m. Oct. 29, so that extra hour of sleep in the morning is still a month away.

Texans Brace For Floodcrest

BROWNSVILLE, Tex. (AP) — The Rio Grande, which left destruction and human misery in its wake, hurled its floodwaters today at the mouth of the Gulf of Mexico where the trouble began 10 days ago when Hurricane Beulah hit.

The river was at flood stage in the Rio Grande Valley from Rio Grande City eastward for almost 200 miles, although it was receding in some spots.

The 153,000 residents of the Brownsville, Tex.-Matamoros, Mexico area at the Rio Grande's mouth braced for the floodcrest, expected sometime today.

Flood stage is 18 feet at Brownsville. The Weather Bureau said the river had reached 16.58 feet early today.

Upstream, residents began returning to their silt-covered homes in the beginning of a massive cleanup.

In the Harlingen area streets were covered with one to five inches of silt and mud. Landscaped yards were mud pits. Some houses that cost up to \$65,000 had been filled with water up to the roof. Residents with brooms and mops were hard at work making their homes fit for habitation.

Only a few homes remained flooded in the extreme south-west portion of Harlingen where the Arroyo Colorado went on a tear after Beulah dumped heavy rain on the area.

The International Boundary and Water Commission warned residents between the banks and the levees at Brownsville to flee if water spills over the main channel.

The Weather Bureau was having difficulty estimating progress of the Rio Grande's crest because Mexican authorities were diverting unknown quantities of water into canals between Progresso, Mexico and Brownsville.

Nab Prison Escapee

MOUNT VERNON, Ohio (AP) — Burl Pyles, 27, Cleveland, who escaped Monday from the Knox County Jail, was captured Friday in a laundry here.

Pyles and Robert Shaum, 13, Mansfield, fled the jail by drilling through a 13-inch hole in a two-foot thick wall. Shaum was captured Thursday in Mansfield.

Asked about the chances of retired U. S. Air Force Gen. Curtis E. LeMay, a native Ohioan being boosted for the GOP Presidential nomination, Ford said LeMay "would probably get a great deal of support" at the Republican National Convention.

Senate Republican Leader Everett M. Dirksen found the speech forthright and saw in it an open invitation to Hanoi to negotiate—but only with reciprocal guarantees.

So Deutsch, 52, a textile manufacturer, sat three hours and 15 minutes until the day shift of workers began to arrive Friday. Three companies of firemen finally pulled him to safety.

Speech Seems Destined for Hanoi Brushoff

Congressional Leaders Express Mixed Reactions

WASHINGTON (AP) — President Johnson's latest enunciation of his Vietnam policy drew an apparent advance brushoff from Hanoi and mixed comment from Congress.

Even before the President spoke Friday night, offering to halt U.S. bombing of North Vietnam in return for prompt, "productive discussions," a high-ranking North Vietnamese official appeared to be turning thumbs down to such a proposal.

Vice Premier Le Thanh Nghi said in Peking that the United States "must unconditionally halt its bombing and other war acts against the Democratic Republic of Vietnam once and for all," withdraw its forces from South Vietnam and recognize the Viet Cong as "the sole genuine representative of the people of South Vietnam."

Nghi's speech, reported by the New China News Agency and monitored in Tokyo, clashed specifically with Johnson's later assertion in his San Antonio, Tex., speech that the United States would "assume" that during any bombing halt the North Vietnamese would reciprocate by a military slowdown.

Congressional backers of the President's war policies applauded his speech while opponents rapped it.

And House Republican Leader Gerald R. Ford, hinting at an issue the GOP is expected to hit hard should Johnson seek reelection, appeared unconvinced the President spoke the whole truth.

Speaking to newsmen in Lancaster, Ohio, where he was attending a testimonial, Ford said he hoped Johnson was telling the public "the absolute truth about the many efforts the administration has made in seeking some accord with the North Vietnamese and Viet Cong."

The GOP leader said he would support a halt in bombing—but only if the North Vietnamese and Viet Cong scaled down their military activities.

Chairman John Stennis, D-Miss., of the Senate preparedness subcommittee, who has called for even stiffer U.S. bombing attacks on North Vietnam, said Johnson's speech was a lucid and proper description of the nation's posture.

But Sen. Vance Hartke, D-Ind., a critic of administration policy, called the speech "only more of the same." He said domestic issues deserved priority over Vietnam.

Senate Republican Leader Everett M. Dirksen found the speech forthright and saw in it an open invitation to Hanoi to negotiate—but only with reciprocal guarantees.

Long Coffee Break

LOS ANGELES (AP) — Meyer Deutsch decided at 4 a. m. to take a coffee break. The elevator jammed after leaving the fourth floor.

So Deutsch, 52, a textile manufacturer, sat three hours and 15 minutes until the day shift of workers began to arrive Friday. Three companies of firemen finally pulled him to safety.

9 MORE DAYS

PICKAWAY COUNTY COMMUNITY FUND

Saving Immature Corn

When the moisture content in the grain of developing corn falls to 35 per cent, transfer of nutrients to the ear stops. The corn has reached maturity. Some corn hybrids may still have green leaves and snappy stalks, others may be dead and the stalks relatively dry. Therefore greenness of fodder is a poor indicator of maturity. Ear development alone indicates whether or not the corn is mature.

In a normal season, the grain of an adapted hybrid should have a moisture content between 20 and 30 per cent when the first frost occurs. Within a few days thereafter, the normal corn crop is safe to crib.

The delay of the spring planting season and excessive rainfall has retarded the development and ripening processes of some corn, particularly the late plantings. Since frost has occurred in some areas some fields of corn will have a grain moisture content above 35 per cent.

Available equipment and livestock will largely determine the best harvesting method and use to be made of the crop on a given farm.

ENSILING immature corn is one of the best methods of salvaging the crop. When corn is in the "roasting ear" stage, about half the total feeding value is in the stalks and leaves.

On a dry matter basis, the silage is just as good, pound for pound, as that from mature corn. However, a ton of silage from immature corn may contain 15 to 20 per cent less dry matter than a ton from mature corn.

With a large acreage of immature corn, it may be advantageous to use only the jerked ears for silage. If this is done, the ears should be cut into 1/2 to 3/4 inch pieces and the silage packed well. Some additional water may be required at filling time to bring the moisture content to the safe minimum of 60 percent. Trench silos can easily be made and used with satisfaction on many farms to make additional silage this year.

Feed directly from the field. Farmers who cannot make silage can feed the immature ears directly to livestock. Due to the higher moisture content in the soft ears, one fourth to one-half more must be fed to equal the feeding value of sound crib corn. Care should be taken to avoid abrupt changes from dry grain to sappy corn. If the corn is moldy, it should not be fed to horses or sheep.

Hogging off is safe satisfactory. Accustom the animals to immature corn by hand feeding for 10 to 14 days before turning them into a field of it. To prevent excessive spoilage of partially eaten ears of corn left on the ground during wet weather, the hogs should not have access to more corn than they will consume in one week's time. Access in the field to a self-feeder containing dry protein supplement is advisable.

Cribbing with added ventilation will be required to save corn with a high moisture content. Adding 1 pound of salt to each 100 pounds of corn cribbed and the screening out of shelled corn when mechanical unloaders are used, aids in preventing molding.

Temporary picket cribs, if used, should be made not more than 5 or 6 feet in diameter unless cross ventilation within the crib is provided. Such cribs should have temporary floors to keep the corn off the ground and roofs to keep off the rain. Cribs placed in exposed locations receive ventilating benefit from prevailing winds.

If frost does not strike until corn is mature (35 per cent or less moisture in the kernels) it causes no reduction in yield. However, kernel development is only 50 per cent completed when the ears are in the late milk stage, 70 to 75 per cent in the soft dough and 90 per cent in the hard dough. This does not mean that corn frosted at these stages will suffer corresponding losses in yield because there is considerable translocation of sugar from the stalk to the ear even after corn is badly frosted or cut and shocked.

If grain is the objective, rather than silage, corn in the soft dough stage (which means the ears are only 70 to 75 per cent developed) will make that percentage of maximum possible yield if the ears are harvested and immediately dried. If, on the contrary, they are permitted to remain uncut on the green stalks an additional 10 to 15 per cent in dry ear weight can be expected. The actual net yield loss is then about 15 per cent instead of 25 to 30 per cent. If hard freezes do not kill the main stalk too soon after the leaves are frosted, corn that is in the late milk stage (kernels 50 per cent developed) will translocate sugar into the ear to continue the kernel development though not complete it.

Effective Control of Grass Weeds

Perennial grasses are those which come back from roots or stems each year. Most lawn grasses are perennials but several perennial grasses are objectionable in lawns says Edward Stroup, Extension Agronomist, the Ohio State University.

Studies at the Ohio Agricultural Research and Development Center (OARDC), Wooster, show that unwanted perennial grasses can be eliminated or controlled, he says. For example, nimblewill is a summer grass which is quite troublesome in central and southern Ohio. This grass is brown and dead in appearance from October through April. Spots of it give a bare appearance to the lawn in the fall, winter and spring. In summer it is much like bentgrass.

Sparse infestations of nimblewill can be fairly well controlled by hand removal. The pest can also be killed by spot treating with herbicides as kerosene, dalapon, ammonium sulfamate (Ammate), amitrole, and amitrole-T if applied at rather high concentrations.

These chemicals will kill your lawn grass, too, but all except Ammate will permit growth of lawn grasses into spaces left by the weeds within a few weeks after treatment.

Other perennials often found in lawns are tall fescue, velvetgrass, orchardgrass and quackgrass. Methods of control and chemicals to use are the same as for nimblewill.

4-H Club News

TRAIL BLAZERS 4-H CLUB

The Trail Blazers 4-H club enjoyed a wiener roast and short meeting on Sunday Sept. 24. The club met at the home of Gail Hovis on Walnut Creek Pike. Football and hiking were enjoyed prior to eating and the meeting.

Future meetings were discussed. In October the club plans a Halloween Party and meeting at Perrill's. In November it is hoped that the Upjohn Company film on "Parasites in Horses" can be shown to acquaint the members with the causes and treatment of this type disease.

A large number of members and guests were in attendance.

Historic Letter Sold

NEW YORK (AP) — A letter written by George Washington has been sold for \$25,000—a sum equal to the annual salary Washington earned as the nation's first president.

The four-page letter was written in Philadelphia on July 21, 1793 to the governor of Virginia, Gen. Henry "Lighthorse Harry" Lee, an old comrade of Washington's.

In it he discussed his concept of the presidency and its critics, noting particularly the "arrows of malevolence" aimed at himself by various "discontented characters."

The letter was sold at auction Thursday by Charles Hamilton Autographs, Inc., to a Philadelphia bookshop, Charles Sessler, Inc.

Effective Mosquito Control Requires Community Effort

By GEORGE HAMRICK
County Extension Agent,
Agriculture

Some areas of Ohio have experienced abnormally high populations of mosquitoes this year, reports Dr. Roy W. Rings, acting chairman of the department of zoology and entomology at the Ohio Agricultural Research and Development Center. For example, one marsh near Salem in Columbiana County produced a staggering population of mosquitoes estimated at 85 million insects in one mid-August emergence.

Mosquitoes not only make outdoor life intolerable during summer and fall, but also pose a serious threat to human health. Four cases, one fatal, of mosquito spread encephalitis have been reported this year in Ohio.

Dr. Rings, speaking at the annual convention of Ohio's county health commissioners, emphasized that the only way to wage successful mosquito control is through community-wide campaigns.

"Some species of mosquitoes may fly for 10 or 20 miles. They drift on air currents to reinfest areas treated daily by individuals. A community control program is the only dependable means of combating the pests," said Rings.

ADDITIONAL benefits from community mosquito control programs, according to Rings, include improved real estate values and reclamation of valuable land resulting from drainage and filling of mosquito breeding areas.

Community mosquito control programs are authorized under the Ohio Revised Code which provides for the establishment of sanitary districts. Currently, only one such district has been organized in Ohio. The Toledo Area Sanitary District is responsible for control of mosquitoes in an area of 150 square miles. Rings believes the Toledo District could serve as a model for other Ohio communities.

Who pays for a community mosquito control program? While it may be possible to obtain emergency funds from the state, it is usually necessary to finance control programs locally, normally from tax revenue.

First step in setting up a community program of control is to organize with the help of legal counsel. Then, the area involved should be carefully surveyed, mapping every potential mosquito breeding area within the district. These include marshes, pools, swamps, and temporary rain and flood water pools.

Help in establishing a control program is also available from the Unit of Entomology and Economic Zoology, the Cooperative Extension Service, the

Ohio State University, Columbus, Ohio.

When a full-scale control program is not possible, a community may want to either purchase a truck-mounted mist blower or enlist the services of a local pest control operator on an emergency basis.

UNTIL community-wide control can be initiated individuals can take steps which will provide some measure of protection or control in their area.

Rings suggests the following steps for mosquito control by individuals:

1. Drainage or treatment of all standing water on their property.

2. Use of a repellent in a mosquito-infested area may help protect an individual. Ring says, liquid, cream, spray, or foam formulations are available. Repellents containing the chemical diethyltoluamide are most effective.

3. In the home, use aerosol insect sprays containing pyrethrum or pyrethrins as the active ingredient. Follow label instructions.

4. Populations of mosquito adults may be reduced with a residual spray on tall grass, dense shrubbery, and in crawl spaces. Methoxychlor, carbaryl, or malathion are recommended.

5. Mosquito-proof the home by sealing small cracks around screens and doorways. Make sure screen doors close rapidly and securely.

Beat Tremendous Odds

ALBUQUERQUE, N.M. (AP) — An Albuquerque woman and her two daughters have hit on a 135,225 to 1 long shot, according to University of New Mexico math professor Judah Rosenblatt.

The birthday of Constance Keeley of Albuquerque, who with her husband owns an Albuquerque motel, is Sept. 26. They have two daughters. One daughter, Mrs. Ronald Ferrell of Torrance, Calif., gave birth to a baby girl on Sept. 26, 1966.

The other daughter, Mrs. Carl Sansone of Melrose Park, Ill., gave birth to a baby girl Tuesday—Sept. 26.

Town Puts Stop-Stop To Go-Go Shows

MANITOU SPRINGS, Colo. (AP) — Seventy-year-old Mayor Mabel Willie allowed Thursday that go-go girls in floor-length Victorian dresses are better than go-go girls in go-go girl costumes.

But as far as she's concerned, the best kind of go-go girls are the gone kind. "We're too small a city to have all that come in here," she said. Manitou Springs has about 3,600 residents.

Mayor Willie raided one tavern Sunday night and put a stop-stop to the go-go show. She claimed the three girls' costumes were too skimpy.

So, tavern owner Charles J. Murphy decked his dancers out in Gay 90's costumes Wednesday night but the girls raised their hemlines to show the red garters above their knees. "Oh dear," said Mayor Willie, but the show went on.

don't fit?...

How about
your Cattle
Rations?...

Measure Purina Steer Fatena ...they're built-to-fit

Like most people, you buy your clothes to fit. But how about feed you give your cattle? Does it properly fit their needs and fit your grain and roughage combination?

If not, then we've got just what you need. It's the new line-up of Purina Special Steer Fatenas. Each of the new Fatenas is "built-to-fit" a different grain and roughage combination and a certain size of cattle.

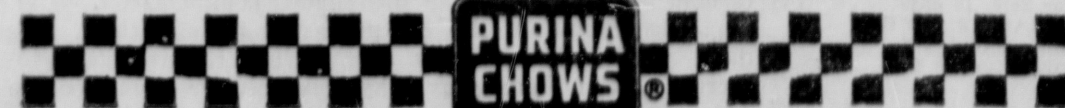

And we're not giving you a lot of chin-music either. At the Purina Research farm, these new supplements set all-time feedlot performance records. Test cattle fed the new Special Steer Fatena gained 6% faster on 10% less feed! That extra performance was worth \$11.40 more per steer on a \$20 cattle market with 700 lb. yearlings fed 120 days!

Yes, we've got a new Special Steer Fatena that's "built-to-fit" your cattle, your grain, and your roughages. So whether you bunk feed or self-feed your cattle, see us to find out which of these new supplements is built to help step up your feeding efficiency. You'll find us where you see the Checkerboard sign.

Home Agent Tips

By Marjorie Kaiser

Home Economics Agent

Since food is the largest single expenditure most families make, it's natural to be concerned about how much you spend for food. You're probably also concerned with getting the most return for your money spent, in other words making "good food buys".

Miss Lois Simonds, Extension Consumer Food Marketing Specialist at The Ohio State University, suggests the following buying tips.

Use the four basic food groups. Learn basic nutrition facts about what foods and what amounts are needed each day. Also "know what you eat" and find out which foods may be interchanged due to price, supply, or family likes.

Plan food buying. The first step in planning is preparing a shopping list. This saves you both time and money while shopping, says Miss Simonds.

Read the food ads. Compare newspaper ads from various stores and also compare notes with your neighbor. The prices are usually prominent but remember to read the descriptive terms in smaller print also.

Buy foods in season. Price, supply, and quality of the fresh item are usually most favorable at the peak of the fresh marketing season. You'll find some seasonal pattern in canned and frozen foods, also. Usually the time of lowest prices is just before, during, and after the packing season.

Take advantage of specials. Specials can save you money, especially those on meats which is the most often featured item in the grocery store. Take advantage of these sales because meat accounts for about one-third of the family's weekly food bill. For example, chuck roast often featured may save the homemaker 16-17 cents a pound.

Select quality for use. Buy food for the intended use. For example, it's foolish to buy perfect canned peach halves for peach cobbler when broken pieces or slices at a lower price would serve you as well or better.

Compare cost per serving. Because different foods have different amounts of waste, the cost per serving is a more accurate guide to food costs than the retail price. Knowing how much each family member eats, you can tell how many servings of food will be needed.

Read labels. You may find that buying by brand is the best guide to quality. Much information is required on the label by the Food and Drug Administration and this helps you

get exactly what you want for your money.

Keep informed. Read, look, and listen to learn more about food buying. Radio, TV, newspapers, and various activities in your Extension program can give you leads on prices, items in plentiful or seasonal supply, specials, and timely menu suggestions to help you select "good food buys".

What the consumer wants to know and which problems are of widest concern is of interest to all who speak for and to the consumer.

A quick look at the ten USDA publications most frequently requested shed some light on problems consumers want help on.

"Family Fare" has headed the list for a number of years. Food for survival, money-saving dishes, food for fitness, buying foods by USDA grades, food and weight were other subjects showing high interest ratings.

Here's the popularity score for the top ten selections for the fiscal year 1968: "Family Fare, Food Management and Recipes" 733,480, "Family Food Stockpile for Survival" 298,958, "Money-Saving Main Dishes" 277,078, "Removing Stains from Fabrics — Home Methods" 241,240, "Food for Fitness" 229,169, "How To Use USDA Grades in Buying Foods" 209,198, "Defense Against Radioactive Fallout on the Farm" 185,086, "Food and Your Weight" 162,416, "Consumer's Quick Credit Guide" 153,429, "Home Freezing of Fruits and Vegetables" 139,147. Total, 2,629,201.

You may obtain copies of these bulletins from the Cooperative Extension Service at 137 W. Franklin Street, Circleville.

Tries To Sell Child

EL PASO, Tex. (AP) — Sentencing has been deferred until Oct. 9 for Richard Q. Eggleston and his wife, Laura, after they were found guilty Thursday in El Paso County Court for attempting to sell their infant son.

County Court Judge George Rodriguez said the couple signed an application for probation after the bench trial.

Testimony revealed that the couple attempted to sell the 2-week-old baby boy to a waitress for \$100.

Penalty for the misdemeanor is from 3 months to 1 year in jail.

Saving Immature Corn

When the moisture content in the grain of developing corn falls to 35 per cent, transfer of nutrients to the ear stops. The corn has reached maturity. Some corn hybrids may still have green leaves and snappy stalks, others may be dead and the stalks relatively dry. Therefore greenness of fodder is a poor indicator of maturity. Ear development alone indicates whether or not the corn is mature.

In a normal season, the grain of an adapted hybrid should have a moisture content between 20 and 30 per cent when the first frost occurs. Within a few days thereafter, the normal corn crop is safe to crib.

The delay of the spring planting season and excessive rainfall has retarded the development and ripening processes of some corn, particularly the late plantings. Since frost has occurred in some areas some fields of corn will have a grain moisture content above 35 per cent.

Available equipment and livestock will largely determine the best harvesting method and use to be made of the crop on a given farm.

ENSILING immature corn is one of the best methods of salvaging the crop. When corn is in the "roasting ear" stage, about half the total feeding value is in the stalks and leaves.

On a dry matter basis, the silage is just as good, pound for pound, as that from mature corn. However, a ton of silage from immature corn may contain 15 to 20 per cent less dry matter than a ton from mature corn.

With a large acreage of immature corn, it may be advantageous to use only the jerked ears for silage. If this is done, the ears should be cut into 1/2 to 3/4 inch pieces and the silage packed well. Some additional water may be required at filling time to bring the moisture content to the safe minimum of 60 percent. Trench silos can easily be made and used with satisfaction on many farms to make additional silage this year.

Feed directly from the field. Farmers who cannot make silage can feed the immature ears directly to livestock. Due to the higher moisture content in the soft ears, one fourth to one-half more must be fed to equal the feeding value of sound crib corn. Care should be taken to avoid abrupt changes from dry grain to sappy corn. If the corn is moldy, it should not be fed to horses or sheep.

Hogging off is safe satisfactory. Accustom the animals to immature corn by hand feeding for 10 to 14 days before turning them into a field of it. To prevent excessive spoilage of partly eaten ears of corn left on the ground during wet weather, the hogs should not have access to more corn than they will consume in one week's time. Access in the field to a self-feeder containing dry protein supplement is advisable.

Cribbing with added ventilation will be required to save corn with a high moisture content. Adding 1 pound of salt to each 100 pounds of corn cribbed and the screening out of shelled corn when mechanical unloaders are used, aids in preventing molding.

Temporary picket cribs, if used, should be made not more than 5 or 6 feet in diameter unless cross ventilation within the crib is provided. Such cribs should have temporary floors to keep the corn off the ground and roofs to keep off the rain. Cribs placed in exposed locations receive ventilating benefit from prevailing winds.

If frost does not strike until corn is mature (35 per cent or less moisture in the kernels) it causes no reduction in yield. However, kernel development is only 50 per cent completed when the ears are in the late milk stage, 70 to 75 per cent in the soft dough and 90 per cent in the hard dough. This does not mean that corn frosted at these stages will suffer corresponding losses in yield because there is considerable translocation of sugar from the stalk to the ear even after corn is badly frosted or cut and shocked.

If grain is the objective, rather than silage, corn in the soft dough stage (which means the ears are only 70 to 75 per cent developed) will make that percentage of maximum possible yield if the ears are harvested and immediately dried. If, on the contrary, they are permitted to remain uncut on the green stalks an additional 10 to 15 per cent in dry ear weight can be expected. The actual net yield loss is then about 15 per cent instead of 25 to 30 per cent. If hard freezes do not kill the main stalk too soon after the leaves are frosted, corn that is in the late milk stage (kernels 50 per cent developed) will translocate sugar into the ear to continue the kernel development though not complete it.

Effective Control of Grass Weeds

Perennial grasses are those which come back from roots or stems each year. Most lawn grasses are perennials but several perennial grasses are objectionable in lawns says Edward Stroup, Extension Agronomist, The Ohio State University.

Studies at the Ohio Agricultural Research and Development Center (OARDC), Wooster, show that unwanted perennial grasses can be eliminated or controlled, he says. For example, nimblewill is a summer grass which is quite troublesome in central and southern Ohio. This grass is brown and dead in appearance from October through April. Spots of it give a bare appearance to the lawn in the fall, winter and spring. In summer it is much like bentgrass.

Sparse infestations of nimblewill can be fairly well controlled by hand removal. The pest can also be killed by spot treating with herbicides as kerosene, dalapon, ammonium sulfamate (Ammate), amitrole, and amitrole-T if applied at rather high concentrations.

These chemicals will kill your lawn grass, too, but all except Ammate will permit growth of lawn grasses into spaces left by the weeds within a few weeks after treatment.

Other perennials often found in lawns are tall fescue, velvetgrass, orchardgrass and quackgrass. Methods of control and chemicals to use are the same as for nimblewill.

4-H Club News

TRAIL BLAZERS 4-H CLUB
The Trail Blazers 4-H Club enjoyed a winter roast and short meeting on Sunday Sept. 24. The club met at the home of Gail Hovis on Walnut Creek Pike. Football and hiking were enjoyed prior to eating and the meeting.

Future meetings were discussed. In October the club plans a Halloween Party and meeting at Perrill's. In November it is hoped that the Upton Company film on "Parasites in Horses" can be shown to acquaint the members with the causes and treatment of this type disease. A large number of members and guests were in attendance.

Historic Letter Sold

NEW YORK (AP) — A letter written by George Washington has been sold for \$25,000—a sum equal to the annual salary Washington earned as the nation's first president.

The four-page letter was written in Philadelphia on July 21, 1793 to the governor of Virginia, Gen. Henry "Lighthorse Harry" Lee, an old comrade of Washington's.

In it he discussed his concept of the presidency and its critics, noting particularly the "arrows of malevolence" aimed at himself by various "discontented characters."

The letter was sold at auction Thursday by Charles Hamilton Autographs, Inc., to a Philadelphia bookshop, Charles Sessler, Inc.

Effective Mosquito Control Requires Community Effort

By GEORGE HAMRICK
County Extension Agent,
Agriculture

Some areas of Ohio have experienced abnormally high populations of mosquitoes this year, reports Dr. Roy W. Rings, acting chairman of the department of zoology and entomology at the Ohio Agricultural Research and Development Center. For example, one marsh near Salem in Columbiana County produced a staggering population of mosquitoes estimated at 85 million insects in one mid-August emergence.

Mosquitoes not only make outdoor life intolerable during summer and fall, but also pose a serious threat to human health. Four cases, one fatal, of mosquito spread encephalitis have been reported this year in Ohio.

Dr. Rings, speaking at the annual convention of Ohio's county health commissioners, emphasized that the only way to wage successful mosquito control is through community-wide campaigns.

"Some species of mosquitoes may fly for 10 or 20 miles. They drift on air currents to reinfest areas treated daily by individuals. A community control program is the only dependable means of combating the pests," said Rings.

ADDITIONAL benefits from community mosquito control programs, according to Rings, include improved real estate values and reclamation of valuable land resulting from drainage and filling of mosquito breeding areas.

Community mosquito control programs are authorized under the Ohio Revised Code which provides for the establishment of sanitary districts. Currently, only one such district has been organized in Ohio. The Toledo Area Sanitary District is responsible for control of mosquitoes in an area of 150 square miles. Rings believes the Toledo District could serve as a model for other Ohio communities.

Who pays for a community mosquito control program? While it may be possible to obtain emergency funds from the state, it is usually necessary to finance control programs locally, normally from tax revenue.

First step in setting up a community program of control is to organize with the help of legal counsel. Then, the area involved should be carefully surveyed, mapping every potential mosquito breeding area within the district. These include marshes, pools, swamps, and temporary rain and flood water pools.

Help in establishing a control program is also available from the Unit of Entomology and Economic Zoology, the Cooperative Extension Service, the

Ohio State University, Columbus, Ohio.

When a full-scale control program is not possible, a community may want to either purchase a truck-mounted mist blower or enlist the services of a local pest control operator on an emergency basis.

UNTIL community-wide control can be initiated individuals can take steps which will provide some measure of protection or control in their area.

Rings suggests the following steps for mosquito control by individuals:

1. Drainage or treatment of all standing water on their property.

2. Use of a repellent in a mosquito-infested area may help protect an individual. Ring says, liquid, cream, spray, or foam formulations are available. Repellents containing the chemical diethyltoluamide are most effective.

3. In the home, use aerosol insect sprays containing pyrethrum or pyrethrins as the active ingredient. Follow label instructions.

4. Populations of mosquito adults may be reduced with a residual spray on tall grass, dense shrubbery, and in crawl spaces. Methoxychlor, carbaryl, or malathion are recommended.

5. Mosquito-proof the home by sealing small cracks around screens and doorways. Make sure screen doors close rapidly and securely.

Logan Elm Students Choose Class Officers, 1967-68

Logan Elm students chose class officers Wednesday, Sept. 20.

Senior class president Lewis Huber will be assisted by vice presidents Mike McFadden and

Mike Rittinger; Jo Ellen Smalley, secretary; Dale Jenne, treasurer; Nancy Wolford, Eddie Gifford, and Jeff Randle, sgts.-at-arms.

Junior class will be headed by Steve Alkire, president; Chuck West and Jack Jenkins, vice presidents; Linda Radabaugh, secretary; Dave Reichelderfer, treasurer, and Royce Woolever, Rick Lear, and Betty Lou Johnson, sgts.-at-arms.

Sophomore officers are Roger Evans, president; D. J. Humphrey and Rodney Riddle, vice presidents; Twana Moats, secretary, Greg Focuh, treasurer; Dan Ankrom, Bobbie Smith, and Jeff Jones, sgts.-at-arms.

Freshman leaders are Maria Hobbie, president; Suellen Rhoads and Bill Gearhart, vice presidents; Becky Henn, secretary; Teresa Wright, treasurer; and George Sparks, Keith Lands, and Richard Hansford, sgts.-at-arms.

Library Group Busy at LE

Logan Elm Library Association, members are busy getting the library ready for a new year.

Penny Smith and Melanie Dresbach have the job of book repair. In charge of cataloging are Lynette Justice and Sandra Frazier. Magazine shelves are kept up to date by Sally Webb. Sharon Noble association president Rick Lear read shelves.

Judy Ankrom, Patty Law, Nadine Hinton, Greg Crist, Ann Goode, Eddie Kreisel, Theresa Hughey or Linda Massie help in checking-out books. Jo Ellen Smalley keeps the record on all overdue books.

Nancy May, Lynn Fraunfelter and Cindy Valentine are responsible for the library display window.

MISS AMBER TERRY

Miss Terry LE Teacher Of the Week

Miss Amber Terry will be kept busy this year as newspaper adviser, bookstore operator, and cheerleader adviser; all in addition to her regular duties, of teaching typing, shorthand, and office practice at Logan Elm.

Miss Terry, a recent graduate of Ohio State University, lives on a farm 64 miles from Circleville, and commutes daily. But she thinks that it is worth it because "the students are great and the faculty is wonderful."

Miss Terry will not be "Miss" much longer. In December she will become Mrs. Jeff Bigam. Mr. Bigam is the assistant coach at Westfall High School.

How will they react when Logan Elm meets Westfall this year?

Miss Terry's wide ranging interests include cooking and journalism. All of the Braves will profit from her many interests and activities this year.

LE Juniors Select Oval Class Rings

Logan Elm junior class has broken tradition. Juniors have always chosen a square type ring before, but the class of '69 has demonstrated its individuality by selecting an oval shaped ring.

Students may select their rings in either white or yellow gold, with settings of aqua, pearl, red, black, or gold. The settings will be topped by the Logan Elm school crest.

Rings will be delivered sometime before Christmas by the Herff Jones Company.

SENATOR CRITICIZED — Sitting in his Washington office, Sen. Clifford P. Case, R-N.J., ran into a buzz saw of criticism from Senate leaders of both parties after he attacked President Johnson's conduct of the Vietnam war. The senator declared the trust of Congress and created a "crisis of confidence" by escalating the war in a way Congress never intended.

PTA News

SALT CREEK PTO

The organizational meeting of the Saltcreek PTO was held in the school gymnasium. New president Don Delong introduced George Seimer, vice president; Jackie Riddle, secretary; Don Minor, treasurer.

It was decided to continue with a room count. The teachers were each given \$25 to use for special needs of their classes. Dale Drake, principal, introduced the teachers for the coming year: Mrs. Lockard and Mrs. Notestone, grade 1; Mrs. Pollum, grade 2; Mrs. Eveland and Miss Mettler, grade 3; Miss Chilcote, grade 4; Mrs. West and Mrs. Stewart, grade 5; Mr. Williams, grade 6; Miss Bower, grade 7; Mr. Wiggins, grade 8; Remedial Reading, Mrs. Cox; Music, Mr. Williams. Secretary of the school is Mrs. Williams. John Henn executive head of the Logan Elm School District was introduced.

The Saltcreek Town and Country Club served a tea honoring the teachers.

In the fission of uranium, one-tenth of one per cent of the mass (weight) of the atom becomes energy when the atom is split.

Claims U.S. Reneged on Mid-East Vow

UNITED NATIONS, N.Y. (AP)—Egyptian Foreign Minister Mahmoud Riad charged Friday that since the Israeli-Arab war of last June, the United States has gone back on a commitment by President Johnson to support the territorial integrity of all Middle Eastern countries.

He said it had "adopted a position of alignment with Israel and hostility toward the Arab people."

He told the U.N. General Assembly that "the United States bears a special responsibility in this situation as a result of its political, military and economic actions."

Speaking in the 122-nation assembly's general policy debate, Riad said the assembly's first duty was to adopt "appropriate resolutions condemning Israeli aggression, securing the withdrawal of aggressive forces and providing compensation for the crimes and damages caused by the aggression."

Earlier, Albania delivered a bitter attack on the Soviet Union, charging that Premier Alexei N. Kosygin had worked out a detailed plan with President Johnson for a division of the world into spheres of influence.

Albanian Ambassador Halim Budo, generally recognized as the U.N. voice of Red China, accused the two big powers also of working out a conspiracy at the Glassboro, N.J., summit meeting "against Vietnam, the Near and Middle East and especially against the People's Republic of China."

THE NEW MRS. GORDON MacRAE, the former Mrs. Elizabeth Schrafft, looks a bit surprised at the camera in New York, and bridegroom Gordon just looks amused.

Beef Cattle Day Slated Oct. 4

By GEORGE HAMRICK
County Extension Agent, Agriculture

The latest results of Ohio research with beef cattle will be presented at Beef Cattle Day, Wednesday, Oct. 4, at the Eastern Ohio Resource Development Center in Noble County. The specialized field day will be held at EORDC Unit 1, two miles east of Belle Valley on State Route 215.

Scientists from the Ohio Agricultural Research and Development Center and Extension specialists from the Ohio State University will present research findings to visitors at special tour stops and in demonstration.

Three tours will be conducted simultaneously in the morning and afternoon so that visitors may hear all the research presentations. Registration begins at 9:30 a.m. and the tours begin at 10:15 a.m.

An effective and efficient system of cattle pens, corrals, and working facilities suitable for most beef producers has been developed and installed at the Center. EORDC manager Charles B. Boyles will describe construction details as visitors tour the facilities.

EXTENSION cooperative studies by animal scientists and agronomists have been underway to determine the best method of providing year-long grazing for beef cow herds. Research Center Agronomist R. W. Van Kesteren will explain the system of winter grazing that holds the most promise for southern Ohio beefmen.

Earle W. Klosterman, OARDC department of animal science, will review the findings and goals of beef cattle research underway at Wooster and the Eastern Ohio Resource Development Center.

Companion grazing of sheep with beef cattle holds promise for increased pasture utilization. This practice will be explained by Charles F. Parker, Research Center animal scientist.

A demonstration of various methods of cattle identification, including hot iron branding and the relatively new freeze-brand-

ing technique, will be conducted by Area Extension Agent Lorin G. Sanford and Richard O. Smith, Extension Animal Scientist.

Donald R. Redman, OARDC department of veterinary science will present the latest research findings in beef cattle disease prevention and control.

Other research to be reviewed includes artificial insemination of beef cows, beef sires used in research, and studies in beef breeding, feeding, and management.

OARDC Director Roy M. Kotman will officially welcome field day visitors and describe the current picture and future potential of Ohio beef production following a noon beef barbecue prepared and served by the Ohio State University Meat Laboratory and the school band members of Shenandoah, Ohio. Following the afternoon speaking program, tours will be repeated.

Beef Cattle Day is sponsored by the Ohio Agricultural Research and Development Center in cooperation with the Cooperative Extension service and the Ohio State University.

MRS. SUKARNO—Mrs. Ratna Sari Dewi Sukarno, Japanese wife of Indonesia's President Achmed Sukarno, holds her 6-month-old daughter Kartika Sari in New York, where she went for two-week visit.

Informant in Detroit Riots Threatened, Report Reveals

DETROIT (AP) — The Detroit News said today an informant who told the National Broadcasting Co. of an alleged conspiracy to "shoot and burn" in last July's Detroit rioting was shot and wounded by unknown assailants shortly after relating his story.

Eight bullets were fired from ambush near his home, the newspaper said, but only one struck the informant. He suffered a minor back wound and has since left Detroit, the News added. His identity has been withheld.

A report of the incident was never made to police apparently because the informant admitted in the filming of an NBC documentary that he was one of the snipers who had fired at National Guardsmen and police.

The latest development came on the heels of an admission of a Negro prisoner in the Wayne County jail that he was mistaken about the identity of an NBC spokesman who he claimed had coached him to tell of a conspiracy to kill whites in future civil disorders.

NBC denied the allegation by prisoner James Malone, 30, that he had been told what to say in preparation for a documentary aired Sept. 15.

The coaching claim was branded as a "purposeful attempt to discredit NBC and force it to divulge the true identity of another informant" by a Catholic seminarian who acted as a consultant to the television network while the documentary was being prepared.

The seminarian, Anthony Locricchio, is former program

director for the Detroit archdiocese's Opportunity Program. Locicchio said he believes Malone, who now says his correct name is James Wiggins, was lying.

Malone was quoted in the Detroit News Thursday as saying he was one of two "extremists" interviewed on the program, and that his statements at the time were false.

Malone alleged that he was coached for the TV appearance by newsmen Frank McGee, but an NBC spokesman said McGee "was not even in Detroit at the time of the filming."

One of the informants, Locricchio said, was shot "immediately after telling others he had been interviewed by NBC investigators about his part in the riot."

NBC said it interviewed a person named James Wiggins who it later discovered also went by the name of James Malone.

Informant in Detroit Riots Threatened, Report Reveals

DETROIT (AP) — The Detroit News said today an informant who told the National Broadcasting Co. of an alleged conspiracy to "shoot and burn" in last July's Detroit rioting was shot and wounded by unknown assailants shortly after relating his story.

Eight bullets were fired from ambush near his home, the newspaper said, but only one struck the informant. He suffered a minor back wound and has since left Detroit, the News added. His identity has been withheld.

A report of the incident was never made to police apparently because the informant admitted in the filming of an NBC documentary that he was one of the snipers who had fired at National Guardsmen and police.

The latest development came on the heels of an admission of a Negro prisoner in the Wayne County jail that he was mistaken about the identity of an NBC newsmen who he claimed had coached him to tell of a conspiracy to kill whites in future civil disorders.

NBC denied the allegation by prisoner James Malone, 30, that he had been told what to say in preparation for a documentary aired Sept. 15.

The coaching claim was branded as a "purposeful attempt to discredit NBC and force it to divulge the true identity of another informant" by a Catholic seminary who acted as a consultant to the television network while the documentary was being prepared.

The seminary, Anthony Loerichio, is former program

director for the Detroit archdiocese's Opportunity Program. Loerichio said he believes Malone, who now says his correct name is James Wiggins, was lying.

Malone was quoted in the Detroit News Thursday as saying he was one of two "extremists" interviewed on the program, and that his statements at the time were false.

Malone alleged that he was coached for the TV appearance by newsmen Frank McGee, but an NBC spokesman said McGee "was not even in Detroit at the time of the filming."

One of the informants, Loerichio said, was shot "immediately after telling others he had been interviewed by NBC investigators about his part in the riot."

NBC said it interviewed a person named James Wiggins who it later discovered also went by the name of James Malone.

Fading Privacy of Society

A dismaying picture of a society without privacy is projected by Prof. Alan F. Westin of Columbia University in a study commissioned by the Association of the Bar of the City of New York and financed by the Carnegie Corporation.

He is alarmed by the prospect of increased electronic eavesdropping by private persons and business men, as well as law enforcement officials. Endless opportunities for undetectable snooping are being afforded by small, low-cost devices, some of which can be sewn into the clothing of an unknown victim or even be implanted in his false teeth.

But Prof. Westin appears to be most concerned about the malign possibilities presented by accumulating stores of computerized information about individuals, available at the touch of a button.

Disagreeing with the Johnson administration, which wants all wiretapping forbidden except in national security cases, and then only with permission of the president, Prof. Westin concedes the

need for limited court-controlled espionage in criminal cases by state and federal law enforcement officials.

But he must have grave doubts about the wisdom of establishing an integrated system of federal, state and local statistics, as recommended a few weeks ago by a subcommittee of the congressional Joint Economic Committee. For he says in his book that the trend toward greatly increased storage of personal data in central data banks "represents by far the most serious threat to privacy in the coming decade."

The subcommittee was not disturbed about possible misuse of such data retrieval systems. Rather casually, it suggested the "difficulties" could be easily worked out. That it would not be quite so easy is shown by safeguards Prof. Westin, quite reasonably, regards as essential.

Even so, the disquieting suspicion persists that once these reservoirs of personal information have been set up, it would be impossible to prevent abuses, however strong the restraints.

'Inscrutable' Red Chinese

The inscrutable Oriental mind—assuredly a cliché—nevertheless aptly describes recent actions of the Communist Chinese. Foreign contacts with mainland China, both diplomatic and news, dwindle each passing day, and it becomes increasingly difficult to fathom what is behind it all.

Indonesia has ordered the withdrawal of its diplomatic mission and Cambodia has left only a clerk to look after its embassy in Peking. Burma withdrew its ambassador early this month.

The remaining six Japanese reporters and two Frenchmen are the only non-Communist correspondents still operating in China. A British Reuters man in Peking has been under house arrest since the middle of the summer.

West German, Scandinavian and Canadian correspondents technically are allowed in Peking, but they have moved out temporarily because of chaotic conditions. The Russians are down to three correspondents, and several Eastern European countries have cut back their news forces.

In one week the New China News agency put out articles condemning Burma, India, the Soviet Union, Britain, Italy and Ceylon and in recent weeks

Chinese citizens have caused disturbances in an Italian port, the British colony of Hong Kong, London, and along the border of the Indian protectorate of Sikkim. Chinese thugs also burned down the British embassy in Peking.

What is China's motive? What can she gain by alienating most of the rest of the world, communist and non-communist, that had been trying to ignore the Red Chinese odor? One theory is that the border violations and staged disturbances in other countries are designed to create a diversion from China's homefront problems.

This is always a possibility, and surely some of the uproar is manufactured for this reason. But one crisis at a time would seem to be enough even for the most serious domestic problems. Perhaps the cultural revolution has become unmanageable.

Whatever the real cause, the most populous country in the world is steadily reverting to its ancient inwardness, and increasingly the non-Chinese world is regarded with suspicion by the Red Chinese. The political future of Asia—and all the world now that China has nuclear weapons—grows more mysterious.

Laff-A-Day

"I know you hope to learn to drive quickly, but could you use a phrase other than 'crash course'?"

Try and Stop Me

By BENNETT CERF

ONE OF THE most unusual name changes on record, opines Cleveland Amory, was engineered by the renowned author-naturalist, Ernest Thompson Seton. He was born Ernest Seton Thompson, but when, on his twenty-first birthday his crusty father presented him with an itemized statement listing every minuscule expense involved in raising him, he vowed, "I'll pay back every penny of it—and then I'll change my name." And this is precisely what he did!

On one of his TV shows Steve Allen was earnestly extolling the virtues of a non-breakable chair made of processed glass. To demonstrate its indestructibility, he whacked the chair with a hammer. The chair promptly cracked in two. The audience howled with joy, but Allen, unabashed, got the last laugh with a casual, "Well, anyhow, this HAMMER is made of that glass!"

An Oklahoma oil billionaire turned up for a golf match dressed to kill, followed by a flunky pulling a foam-cushioned chaise longue behind him. "You're not going to make that poor caddy lug that couch after you for eighteen holes?" expostulated a member of the foursome. "Caddy nothing," explained the oil tycoon. "That's my psychiatrist."

Speaking of Your Health

By Lester L. Coleman, M.D.

When the blood vessels of the legs become narrowed because the lining develops calcium deposits, the possibility of trouble must be anticipated. The causes of atherosclerosis are suspected but not entirely known. Diet, and high cholesterol are on the list of offenders.

People who are particularly sensitive to tobacco are candidates for a severe circulatory condition called Buerger's disease. Technically this is known as thromboangiitis obliterans. As the name suggests, changes occur within the arteries that deprive the feet and legs of the normal flow of blood with its life-giving oxygen.

The prevention of these changes in the blood vessels is the real aim of scientific study. Until a method is found, treatment must now be aimed at opening the blood vessels.

Dr. Walter J. Pories and his co-workers at the Wright-Patterson Air Force Base, in Ohio, have been using a simple drug—zinc sulphate—in severely affected blood vessels. Twelve patients who were despairingly sick were treated for many months with this drug. It previously had been found that the metal zinc normally found in all healthy people was severely reduced in patients with atherosclerosis.

Eleven of the treated patients showed remarkable improvement. The skin temperature, taken with a very sensitive thermometer, is lower in those people with poor circulation. When the temperature becomes higher and the leg warmer, it means that more blood is coming through the arteries.

In eleven of the patients there was distinct temperature elevation of the legs and very definite improvement of circulation. Legs that might otherwise have been threatened by amputation were saved. These studies will continue and more information will be sought about the value of zinc as a form of treatment.

Few people really know the remarkable contributions made by the Medical Departments of the United States Armed Forces, both for their personnel and for civilians. Some of the greatest scientific advancements for civilian health have originated in the hospitals and laboratories

The Business World

By JOHN CUNIFF

NEW YORK (AP)—Scores of statistics now support the Johnson Administration's contention that the economy faces either higher taxes or a shambles, but that doesn't mean the President will get his tax increase.

Some other indicators still point the other way or are neutral. And the decision, when it is made, is liable to be based partly on political rather than wholly on economic grounds.

Nobody can deny, however, that the outpouring of economic grist this month has been favorable to the administration's side. Strength in personal incomes, home building, retail sales, stocks, employment lend support.

To these can be added great quantities of facts and figures from other areas of the economy: inventories have fallen, the average work week has risen, the help wanted ads are suddenly running extremely heavy.

But this does not mean that "every piece of economic information" supports the administration stand, as one of its members declared. The opposition may not be as well-armed, but it is well dug in.

This opposition supports its arguments with figures showing corporate profits have dropped for three straight quarters, that

with the overheated economy burning up profits, wages and the Great Society.

Treasury Secretary Henry Fowler told Congress they would be playing "political Russian roulette" if they declined to vote for a tax increase. The alternative, he said, was "an economic shambles."

It is frustration and fear, perhaps, that has suddenly produced rumors that wage, price and credit controls are being considered by the administration as an alternative to a tax increase.

Ironically, the continuation of the argument, now two months old at least, and its tendency to get a bit colorful or emotional, tends to cloud rather than clarify the issues.

For the record, the issues have not changed. They are these:

—The high and perhaps growing cost of the war in Vietnam must be paid for;

—The tremendous fiscal deficit that may go as high as \$29 billion without a tax increase is economically disruptive;

—With federal spending high, labor in tight supply, the consumer in a position to make large buying demands and business, perhaps, about to expand strongly, inflation is a dangerous threat.

According to Boyle

By HAL BOYLE

NEW YORK (AP)—Life is a collector's game. Everybody has to play the game, whether he wants to or not. The problem is—what to collect? Shall it be stamps or dolls, wounds or portraits of old windmills, bruises or money?

There are hundreds of choices. So many, many things to collect. But there is one thing you can't go through this world without collecting—memories.

And nothing else man collects is so precious to him. Your own collection is pretty extensive if you can look back and remember when—

Airplane hostesses had so little to do they spent most of their time sitting in the seats and talking to the passengers. A minister was more interested in getting the members of his congregation into heaven than in solving their problems on earth.

Ice skates had wooden runners instead of steel blades.

There was more nepotism in Hollywood than in Congress.

It was more fashionable for women to wear silver fox furs than mink.

One of the problems of motoring was putting up the car's isinglass and fabric curtains when the weather turned cold. A heater for automobiles? It was only an inventor's madcap dream.

George Ade made the nation laugh by remarking that one of the nice things about wearing white shoes was that they didn't show frost.

Conservatives were more fearful of Socialists than Communists because most of them, after all, hadn't ever seen a real live Communist.

The idol of childhood was the brawny neighborhood iceman, who drove a horse and wagon and had a small chip of free ice for any kid—even if the kid was too shy to ask for one.

Only wealthy people belonged to country clubs and played golf.

It was taken for granted in most families that a farmer's sons would grow up to be farmers and a blacksmith's sons would become blacksmiths.

In every small town you could see a local character who wore a wooden leg he had whittled himself.

Children and Negroes were supposed to be seen, not heard—to know their place and stay in it.

Any schoolmarm caught smoking in public could kiss her job goodbye.

There were still so many Civil War veterans around that they looked down their noses at the Spanish-American war veterans as young upstarts.

When the doctor made a home call, he was never so busy he couldn't pause for a cup of coffee in the kitchen, take the small children on his knee, and have them by letting them listen to their own heart beat through his stethoscope.

Come to think of it, almost everybody had more time to be courteous and kind and pleasant to one another then. They weren't so saddled by all kinds of urgencies.

You're Telling Me

Identification of chemicals in the tongue's taste buds that distinguish between sweet and bitter tastes, is announced by a team of research scientists. To us, that smacks of a very important discovery.

This may lead to better masking of undesirable flavors, say the scientist, such as making spinach taste to children like candy. What a sweet, sweet thought!

If all foods can be made to taste good, at last we may have an answer to that old question: "What's cooking?" The answer, naturally: "What's the difference?"

The British Travel Association announces proudly that 1,070,000 foreign tourists—a record—visited Britain in the first half of this year. As our Cockney friend would put it—that's not 'alf bad!

Forestry experts list the 10 most important trees as the date palm, coconut palm, almond, apple, fig, mulberry, olive, lemon, chincona and rubber. Haven't they forgotten the most important of all—the Christmas Tree?

The World Today

By JAMES MARLOW

WASHINGTON (AP)—The Senate is shadow-boxing with the President. It's talking of doing something it can't make stick.

Sen. J. W. Fulbright and others complain President Johnson is getting too big for his britches although they didn't put it that plainly. So alterations are suggested. It's an old story with Congress and presidents.

President Franklin D. Roosevelt is still being criticized for something he did when Germany had Britain on the ropes just before World War II. He gave the British 50 old destroyers without consulting Congress.

And President Harry S. Truman got an endless pasting for going into the Korean War with out asking Congress for so much as by-your-leave. But Roosevelt was operating under the Lend-Lease Act which made what he did possible.

And Truman was responding, if he needed a legal reason, to the United Nations' call to its members, of which the United States was one, to stop the invasion from North Korea.

But Johnson did the opposite.

He got overwhelming congressional approval beforehand for sending troops into Vietnam, if he found that necessary, which he did—and now he's on the receiving end from Congress just the same.

What he got mixed up in, in a big way was the ancient rivalry for power in foreign affairs between Congress and presidents.

The approval he got was in the Gulf of Tonkin resolution which Congress passed Aug. 7, 1964, at his request the Senate by a vote of 88-2 and the House by 416-0. It authorized him to do what he thought necessary to stop aggression in Southeast Asia.

Fulbright, Arkansas Democrat, chairman of the Senate's Foreign Relations Committee and Johnson's most constant critic about the war, took charge of getting the Tonkin resolution through the Senate three years ago.

But now he has offered his own resolution which would cripple Johnson's handling of foreign affairs by saying a "national commitment" has no validity or meaning unless both the president and Senate approve.

One trouble with "national commitment" is its vagueness. What does it mean? Fulbright explained it as too often turning out to be "statements previously made by someone saying that we pledge ourselves to some undertaking."

But in Congress over the years a "commitment" could be interpreted as meaning all kinds of presidential actions which Congress, hadn't approved.

Thirteen years ago, in the last great effort to drag the country back into her ancient isolationism, Sen. John W. Bricker, an Ohio Republican, offered something more powerful than a resolution. He called for a constitutional amendment.

His proposal would have hamstringed a president even more than Fulbright's. Fulbright, at that time opposed to tying any more strings to a president, called Bricker's idea a retreat from the world. The Senate killed the proposal.

The next day a substitute proposal, a little milder than Bricker's but still an interference with the president's foreign affairs powers, was also killed.

Ironically, while Fulbright voted against that, too, Johnson, then Democratic leader in the Senate when Republican Dwight D. Eisenhower was president, voted for it.

But even if the Senate votes for Fulbright's resolution it can't change anything for Johnson. He wouldn't have to pay any attention to it since such a resolution is not a law.

Yet if it passed, it would be a warning to Johnson he could expect rough treatment if he made any "national commitment" and didn't get the Senate's okay first.

This could damage his strength in dealing with other nations for they could rightly ask: How can Johnson promise anything, and how can we expect him to make good on his promise, if the Senate hasn't agreed to the promise?

All the Senate uproar over Johnson—because of his sending troops into Vietnam—could be ended in a minute if the Senate would just act to rescind the Gulf of Tonkin resolution which gave him the power.

So what's happening is an oblique attempt to curb him instead of doing it directly.

PUCO Sets Hearing On Phone Charges

COLUMBUS, Ohio (AP)—The Public Utilities Commission has set Nov. 13-17 as dates for more hearings on rates charged by the Ohio Bell Telephone Co. for special telephone equipment.

The commission concludes its third session of hearings on the subject this week. State Rep. George E. Mastics, Cuyahoga County Republican, petitioned for the hearings.

He contends Ohio Bell should not be allowed to make continuing higher charges on such specialty equipment as Princess, Trimline, touch-tone and color phones, and amplifiers.

Sweden changed to right-hand driving on Sept. 3, 1967.

Hatlo's They'll Do It Every Time

Fading Privacy of Society

A dismaying picture of a society without privacy is projected by Prof. Alan F. Westin of Columbia University in a study commissioned by the Association of the Bar of the City of New York and financed by the Carnegie Corporation.

He is alarmed by the prospect of increased electronic eavesdropping by private persons and business men, as well as law enforcement officials. Endless opportunities for undetectable snooping are being afforded by small, low-cost devices, some of which can be sewn into the clothing of an unknown victim or even be implanted in his false teeth.

But Prof. Westin appears to be most concerned about the malign possibilities presented by accumulating stores of computerized information about individuals, available at the touch of a button.

Disagreeing with the Johnson administration, which wants all wiretapping forbidden except in national security cases, and then only with permission of the president, Prof. Westin concedes the

need for limited court-controlled espionage in criminal cases by state and federal law enforcement officials.

But he must have grave doubts about the wisdom of establishing an integrated system of federal, state and local statistics, as recommended a few weeks ago by a subcommittee of the congressional Joint Economic Committee. For he says in his book that the trend toward greatly increased storage of personal data in central data banks "represents by far the most serious threat to privacy in the coming decade."

The subcommittee was not disturbed about possible misuse of such data retrieval systems. Rather casually, it suggested the "difficulties" could be easily worked out. That it would not be quite so easy is shown by safeguards Prof. Westin, quite reasonably, regards as essential.

Even so, the disquieting suspicion persists that once these reservoirs of personal information have been set up, it would be impossible to prevent abuses, however strong the restraints.

'Inscrutable' Red Chinese

The inscrutable Oriental mind—assuredly a cliché—nevertheless aptly describes recent actions of the Communist Chinese. Foreign contacts with mainland China, both diplomatic and news, dwindle each passing day, and it becomes increasingly difficult to fathom what is behind it all.

Indonesia has ordered the withdrawal of its diplomatic mission and Cambodia has left only a clerk to look after its embassy in Peking. Burma withdrew its ambassador early this month.

The remaining six Japanese reporters and two Frenchmen are the only non-Communist correspondents still operating in China. A British Reuters man in Peking has been under house arrest since the middle of the summer.

West German, Scandinavian and Canadian correspondents technically are allowed in Peking, but they have moved out temporarily because of chaotic conditions. The Russians are down to three correspondents, and several Eastern European countries have cut back their news forces.

In one week the New China News agency put out articles condemning Burma, India, the Soviet Union, Britain, Italy and Ceylon and in recent weeks

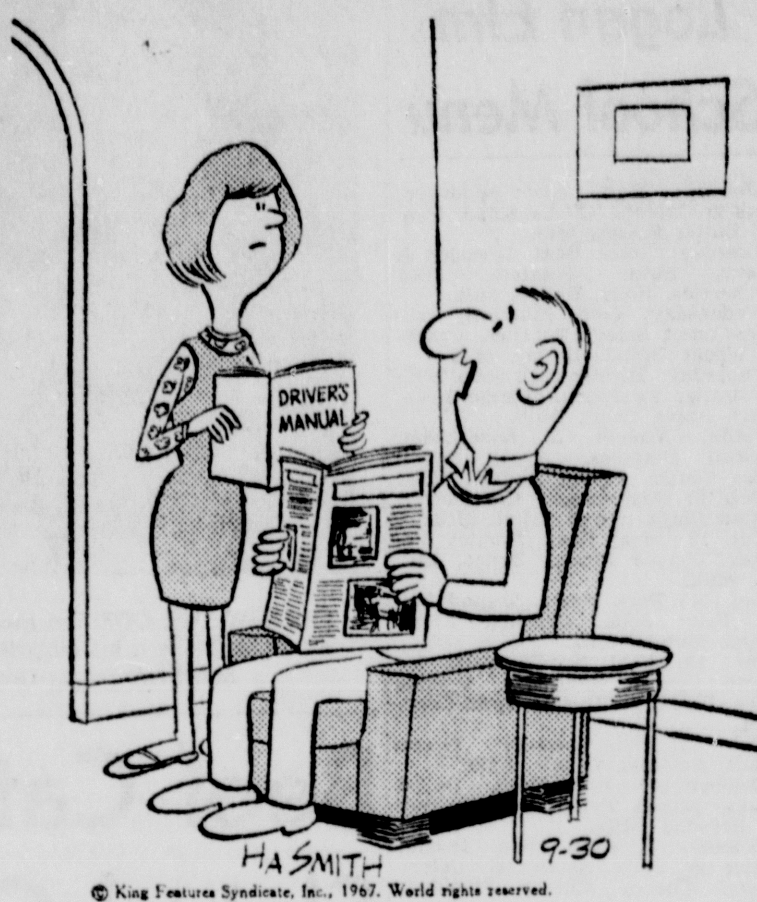

Chinese citizens have caused disturbances in an Italian port, the British colony of Hong Kong, London, and along the border of the Indian protectorate of Sikkim. Chinese thugs also burned down the British embassy in Peking.

What is China's motive? What can she gain by alienating most of the rest of the world, communist and non-communist, that had been trying to ignore the Red Chinese odor? One theory is that the border violations and staged disturbances in other countries are designed to create a diversion from China's homefront problems.

This is always a possibility, and surely some of the uproar is manufactured for this reason. But one crisis at a time would seem to be enough even for the most serious domestic problems. Perhaps the cultural revolution has become unmanageable.

Whatever the real cause, the most populous country in the world is steadily reverting to its ancient inwardness, and increasingly the non-Chinese world is regarded with suspicion by the Red Chinese. The political future of Asia—and all the world now that China has nuclear weapons—grows more mysterious.

Laff-A-Day

"I know you hope to learn to drive quickly, but could you use a phrase other than 'crash course'?"

Try and Stop Me

By BENNETT CERF

ONE OF THE most unusual name changes on record, opines Cleveland Amory, was engineered by the renowned author-naturalist, Ernest Thompson Seton. He was born Ernest Seton Thompson, but when, on his twenty-first birthday his crusty father presented him with an itemized statement listing every minuscule expense involved in raising him, he vowed, "I'll pay back every penny of it—and then I'll change my name." And this is precisely what he did!

On one of his TV shows Steve Allen was earnestly extolling the virtues of a non-breakable chair made of processed glass. To demonstrate its indestructibility, he whacked the chair with a hammer. The chair promptly cracked in two. The audience howled with joy, but Allen, unabashed, got the last laugh with a casual, "Well, anyhow, this HAMMER is made of that glass!"

An Oklahoma oil billionaire turned up for a golf match dressed to kill, followed by a flunky pulling a foam-cushioned chaise longue behind him. "You're not going to make that poor caddy lug that couch after you for eighteen holes?" expostulated a member of the foursome. "Caddy nothing," explained the oil tycoon. "That's my psychiatrist."

When the blood vessels of the legs become narrowed because the lining develops calcium deposits, the possibility of trouble must be anticipated.

The causes of atherosclerosis are suspected but not entirely known. Diet, and high cholesterol are on the list of offenders. People who are particularly sensitive to tobacco are candidates for a severe circulatory condition called Buerger's disease. Technically this is known as thromboangiitis obliterans.

As the name suggests, changes occur within the arteries that deprive the feet and legs of the normal flow of blood with its life-giving oxygen. The prevention of these changes in the blood vessels is the real aim of scientific study. Until a method is found, treatment must now be aimed at opening the blood vessels.

Dr. Walter J. Pories and his co-workers at the Wright-Patterson Air Force Base, in Ohio, have been using a simple drug—zinc sulphate—in severely affected blood vessels. Twelve patients who were despairingly sick were treated for many months with this drug. It previously had been found that the metal zinc normally found in all healthy people was severely reduced in patients with atherosclerosis.

Eleven of the treated patients showed remarkable improvement. The skin temperature, taken with a very sensitive thermometer, is lower in those people with poor circulation. When the temperature becomes higher and the leg warmer, it means that more blood is coming through the arteries.

In eleven of the patients there was distinct temperature elevation of the legs and very definite improvement of circulation. Legs that might otherwise have been threatened by amputation were saved. These studies will continue and more information will be sought about the value of zinc as a form of treatment.

Few people really know the remarkable contributions made by the Medical Departments of the United States Armed Forces, both for their personnel and for civilians. Some of the greatest scientific advancements for civilian health have originated in the hospitals and laboratories

maneuvered by these government agencies.

LSD (Lysergic Acid Diethylamide) captured the imagination of highly trained scientists who had hoped the drug might be a breakthrough in the cause and control of some mental diseases. The real value of this remarkable drug has almost been lost because a "toy" in the hands of thrillseekers, avant-garde intellectuals, and non-conforming naive rebels.

A drug of importance may have its value unaccepted for many years because its social use endangers or overshadows its important scientific possibilities.

Perhaps, with a moderate amount of sanity and an appeal to the uninformed users of LSD, the drug can once more return to the scientific laboratories and hospitals—where it belongs—and taken away from the "trip-seekers."

When will young adults learn that non-conformity is the easy way out of the limits of their own ignorance? Perhaps they will learn some lesson from this new and recent experience of the dangers of uncontrolled use of LSD.

Dr. Michael Blumenfeld and Dr. Lewis Glickman of the King's County Hospital in Brooklyn, have studied twenty-five users of LSD who had illegally purchased the drug and who had been brought to their hospital with all kinds of psychiatric emergencies. Symptoms of tremendous anxiety and panic lasted for weeks in some of the trip-takers. Others were thrown into a schizophrenic state which probably will affect the rest of their lives.

When will these "acid-heads" learn that there is no drug short cut to wholesome maturity progress through advancing maturity?

It doesn't matter if you starve a cold or feed a fever. The important thing is to take care of it.

The anaconda, largest snake in the western hemisphere, grows to about 20 feet. Legends abound about this huge reptile, but there is no authenticated report of the snake ever having killed a human being.

The Business World

By JOHN CUNIFF

NEW YORK (AP)—Scores of statistics now support the Johnson Administration's contention that the economy faces either higher taxes or a shambles, but that doesn't mean the President will get his tax increase.

Some other indicators still point the other way or are neutral. And the decision, when it is made, is liable to be based partly on political rather than wholly on economic grounds.

Nobody can deny, however, that the outpouring of economic grist this month has been favorable to the administration's side. Strength in personal incomes, home building, retail sales, stocks, employment lend support.

To these can be added great quantities of facts and figures from other areas of the economy: inventories have fallen, the average work week has risen, the help wanted ads are suddenly running extremely heavy.

But this does not mean that "every piece of economic information" supports the administration stand, as one of its members declared. The opposition may not be as well-armed, but it is well dug in.

This opposition supports its arguments with figures showing corporate profits have dropped for three straight quarters, that

unusual factors have temporarily pushed up production, that new factory orders have fallen.

There is also an argument over giving the proper weight to these indicators, some of which show where the economy is and others where the economy is going.

Which is more important: an indicator such as industrial production which shows where the economy is at the present rather than where it will be in the future, or durable goods orders, which indicate what future production is likely to be? Industrial production is up, but durable goods orders have fallen.

The divisions of opinion continue in the interpretation given to the indicators. A few analysts claim that the inflation of today is merely the indigestion of yesterday's excesses now passing through the economic body.

It is because this frustrating diversity of opinions, goals and intentions has now produced inertia rather than conviction—the very opposite of the administration's urgent desire for quick, decisive action—that the arguments now tend to get a bit emotional.

One economist described the future without a tax increase as a Dante's Inferno of finance,

with the overheated economy burning up profits, wages and the Great Society.

Treasury Secretary Henry Fowler told Congress they would be playing "political Russian roulette" if they declined to vote for a tax increase. The alternative, he said, was "an economic shambles."

It is frustration and fear, perhaps, that has suddenly produced rumors that wage, price and credit controls are being considered by the administration as an alternative to a tax increase.

Ironically, the continuation of the argument, now two months old at least, and its tendency to get a bit colorful or emotional, tends to cloud rather than clarify the issues.

For the record, the issues have not changed. They are these:

—The high and perhaps growing cost of the war in Vietnam must be paid for;

—The tremendous fiscal deficit that may go as high as \$24 billion without a tax increase is economically disruptive;

—With federal spending high, labor in tight supply, the consumer in a position to make large buying demands and business, perhaps, about to expand strongly, inflation is a dangerous threat.

By JOAN O'SULLIVAN

Do men like sandwiches? They must, for two men are famed for them.

One, of course, is the noble gent who originated this royal treat, the Earl of Sandwich. The other is a modern-day cartoon character, Dagwood, whose name on a sandwich means it's a supercolossal spectacular structure.

So, a salute to Sandwich and Dagwood with a trio of recipes that are more than somewhat special and out of the ordinary.

BAVARIAN BEEF SANDWICHES

- 1 1/2 lb. beef brisket, cooked
- 5 thin slices onion, broken into rings
- 1/3 c. salad oil
- 2 tbsp. vinegar
- 2 tbsp. sweet pickle relish
- 1/2 tsp. pepper
- 1/4 tsp. salt
- 1/4 tsp. sugar
- 1/4 tsp. prepared mustard
- 1 tsp. Worcestershire sauce
- 3 drops Tabasco
- 8 (1 oz.) slices Switzerland Swiss cheese
- 16 slices rye bread.

Cut beef into julienne strips; place in shallow dish; top with onion rings.

Combine salad oil, vinegar, pickle relish, pepper, salt, sugar, mustard, Worcestershire sauce and Tabasco; pour over meat. Cover; let stand several hours stirring occasionally.

To serve: Arrange 1 slice cheese and about 1/4 c. meat between each 2 bread slices.

SOMBRERO SANDWICHES

- 1 tsp. cooking oil
- 1/2 lb. ground beef
- 1/4 c. chopped onion
- 1/4 c. catsup
- 1 1/2 tsp. chili powder
- 1/2 tsp. salt
- 1 (8 oz.) can red kidney beans, mashed
- 3/4 c. yellow cornmeal
- 2-3 cup milk
- 2 eggs
- 8 slices enriched bread
- 4 sliced frankfurter buns
- 2-3 c. grated American cheese

Heat oil in small skillet; add beef and onion. Cook over medium heat until lightly browned. Stir frequently.

Add catsup, chili powder, 1/4 tsp. salt, mashed beans and bean liquid. Heat.

Combine cornmeal and 1/4 tsp. salt in shallow dish.

Beat milk and eggs together in shallow dish.

Cut 4-in circle out of each bread slice. Dip circles into egg mixture to moisten all sides, then coat with cornmeal, brown on both sides on grill or in well-

greased skillet over medium heat.

Shaping The "Brim"

Immediately press each hot bread circle into an individual casserole or bowl that measures no more than 3 inches across the bottom, allowing edges to curl upward. When cool and shaped, remove to shallow baking pan.

Fill each sombrero "brim" with about 1/4 c. hot meat mixture.

Cut 2-in. section from each end of frankfurter buns; sandwich 2 tsp. cheese into each of these. (Reserve center sections for other uses.) Gently press flat end of each filled bun section into center of meat mixture on each sandwich so they stand upright to form "crowns."

Sprinkle remaining cheese over meat mixture. Heat in moderate oven (350 degrees F.) for 5 min. or until cheese is melted.

MAKES 8 SANDWICHES.

PARTY SANDWICH CAKES

- 16 slices whole wheat bread
- 16 slices white bread
- Melted butter or margarine
- Chicken Filling
- Ham Filling
- Egg Filling
- 1 (8 oz.) pkg. cream cheese
- 1 to 2 tsp. milk
- 8 tiny gherkins
- Carrot slivers

Cut 32 bread rounds with 3-in. biscuit cutter; brush with melted butter.

For each sandwich use 2 rounds whole wheat and 2 rounds white bread. Alternate with Chicken, Ham and Egg Fillings.

Blend cream cheese with milk; spread on top of sandwiches. Pipe cheese around edges and in centers.

Cut a slit in one end of each gherkin; insert sliver of carrot. Place a pickle candle on each sandwich.

Makes 8 frosted sandwich cakes.

Chicken Filling: Mix together 1 (5 1/2 oz.) can chicken, ground 1/4 c. mayonnaise, 2 tsp. drained sweet pickle relish and 3 tsp. chopped pecans.

Ham Filling: Mix together 1 (4 1/2 oz.) can deviled ham, 3 tsp. chopped celery, 2 tsp. drained sweet pickle relish.

Egg Filling: Mix together 4 hard-cooked eggs, chopped, 1/4 c. drained sweet pickle relish, 2 tsp. mayonnaise, 2 tsp. prepared mustard, salt and pepper to taste.

Ruth Circle To Meet

Ruth Circle of Trinity Lutheran Church will meet 2 p.m. Wednesday in the parish house.

Auxiliary Unit Meeting Held

The American Legion Auxiliary, Post 134, met Monday at the post home.

Mrs. Orin Driesbach, chaplain, opened the meeting with prayer. Mrs. Eleanor Price, president, presided over the business session.

Mrs. Bess Simison, rehabilitation chairman, reported on the monthly visit to Ward 211-C at the Veterans Administration Hospital in Chillicothe.

A fall conference will be held Oct. 14, at Post 737, Chillicothe. All members were urged to attend.

Mrs. Sybil Hinkle, junior activities chairman, stated that she would like for the unit to hold a Halloween costume party for the junior members.

Members were reminded that if they intend to work in the fish stand during Pumpkin Show that they must have a TB test.

The unit conducted a special memorial service for Mrs. Mary G. Hedges.

Refreshments were served after the meeting by Mrs. Mary Stephens and Mrs. Roseann Stinson.

Meeting Slated By Esther Circle

Esther Circle of Trinity Lutheran Church has scheduled a session for 7:30 p.m. Tuesday in the church parlor.

Rebecca Circle Meeting Planned

Rebecca Circle of Trinity Lutheran Church will meet 9:15 a.m. Wednesday in church parlor.

Birds of a Feather

SAN FRANCISCO (AP) — After a visit to the Haight-Ashbury hippie district, Rolling Thunder, a Shoshone Indian chief said, "When I saw those long-haired people, I knew they had lost their greed. These people are our children and we are going to adopt them as blood brothers."

Hot tomato juice tastes good as a before-dinner appetizer on a cold day. Spice the tomato juice while you heat it with a few whole cloves, a pinch of oregano and a little Worcestershire sauce.

Your Clothes Belong on the Winning Team

You'll pile up the points for good looks and longer wear when you let us do your dry cleaning . . . the fun clothes that go along with fall fun. It's not too early to think about your holiday finery either. We always do an expert job.

Alaskan Stories Related At Monday Club Meeting

Mrs. Wallace Higgins presented the program "Homesteading in Alaska" when the Monday Club met for its latest meeting.

Mrs. John Beck, newly installed president, conducted a short business session. She named members of each committee for the year.

The program chairman for the evening, Mrs. Charles Pugsley, introduced Mrs. Higgins who read a paper entitled "Homesteading in Mid 20th Century." Mrs. Higgins based her paper on the different groups or individual families that came to Alaska for the purpose of establishing a home. She said there is probably no other place where so many families could find so much wealth among nature's treasures.

New arrivals must all go through a proving period which may seem long to the struggling "Chickweed," the Alaskan term for a newcomer. The plight of the sourdough, the established Alaskan, is that everyone comes hoping to grab some fast money but never brings any to invest, she pointed out.

The Gold Rush, the Homestead Act, World War II, the airplane and the Alcan Highway were the main reasons for the pouring of homesteaders into Alaska, the guest speaker noted.

Mrs. Higgins selected four different stories to relate the daily life and tribulations of these people.

The first, was in 1935 when 200 pioneer families from Minnesota, Wisconsin and Michigan came to Matamaska Valley where they were each given 40 acres of land. Here, they cleared the land, built cabins, enduring all kinds of hardships but to those who stayed beyond the first year a minor miracle occurred, for their crops were excellent. They had found a farmer's "Utopia."

The second story deals with a problem of conflicting claims just outside Delta Junction. All claims had to be improved

within a certain number of years to establish ownership. One man had never worked or cleared the claim adjoining his home, but he had staked it out several years before. One day a new family began to settle on this claim. After trying in every way to discourage them and being saved from death in quicksand they became good neighbors.

The third, a story of daily bread was told by Laura B. Jones in 1961. The family had gone several years before to teach on the Alaskan Peninsula. Upon arriving there they were told the local grocery only remained open during salmon season. Going to the school house which had not been entered for five years they found beans, hard sugar and cans of evaporated milk in the basement. This would be their fare for a long time. One day the visiting nurse came by and after noticing their plight remarked "What you need is a sour dough pot." With a sour dough starter a family has its bread problems solved. So it was with the Joneses.

The fourth and last story is about Jim and Marie Small and their two little children who had left Seattle with the hope of finding work in order to better their living conditions. Most of all they wanted security as a unit and privacy as individuals. Arriving in Juneau with only \$100, they found instead of a small fishing village, a large modern town where rents were high and livable shacks were scarce. A shack was given to them rent free for a week if they would clean it. Jim was unable to find work but Marie was given a job at \$1 a day. Moving to another shack Marie found a real friend in Big May, a half Cherokee. At the end of the story she was still taking care of the children.

After a summer of hardships with Jim working part time, they were able to find 5 acres, seven miles out on the Glacier

Columbus Site Of Combined DAR Meeting

Daughters of the American Revolution combined district meeting was held Tuesday and Wednesday in the Neil House, Columbus, with 376 in attendance.

From Pickaway Plains Chapter the following were present: Mrs. Harold Bowers, Mrs. Stanley Bowers, Mrs. Donald H. Watt, Mrs. Paul Cromley, Mrs. Clarence McAbee, Mrs. Richard H. Hedges, Mrs. Martin Cromley, Mrs. Charles Beckman, Mrs. Earl Wilson, Mrs. R. R. Bales and Miss Marie Hamilton.

President General of National Society, DAR, Mrs. William Henry Sullivan Jr. of Scarsdale, N. Y. was the honored guest speaker.

Her three-year term will close the societies 75th Diamond Jubilee Administration. Her goal is 200,000 members by her retirement in April. The membership is now 185,000.

"Feeling Americanism" was her subject.

Mrs. Williams has traveled 75,000 air miles and talked to thousands of people and stated that she sensed confusion in the young and a general restlessness. Missing in their lives, she said, is spiritual guideposts, they have not been taught the fundamentals that made this country great.

Mrs. Carl W. Kietzman, State Regent, of Cincinnati presided during the business session.

Did you know that barley comes two ways, regular and quick-cooking?

Highway. This piece of ground was a paradise to them. Sickness prevented finishing their home until the next spring. On July 3, Jim spent his last \$1 for fire crackers and so on the 4th the small family celebrated their independence Day. Marie ended her story by saying "We are now Alaskans, home owners, no longer Cheekadoes."

WHITE HOUSE WEDDING PLANNED—This is the East Room of the White House in Washington where Lynda Bird Johnson, daughter of President and Mrs. Johnson, and U.S. Marine Capt. Charles S. Robb of Milwaukee, Wis., will wed Dec. 9.

Dear Abby: Tell Sister Her Problem Isn't Yours

DEAR ABBY: My husband drives a cab and he works nights off and on. We are happily married with three children of school age. My problem is my sister, Ethel. She calls me up at all hours of the morning when one of her kids is late in getting home. It scares the living daylight out of me to get a call at that hour. I always think something terrible has happened to my husband. Well, Ethel called me this morning at 4 a. m. to tell me that her 16-year-old daughter hadn't come home from a movie date yet. Ethel's husband is a night watchman so he doesn't know about this problem daughter of theirs.

Ethel cried and carried on so terrible that I located my husband and we went looking for this juvenile delinquent in all the places we thought she'd be. We couldn't find her, so we went to Ethel's at 6:30 a. m. to calm her down, and the little darling was there! (Flat tire, O, sure!) What can I do with that hysterical sister of mine? My own kids don't get any rest with her calling all the time.

SHOT NERVES
DEAR SHOT: Tell your sister to call her own husband when she has problem at odd hours. If she doesn't know that it's

Horse Paid Off But Man Didn't, Suit Alleges

CHILLICOTHE, Ohio (AP)—The horse paid off, but the man didn't, a suit filed Friday in Chillicothe Municipal Court alleges.

Lloyd Hill of Clarksville claims that on Sept. 8 he gave John Anderson of Chillicothe \$3 to place a Quinella bet (a bet which requires the selection of two horses to come in first and second in the same race) for him at Scioto Downs.

Hill claims the horses he selected came in first and second paying \$791.10, but Anderson refused to give him the winnings.

Hill's suit asks for the amount of the winnings, interest on the money since Sept. 8 and court costs.

A hearing date on the suit has not been set.

Fawcett Tells OSU Stand on Strike Issues

COLUMBUS, Ohio (AP)—In a letter to members of the faculty and staff, Ohio State University President Novice G. Fawcett Friday explained the university's position in its current dispute with the non-academic employee's union.

Fawcett said the American Federation of State, County and Municipal Employees, Local 138 which represents "some" members of the non-academic staff, has threatened to strike Oct. 5 if its demands are not met.

Fawcett listed the demands as:

—A 10 per cent wage increase.

—Free medical and hospitalization programs for workers and families.

—Free meals.

—Free parking.

The president pointed out that the university has already agreed to check off the dues of any employee who requests it, and explained the university could agree to the present demands only if:

—More tax funds are provided by the Ohio General Assembly.

—Increases are imposed on student fees as well as room and board charges.

—Hospital room rates are raised.

—All miscellaneous charges are increased.

—Should the additional funds be unavailable from these sources, it appears that the university would have no other recourse but to reduce the size of its staff and curtail the total program of the university," Fawcett said.

The president concluded by saying if a strike occurs "the university will continue to operate without striking personnel," and called on all the members of the university community to exercise reasonableness and help order prevail.

In another union dispute here Capital University's non-academic employees have called off a strike threatened for midnight tonight pending the outcome of a meeting with university officials Saturday morning.

'Spirit of '67' Theme For GOP Women Meet

COLUMBUS, Ohio (AP)—The Ohio Federation of Republican Women has selected "Spirit of '67" as the theme for its 27th annual fall conference to be staged Oct. 5-7 in Columbus, it was announced Friday by Mrs. Katharine Kennedy Brown of Dayton, federation president.

Gov. James A. Rhodes will speak at 11 a. m. Friday, Oct. 6, and Max Rafferty, superintendent of public instruction and director of education in California, will speak at a banquet that night.

No Cause To Complain

TOPEKA, Kan. (AP)—When a federal grand jury complained about a lack of parking for jurors and witnesses, Judge George Templar said it had taken him five years to get a reserved parking space and it's not in the same block as the courthouse.

FORECASTS

OHIO—Cool with high temperatures 48 to 54 north and 52 to 62 south. Fair south and partly cloudy north tonight, low from mid 30s to mid 40s. Sunday mostly sunny and warmer.

CENTRAL OHIO—Clearing and a little cooler tonight. Low upper 30s. Sunday sunny and warmer, high near 70.

SOUTHEAST OHIO—Clearing and a little cooler tonight. Low mid 30s. Sunday sunny and warmer.

SOUTHWEST OHIO—Clear west and clearing east tonight. Cool, low 40-45. Sunday sunny and warmer.

Little for China To Celebrate In 'National Day' Observance

By WILLIAM L. RYAN
AP Special Correspondent

Red China's Communist party and government mark National Day on Sunday, with little to celebrate and much to mourn. It is the 18th anniversary of Mao Tse-tung's triumph over the mainland.

The party's apparatus and that of much of the government bureaucracy are in wreckage as a result of Mao's "great proletarian cultural revolution." Incomplete results culled from reports in the official Chinese press show that in nearly two years since the current

purge began—it later blossomed into the "cultural revolution"—the party, government, military and educational structures have been rocked by a political hurricane which refuses to die down.

Of the 20 members who held places on the Politburo, the body which rules the Communist party and the nation, 13 have been purged or removed since late 1965, along with all but one of the Politburo's six alternate members.

Liu Shao-chi, former vice chairman of the party and still chairman — president — of the government, is labeled "China's Khrushchev" and chief opponent of Mao in a titanic power struggle.

Scores of the 99 members of the party central committee, elected at the 8th Congress of 1956—there has been no congress since—have been purged. So have four of the six first secretaries of regional bureaus who

were party bosses over huge areas.

Premier Chou En-lai has lost at least 11 of the 17 vice premiers he had in late 1965. Along with them went many government ministers and deputy ministers, province governors and deputy governors, municipal mayors and deputy mayors.

In the military, the man who was chief of the army general staff has been purged, along with one of his deputies. One former defense minister and two former deputy defense ministers are on the list of enemies of "Mao Tse-tung's thinking," along with a number of commanders in provincial areas.

The top "enemy," Liu Shao-chi, is believed to have been holed up for a long time in the Chung Nan Hai district of Peking, where residences of high leaders are clustered. Some sources reported him under house arrest there, but there is no way of checking and he seems to retain considerable support.

From all the indications, the power struggle is far from ended. The chances are that it will do a good deal more violence to the structures of China's Communist party and government before it is over.

The Times of the Prophets

WHY AND HOW THE KINGDOM OF ISRAEL WAS DESTROYED

Scripture—II Kings 14:23-29, 15:8-31, 17, Amos 8:4-11.

By R. H. RAMSEY

THE LESSONS assigned for the next three months deal with the four short books of Old Testament prophecy—Amos, Hosea, Micah and Malachi. They are classed as minor prophets because they left fewer written records of their ministries and utterances.

However, they are unusually relevant to our life and times for, despite the fact that they lived as long ago as nearly 800 B.C., they emphasize the subtle temptations we all experience in 20th century living.

Today's lesson gives us a sample of the background against which the four prophets prophesied.

The time of this lesson falls between 786 B.C., the beginning of the reign of Jeroboam II, ruler of the Northern Kingdom of Israel, and 721 B.C., the date of the fall of the capital city of Samaria.

The Northern Kingdom was larger in area and population, richer in natural resources and stronger in military power than the Southern Kingdom of Judah or most of the other kingdoms in that part of the world. Further, the ruler of the Northern Kingdom, Jeroboam II, was a

Idolatry was rampant but the Sabbath continued to be observed, though not as a day sacred to the Lord. Holy days and holidays were but irksome, intolerable interruptions to the merchants who chafed to return to their businesses.

Through exorbitant prices, small measures and short weights, rich and poor alike were cheated in the marketplace.

To speak out against these injustices and oppressions and to warn the disintegrating nation of the judgments to be brought upon it, God chose Amos, an obscure, humble herdsman and dresser of sycamore fruit from the border village of Tekoa.

He was a simple, uneducated man, but he had immense moral capacities, spiritual insight and courage. He took up the cause of the poor, the needy, the down-trodden, and hurled fierce words of condemnation at those responsible.

He sought to bring the nation back to a right relationship with Jehovah, insisting that mere repetition of the Commandments was insufficient, that the central meanings of both tables of law — man's right relationship

GOLDEN TEXT

"Surely the Lord God will do nothing, but he revealeth his secret unto his servants the prophets."—Amos 3:7.

mighty warrior, as the exploits recorded in the first part of our lesson (II Kings 14:23-39) attest.

Jeroboam II ruled from 786 to 746 B.C., the strongest, most prosperous reign the Northern Kingdom would experience, territorially, militarily and economically. But he lacked spiritual insight and adhered to the policies and evils of Jeroboam I, who first led Israel away from Jehovah and into sin and idolatry.

Spiritually, the Northern Kingdom was dead, and neither its size and wealth, nor the brave, resourceful leadership of Jeroboam II could save it.

The kingdom became rich, but a small group of people controlled the wealth and treated the common people cruelly and disdainfully. Injustice and oppression were everywhere. Luxury and dissipation prevailed in the homes of the wealthy few, and indescribable misery in the hovels of the multitudes of poor.

As the rich got richer, the poor got poorer and frequently were sold—or sold themselves—into bondage for a few pieces of silver or even a pair of shoes.

Teays FTA Has Meeting

Teays Valley Future Teachers of America held their first meeting of the year Sept. 19. Sylvia Sherertz, the chaplain, opened the meeting with a prayer. The meeting was conducted by president Don Lowry. Gary Rife read the treasurer's report. Other officials are Lynn Chrismer, vice president; Stephanie Wilkin, secretary; Betty Baum, historian; and Donna Berry, news reporter.

The first order of business was official initiation of new members. Program chairman, Lynn Chrismer, introduced a plan to visit college campuses. For the program, Jim Beatty showed slides of his trip to England. Linda Warner and Dwayne Lindsey talked about college problems.

Refreshments were served by the officers.

Advisers are Miss Oeterle and Mr. Beadle.

WHITE HOUSE WEDDING PLANNED—This is the East Room of the White House in Washington where Lynda Bird Johnson, daughter of President and Mrs. Johnson, and U.S. Marine Capt. Charles S. Robb of Milwaukee, Wis., will wed Dec. 9.

Dear Abby: By Abigail Van Buren

Tell Sister Her Problem Isn't Yours

DEAR ABBY: My husband drives a cab and he works nights off and on. We are happily married with three children of school age. My problem is my sister, Ethel. She calls me up at all hours of the morning when one of her kids is late in getting home. It scares the living daylights out of me to get a call at that hour. I always think something terrible has happened to my husband. Well, Ethel called me this morning at 4 a. m. to tell me that her 16-year-old daughter hadn't come home from a movie date yet. Ethel's husband is a night watchman so he doesn't know about this problem daughter of theirs.

Ethel cried and carried on so terrible that I located my husband and we went looking for this juvenile delinquent in all the places we thought she'd be. We couldn't find her, so we went to Ethel's at 6:30 a. m. to calm her down, and the little darling was there! (Flat tire, O, sure!) What can I do with that hysterical sister of mine? My own kids don't get any rest with her calling all the time.

SHOT NERVES

DEAR SHOT: Tell your sister to call her own husband when she has problem at odd hours. If she doesn't know that it's

Horse Paid Off But Man Didn't, Suit Alleges

CHILLICOTHE, Ohio (AP)—The horse paid off, but the man didn't, a suit filed Friday in Chillicothe Municipal Court alleges.

Lloyd Hill of Clarksburg claims that on Sept. 8 he gave John Anderson of Chillicothe \$3 to place a Quinella bet (a bet which requires the selection of two horses to come in first and second in the same race) for him at Scioto Downs.

Hill claims the horses he selected came in first and second paying \$791.10, but Anderson refused to give him the winnings.

Hill's suit asks for the amount of the winnings, interest on the money since Sept. 8 and court costs.

A hearing date on the suit has not been set.

unfair to disturb you and your family. **TELL her!** But don't expect her to be more considerate of you just because you complained to ME.

DEAR ABBY: I proposed to a girl and she has accepted. My problem is this: Altho she will accept an engagement ring, she told me that she doesn't like diamonds. I would like to know if there are any other kinds of stones used for an engagement?

GOING SHOPPING

DEAR GOING: ANY other kind of ring you wish to buy her may be appropriately symbolic of your engagement. How about her birthstone? (If she was born in April, forget it.)

DEAR ABBY: My brother married about 10 years ago and moved to the west coast. That marriage ended in divorce, which was unfortunate for his three children. Soon afterwards, another marriage, and another batch of children. Then another divorce. This news came when my husband was quite ill, so I decided not to tell him anything about it.

That was a year ago. Today I received a letter from my brother — bubbling with enthusiasm. He's coming to visit us with his new "girl friend." He knew we had only one spare room, but could we get one of our neighbors to accommodate his friend? What do I do now? Insofar as my husband is concerned, my brother is still married to Number Two.

My brother says in his letter that his latest is a living doll, 25 years younger than he, but misunderstood by her husband! My brother is now 63, has had a lot of unhappiness in his life and I hesitate to contribute to it, but I can't have him here with a lady who's married to someone else. What should I do?

PERPLEXED

DEAR PERPLEXED: Write to your brother and tell him your position. And I suggest that you put your husband up to date on Brother's latest caper. You may have unexpected company.

CONFIDENTIAL TO "IN LOVE WITH A LIAR" IN MIDLAND: A liar suffers more than you know. Believing no one, he is ever confused, suspicious, and doubting. It's the sickness of the coward.

How Weather Looks Today

OHIO WEATHER SUMMARY

COLUMBUS, Ohio (AP)—Official weather bureau summary of Ohio's weather:

Cool temperatures and cloudy skies general over Ohio early today. Heavy rains of the past few days ended although a few widely scattered break.

General weather conditions expected to improve over Ohio with sunshine looked for in southern counties. There may be scattered showers in the northern counties.

Temperatures today were to range from 50 north to near 60 south. Some early morning temperatures around the state included Columbus 43, Dayton 46, Findlay 42, Cleveland 44, Youngstown 42, and Bellaire 45.

FORECASTS

OHIO—Cool with high temperatures 48 to 54 north and 52 to 62 south. Fair south and partly cloudy north tonight, low from mid 30s to mid 40s. Sunday mostly sunny and warmer.

CENTRAL OHIO — Clearing and a little cooler tonight. Low upper 30s. Sunday sunny and warmer, high near 70.

SOUTHEAST OHIO—Clearing and a little cooler tonight. Low mid 30s. Sunday sunny and warmer.

SOUTHWEST OHIO — Clear west and clearing east tonight. Cool, low 40-45. Sunday sunny and warmer.

No Cause To Complain

TOPEKA, Kan. (AP)—When a federal grand jury complained about a lack of parking for jurors and witnesses, Judge George Templar said it had taken him five years to get a reserved parking space and it's not in the same block as the courthouse.

Fawcett Tells OSU Stand on Strike Issues

COLUMBUS, Ohio (AP)—In a letter to members of the faculty and staff, Ohio State University President Novice G. Fawcett Friday explained the university's position in its current dispute with the non-academic employee's union.

Fawcett said the American Federation of State, County and Municipal Employees, Local 138 which represents "some" members of the non-academic staff, has threatened to strike Oct. 5 if its demands are not met.

Fawcett listed the demands as:

- A 10 per cent wage increase.
- Free medical and hospitalization programs for workers and families.
- Free meals.
- Free parking.

The president pointed out that the university has already agreed to checkoff the dues of any employee who requests it, and explained the university could agree to the present demands only if:

- More tax funds are provided by the Ohio General Assembly.

- Increases are imposed on student fees as well as room and board charges.
- Hospital room rates are raised.
- All miscellaneous charges are increased.

"Should the additional funds be unavailable from these sources, it appears that the university would have no other recourse but to reduce the size of its staff and curtail the total program of the university," Fawcett said.

The president concluded by saying if a strike occurs "the university will continue to operate without striking personnel," and called on all the members of the university community to exercise reasonableness and help order prevail.

In another union dispute here Capital University's non-academic employees have called off a strike threatened for midnight tonight pending the outcome of a meeting with university officials Saturday morning.

'Spirit of '67' Theme For GOP Women Meet

COLUMBUS, Ohio (AP)—The Ohio Federation of Republican Women has selected "Spirit of '67" as the theme for its 27th annual fall conference to be staged Oct. 5-7 in Columbus, it was announced Friday by Mrs. Katharine Kennedy Brown of Dayton, federation president.

Gov. James A. Rhodes will speak at 11 a. m. Friday, Oct. 6, and Max Rafferty, superintendent of public instruction and director of education in California, will speak at a banquet that night.

Little for China To Celebrate In 'National Day' Observance

By WILLIAM L. RYAN

Fourth Quarter Propels CHS to 26-8 SCO Decision

Circleville opened defense of its South Central Ohio League football title defeating visiting Greenfield McClain, 26-8, Friday with a breath taking fourth quarter.

The game was much closer than the final score indicates as the Red and Black gridders were able to capitalize on the breaks in the fourth quarter of the tilt.

Greenfield scored first, marching 90 yards the second time they got their hands on the ball. Circleville converted just before halftime and the score was 8-6 as the teams went to the dressing room.

	Cir	McC
First downs passing	2	2
First downs rushing	14	6
First downs by penalty	1	0
Total first downs	17	8
Net yards passing	21	34
Net yards rushing	213	104
Total yards gained	234	138
Passes attempted	11	8
Passes completed	2	2
Interceptions by	0	2
Fumbles	3	2
Fumbles lost	1	3
Punts	3(37)	5(23)
Penalty yardage	35	35

Both teams were scoreless in the third quarter, although Circleville controlled the ball for most of the period. In the fourth, the Tigers notched three touchdowns.

THE game was a hard hitting affair, played in intermittent rain, highlighted by a pair of hard-running fullbacks — Eddie Wells for Circleville and Rick Smith for Greenfield.

Wells was Circleville's leading groundgainer, carrying for a total of 78 yards. In the second half when the Tigers finally got their offense in gear Wells picked up 49 yards.

For Greenfield, Rick Smith gained 34 yards during their 90-yard touchdown march.

Circleville won the toss of the coin but was unable to generate a scoring drive on the opening series of plays.

Steve Dade booted the ball from his own 48 yard line to the Greenfield 20, where Mike Gregory returned the punt for four yards.

Greenfield quarterback Ron Coleman was nailed by Bob Dean for a loss of 10 yards on the first play. Steve Weik picked up a yard and then a pass from Coleman intended for Gregory was incomplete.

SMITH booted the ball for Greenfield, but his punt was blocked by Rick Sims and recovered by the Tigers on the seven yard line.

On the second play from

scrimmage, the Tigers fumbled and the ball went back to Greenfield. It was recovered on the 10 yard line.

From there, Greenfield marched for its only touchdown, controlling the ball for seven minutes. The hard running of Smith and Gregory combined with crisp sharp blocking by the line accounted for the yardage. Coleman completed one pass in the drive to Terry Fouch for 24 yards.

The scoring run was a seven yard plunge by Gregory with 14 seconds to go in the quarter. Gregory ran for the two extra points to give the visiting McClain Tigers a lead they held until the fourth quarter.

Again the Circleville offense was stymied by the rugged Greenfield defenders. On the series immediately following the Greenfield score, Circleville gained 21 yards before Dade was forced to punt from the CHS 38 yard line.

The football got away from Gregory at the Greenfield 30 yard line and rolled to the 25 where it was recovered by Circleville.

BUT the Tigers failed to capitalize on a golden opportunity for the second time in the first half.

The CHS offense sputtered and died at the Greenfield 18.

Greenfield gained on four yards in three plays and was forced to punt. Smith boomed a high end over end kick that hit at the Circleville 45, where it was touched by a Greenfield player and rolled another 20 yards.

The ball was put in play where the initial contact with the McClain player was made and the Tigers began their first scoring drive.

The clock showed 7:18 to go in the half when Circleville took possession.

Dade and Wells gained a yard each on two carries, and then Tootle hit Tom Wright for an eight yard gainer. On two successive runs, Dade gained a total of eight yards. Wells ran for one and then picked up the first down with a two yard plunge in a key possession situation.

AT the 35, Bob Tootle faded back to pass, saw no receiver and started off on a 16 yard scramble that gave Circleville a first down at the 19.

Dade ran for nine, and then Tootle lost a couple yards. On the next play he gained what he lost and it was fourth and one at the ten for the Tigers.

Once again the fullback was called on for the clutch yardage and Wells came through with a two yard plunge. Greenfield was penalized on the play and the Tigers had the ball first and goal to go at the four, where Dade started around left end, cut back and danced into the end zone with 1:57 showing on the clock. A pass for the extra points was not good and the score was 8-6. Neither team threatened again in the first half.

Circleville dominated the second half of the ball game. Greenfield could gain no more than 13 yards after taking the opening kick and Smith boomed a punt to the Circleville 20 yard line. The Red and Black Tigers gained only 15 yards, and Dade blasted a punt to the Greenfield 19 yard line.

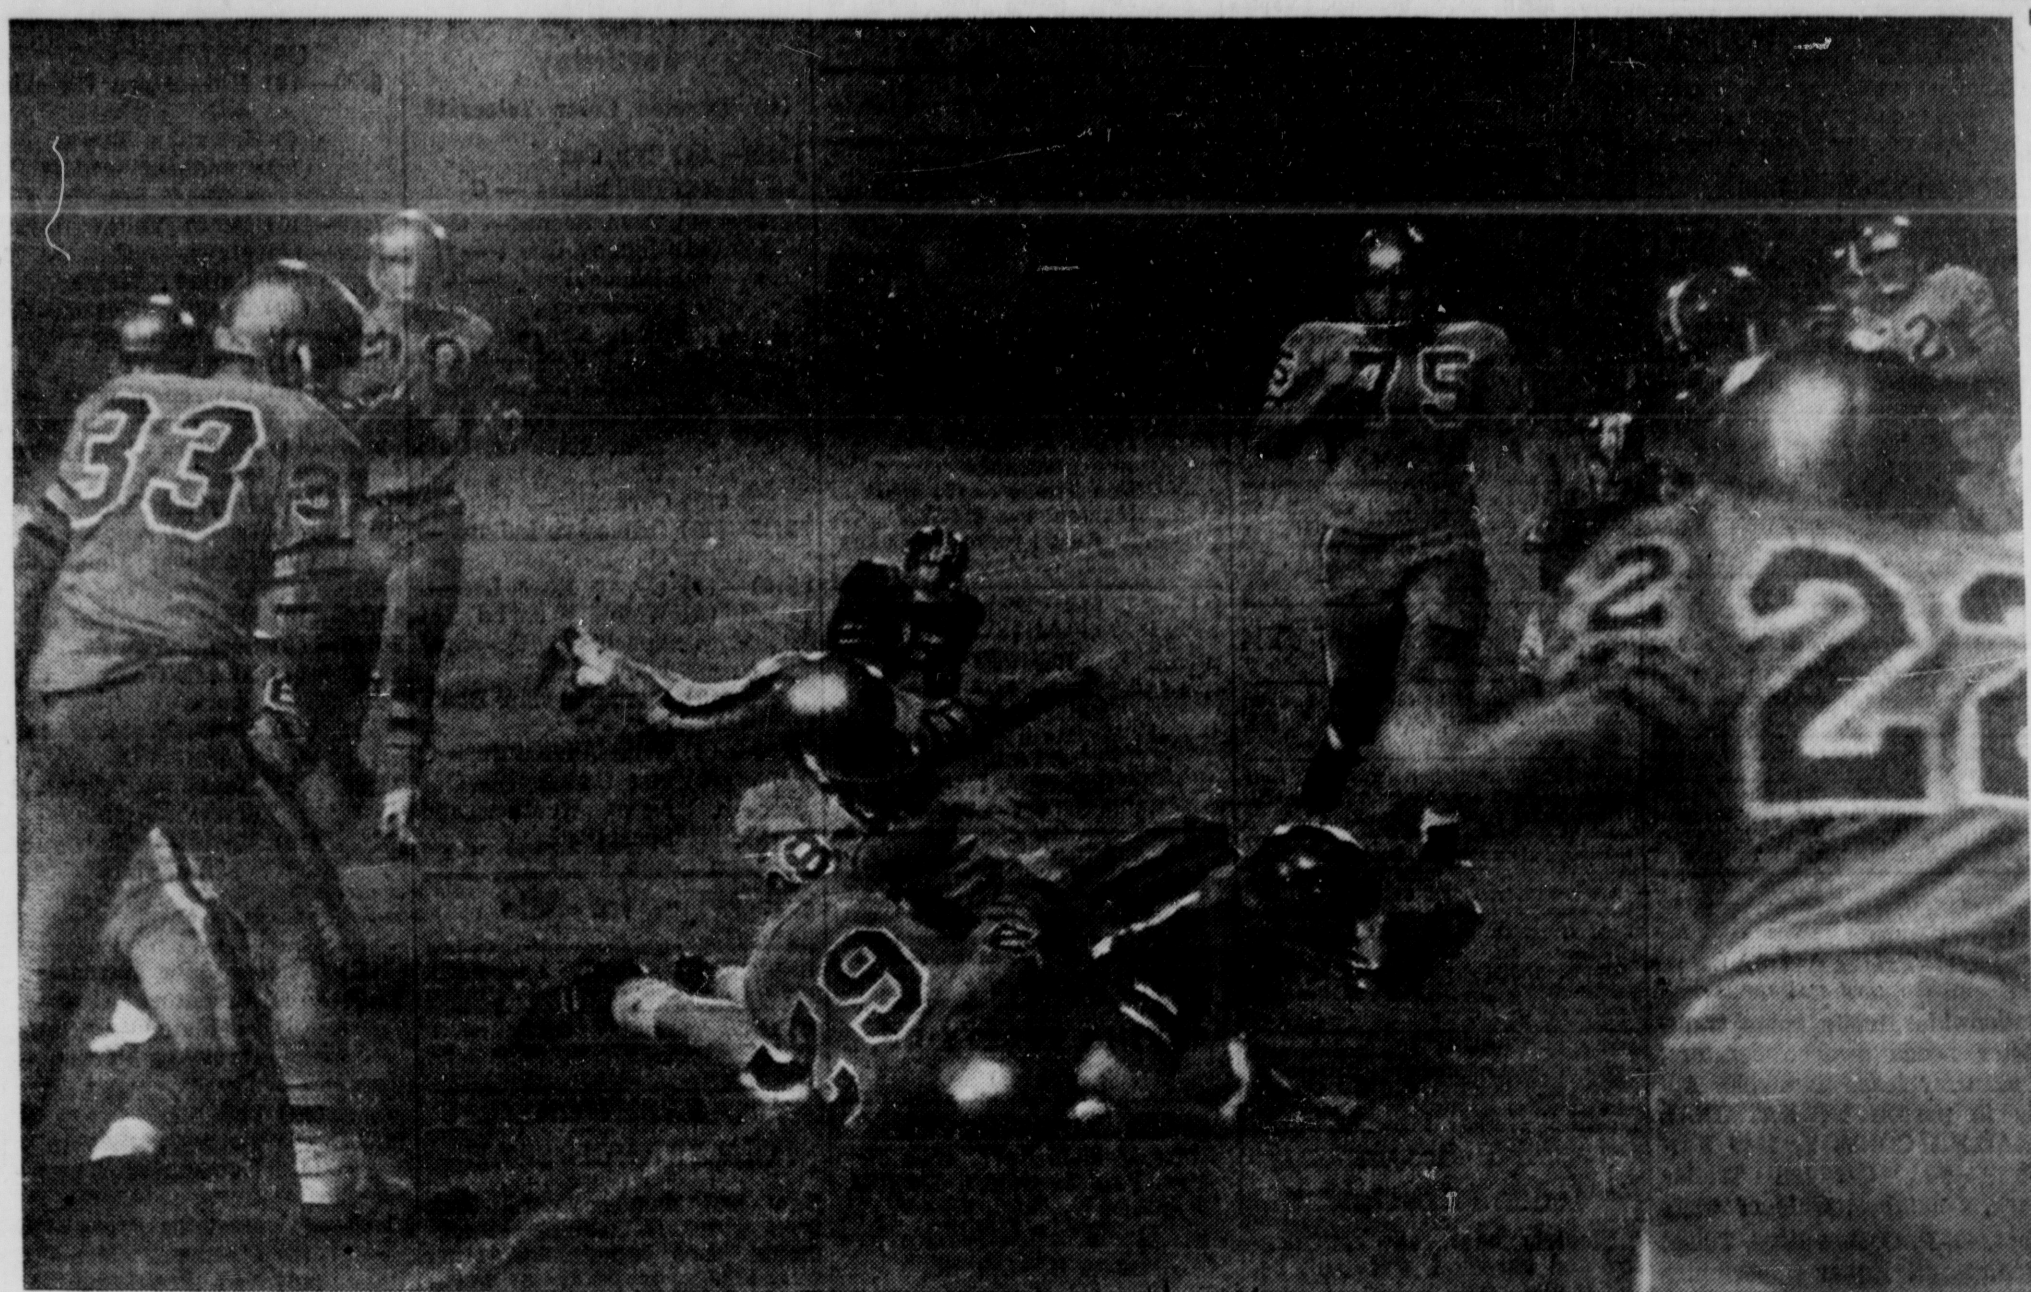

On the next exchange of punts the Tigers gained two yards. Taking the ball at the 38 yard line with 4:28 showing on the clock, Circleville marched in to score in the fourth quarter with 10:09 to go in the ball game.

On that particular drive, Tootle twice kept the ball and picked up vital first downs on fourth down situations — the first time was at the 29 yard line and the second time at the 18 yard line. Tootle carried the last yard for the score that put Circleville ahead for the first time in the game.

IMMEDIATELY after that touchdown, Circleville recovered a fumble at the Greenfield 40 yard line. Dade carried for three yards, Tootle went for four and then Wells got the first down for the Tigers with a seven yard rush. Again Dade carried for two. Wells moved for six and got another key first down for the Tigers with a seven yard rush. Again Dade carried for two. Wells moved for six and got another key first down at the 15 yard stripe with a three yard plunge. On fourth and eight at the 13, Tootle lofted a pass to Bill Gates in the left corner of the end zone for the touchdown.

Tootle kicked the extra point and the Tigers led 19-8 with 3:27 to go in the game. At this point a tense crowd of Circleville fans began to breathe easier, and the McClain fans began to leave their damp seats on the northside of the field. A fumble recovery at the 27 set up Circleville's last touchdown, and Wells scored from four yards out with 51 seconds remaining.

Tootle kicked the extra point and the Tigers won, 26-8.

LONESOME QUARTERBACK — Circleville's Bob Tootle is surrounded by a host of golden uniforms during Friday's game with the Greenfield McClain gridders. Larry Hiles (88) and John Kelly (62) stop Tootle while Rick Smith (33) and Tom Shoemaker (75) and a couple of other defenders are nearby.

NOSEDIVE — Tom Wright takes a nose dive as he is hit hard by Sid Charles (22) and an unidentified Greenfield tackler. Butch Walker (69) comes in for an assist. In the background for Circleville is Dick Thornton (62).

Dublin Rolls For 400 Yards Over Westfall

Mustangs Drop Tilt By 36-8 Count on Rain-Soaked Field

Dublin generated a 400-yard plus offense and stumped the Westfall Mustangs, 36-8, Friday on a misty Dublin field.

The winners, paced by the running of Mike Faulk who picked up 141 yards on the ground, rushed for a total of 321 yards and passed for 88 more.

Quarterbacks John Graham and Jeff Tolley hit on seven of 38 passes.

Westfall gained 206 yards on the ground and 86 yards through the air for a 292 yard total. John Furniss was leading offensive runner, gaining 97 yards.

DUBLIN opened the scoring when Jim Gentry caught a 37-yard TD pass from Graham. The conversion was no good. In the second period Graham scampered five yards for a score.

Faulk opened the second half with a one yard plunge into the end zone. The conversion try failed.

Dublin mounted another drive in the third period high stopped on the Westfall goal line. A bad snap from center created a Westfall safety and two points for Dublin.

In the final quarter John Holmes took a 6 yard pass from Tolley into the end zone. The two-point conversion pass from Tolley to Holmes was good.

Dublin scored again when Gentry broke away from the scrimmage line and pranced 80 yards. George Sabo ended the winners' scoring with the two-point conversion run.

The Mustangs' only score came when Gene Carrey galloped 14 yards in the final period. Carrey scored the two-point conversion on a run.

DUBLIN pulled off three interceptions. Tolley intercepted one but fumbled on the runback. Jeff Writsel fell on the ball for Westfall.

The Mustang homecoming is next Friday and Logan Elm provides the competition.

Teays Valley Downed 12-8 By Hamilton

Teays Valley Vikings suffered a 12-8 setback at the hands of host Hamilton Twp. Friday in the opening tilt of the Metropolitan League.

Hamilton Twp., Whitehall and Reynoldsburg share the initial lead in the loop, posting 1-0 records. Whitehall bested Pleasant View, 28-6, and Reynoldsburg topped Franklin Heights, 28-8.

Hamilton scored twice in the opening period. Ernie Spires hit Oscar Harris on a 53 yard pass play good for a score. Jim Topping rambled for 64 yards and a score.

The Vikings scored a TD in the first period when Bruce Roese cracked for seven yards. The conversion failed.

TEAYS Valley's final two points came in the fourth period when Spires slipped in the end zone for a safety.

Mark Leatherwood set up Teays Valley's first touchdown with a 55 yard kick off return.

The Vikings had two drives stopped by pass interceptions. Ed Miller, leading Teays Valley groundgainer, carried 16 times for 53 yards. The Vikings rushed for a total of 112 yards and passed for 93 more hitting on five of 12 aerals.

Hamilton, paced by the running of Topping, who picked up 140 yards in 15 carries, ran up a total of 237 yards, Rushing accounted for 178 yards and passing, two of seven, for 59.

Roese was leading Viking tackler with 10. Chuck Jackson, Ken Parsons, Stan Will and Tim Wells each had six tackles.

Teays Valley, now with a record of one win and three defeats, goes against Pleasant View Friday on the Viking gridiron in another Metro League clash.

Michigan and Michigan State first met in football in 1898.

Washington, Miami Trace Open SCO Race with Wins

Washington C. H., Miami Trace and Circleville opened the 1967 South Central Ohio League grid campaign with wins Friday night.

Washington, playing in rain and drizzle on their home field, thumped Wilmington, 22-14. Miami Trace blasted Hillsboro, 44-22, and Circleville dropped Greenfield, 26-8.

The Blue Lions of Washington, considered the biggest threat to title defenders Circleville, were paced by the running of Stan Brown. Brown scored two TDs and gained 105 yards in six carries, all on counter plays.

Eddie Heath opened the WCH scoring with a one-yard run across the goal in the first period. Lowell Harper's extra-point kick was no good.

JOHN Petty, Wilmington star, ran for two yards in the second period for a score. He ran the two-point conversion for an 8-6 halftime edge.

Brown cut loose at the start of the second half. He romped for 14 yards in the third period and 70 in the final quarter to account for his two scores. After both, Harper ran for the two-point conversions.

With half a minute remaining in the tilt Petty boosted Wilmington's score with a one-yard plunge into the end zone. The conversion failed.

Washington backfield ran for a total of 213 yards. Passing yardage totaled 37 for the Blue Lions, with one completion in five attempts.

Wilmington picked up 207 yards on the ground and nine

Buckpasser Contender At Aqueduct

NEW YORK (AP) — The \$100,000-a-d-d-e-d Woodward, matching four of the turf's best in a field of six, has been run only 13 times. Yet the 1 1/4-mile race at Aqueduct is steeped in nostalgia.

Ogden Phipps' Buckpasser, Mrs. Edith W. Bancroft's Damascus, W.L. McKnight's Dr. Fager and Jack Dreyfus' Hand-some Boy comprise the Big Four battling for prestige as much as the winner's share of the \$107,800 purse amounting to \$70,170.

Hedevar, a 5-year old swift stablemate of Damascus, and Great Power, a 3-year-old running mate of Buckpasser, complete the field that is expected to attract close to 60,000 fans.

The stake honors the late William F. Woodward, long a stalwart of the thoroughbred sport. The famous white and red-dotted silks, made famous by the many stars of Woodward's Belair Stud, will be carried by Damascus. The colt's owner is a daughter of Woodward.

Sword Dancer, sire of Damascus, twice won the coveted prize, scoring in 1959 and 1960. Buckpasser, who took the 1966 running en route to Horse of the Year honors, is the 6-5 choice to make it two straight in the weight-for-age event.

Eddie Neloy, trainer of Buckpasser, is after his third Woodward triumph. In addition to tightening the saddle girth on Buckpasser last year, the popular trainer won with Gun Bow in 1964.

Braulio Baeza, Buckpasser's jockey, is seeking his third straight Woodward triumph. Before piloting the Phipps' colt to victory last year, he won in 1965 with Roman Brother.

When Villanova lost to LSU in football, 45-7, in 1951, the Tigers intercepted eight passes.

Standings

	SCOR	OVERALL

Braves Edged By Miller in Heartbreaker

Visitors Score 7-6 Victory on 79-Yard Touchdown Gallop

Logan Elm dropped a heart-breaking squeaker to visiting Miller High School of Perry County, 7-6, Friday.

It was the best defensive performance by the Braves for the year according to Coach Marc Albright.

The only score by Miller came on a defensive lapse by the Braves when Milt Edwards slashed off tackle and eluded the Logan Elm secondary to go 79 yards for a touchdown. Mitch Pompey kicked the extra point.

Dale Jenne scored for the Braves in the third period, crashing over from three yards out. The scoring drive started on the 26 yard line of Miller.

LOGAN Elm gained only four yards in the first quarter. In the second they got their offense rolling for 33 yards. In the third they moved for a total of 41 yards and gained 32 in the final period.

Miller opened the game with a 129-yard first quarter. The long touchdown run by Edwards accounted for well over half of the yardage. In the second half they were held to 20 yards, in the third the visitors gained 57 and in the fourth 33 yards.

Logan Elm had seven first downs compared to nine for Miller. Miller was penalized for 75 yards while the Braves were penalized for 11 yards. Miller fumbled three times, losing two.

The visitors also lost the ball in the third quarter on a pass intercepted by Dave Reichleider.

At one point in the third quarter Miller drove to the two yard line where they had a first and goal situation.

The Miller ball carrier was hit with a jarring tackle by Jeff Randall and Dave Reichleider.

Clark Leads Attack On Speed Records

WATKINS GLEN, N.Y. (AP) — Jim Clark of Scotland, a two-time world champion, is pacing the assault on speed records in qualifying runs for Sunday's U.S. Grand Prix.

More qualifying runs were scheduled today for the competition which is part of the Canadian-American Challenge Cup series.

Eighteen drivers opened qualifying runs Friday when Clark turned in the fastest lap in Watkins Glen race course history. He wheeled his Lotus-Ford V8 around the 2.3-mile circuit in 1:06.80 for an official lap speed of 123.952—2.88 miles per hour faster than the practice mark of 1:21.06 set by Jack Brabham in qualifying in 1966.

No. 2 quarterback Coley O'Brien of Notre Dame tied a school record last season when he completed 21 passes against Southern California. John Huarte completed the same number against Stanford in '64.

Tiger Pointers

Eddie Wells' 101 yards last night, added to 311 yards he has rushed for in the three other games played by Circleville give him a total of 412 rushing yards for the Tigers.

Steve Dade gained 59 yards last night, had 92 yards last week and 136 yards in the first game for a total 287 yards for the season.

Bob Tootle has split the up-rights with 13 of the 14 extra point attempts he has booted this year.

Sickness hit the Tiger grid camp this past week, but all of the ill with the exception of Jim Samuel played last night.

"That was as hard a hitting ball game as I ever saw," Tiger Coach Paul Starr exclaimed after the tilt. "Those two linebackers of Greenfield were really tough—every bit as good as I thought they would be."

"They defended us as well as any team ever has," the CHS mentor said.

"I can't believe we won," he continued in wonder as he thought of the rugged and aggressive tackling of the Greenfield squad. "What did we win by?"

Somebody in the dressing room volunteered the information that Circleville won 26-8. "That's unbelievable was Starr's reply. I just can't believe it."

The Circleville coach had nothing but praise for Greenfield's linebackers and their hard running fullback, Rick Smith.

"I never saw anybody carry the ball like that big kid. I almost ran out there myself a couple of times to try to tackle him."

"I told the kids that this would be one of the toughest ball games all year, and it was. But we've got some tough ones left."

"You know, when I left Parkersburg I told my wife there would never be a bunch of kids like the Big Reds. But now I wouldn't trade one of these Circleville boys for the whole bunch."

"These kids can come from behind. And you just know that in the fourth quarter they're going to get out there and hit. You can just feel it."

"I believe we really got stronger in the fourth quarter."

Circleville's ability to control the ball was a contributing factor in the second half. Of the 24 minutes in the two periods, the Tigers had the ball 17 minutes.

Next week Circleville travels to Miami Trace. It will be the first time this year the Tigers have played out of the county with three of the four games at home and the other at Teays Valley High School.

Miami Trace has a veteran backfield headed by Eddie Summers, and an improved line to pave the way for the backs.

Baseball Standouts

By THE ASSOCIATED PRESS PITCHING — Phil Ortega, Senators, crushed Chicago's pennant hopes with a four-hit, 1-0 victory over the White Sox.

BATTING — Billy Williams, Cubs, scored three runs and drove in a pair with his 29th and 27th homers, leading Chicago past Cincinnati 4-1.

Fourth Quarter Propels CHS to 26-8 SCO Decision

Circleville opened defense of its South Central Ohio League football title defeating visiting Greenfield McClain, 26-8, Friday with a breath taking fourth quarter.

The game was much closer than the final score indicates as the Red and Black gridders were able to capitalize on the breaks in the fourth quarter of the tilt.

Greenfield scored first, marching 90 yards the second time they got their hands on the ball. Circleville converted just before halftime and the score was 8-6 as the teams went to the dressing room.

	Cir	McC
First downs passing	2	2
First downs rushing	14	6
First downs by penalty	1	0
Total first downs	17	8
Net yards passing	21	34
Net yards rushing	213	104
Total yards gained	234	138
Passes attempted	11	8
Passes completed	2	2
Interceptions by	0	1
Fumbles	3	2
Fumbles lost	1	3
Punts	3(37)	5(23)
Penalty yardage	35	38

Both teams were scoreless in the third quarter, although Circleville controlled the ball for most of the period. In the fourth, the Tigers notched three touchdowns.

THE game was a hard hitting affair, played in intermittent rain, highlighted by a pair of hard-running fullbacks — Eddie Wells for Circleville and Rick Smith for Greenfield.

Wells was Circleville's leading groundgainer, carrying for a total of 78 yards. In the second half when the Tigers finally got their offense in gear Wells picked up 49 yards.

For Greenfield, Rick Smith gained 34 yards during their 90-yard touchdown march.

Circleville won the toss of the coin but was unable to generate a scoring drive on the opening series of plays.

Steve Dade booted the ball from his own 48 yard line to the Greenfield 20, where Mike Gregory returned the punt for four yards.

Greenfield quarterback Ron Coleman was nailed by Bob Dean for a loss of 10 yards on the first play. Steve Weik picked up a yard and then a pass from Coleman intended for Gregory was incomplete.

SMITH booted the ball for Greenfield, but his punt was blocked by Rick Sims and recovered by the Tigers on the seven yard line.

On the second play from

scrimmage, the Tigers fumbled and the ball went back to Greenfield. It was recovered on the 10 yard line.

From there, Greenfield marched for its only touchdown, controlling the ball for seven minutes. The hard running of Smith and Gregory combined with crisp sharp blocking by the line accounted for the yardage. Coleman completed one pass in the drive to Terry Fouch for 24 yards.

The scoring run was a seven yard plunge by Gregory with 14 seconds to go in the quarter. Gregory ran for the two extra points to give the visiting McClain Tigers a lead they held until the fourth quarter.

Again the Circleville offense was stymied by the rugged Greenfield defenders. On the series immediately following the Greenfield score, Circleville gained 21 yards before Dade was forced to punt from the CHS 38 yard line.

The football got away from Gregory at the Greenfield 30 yard line and rolled to the 25 where it was recovered by Circleville.

BUT the Tigers failed to capitalize on a golden opportunity for the second time in the first half.

The CHS offense sputtered and died at the Greenfield 18.

Greenfield gained on four yards in three plays and was forced to punt. Smith boomed a high end over end kick that hit at the Circleville 45, where it was touched by a Greenfield player and rolled another 20 yards.

The ball was put in play where the initial contact with the McClain player was made and the Tigers began their first scoring drive.

The clock showed 7:18 to go in the half when Circleville took possession.

Dade and Wells gained a yard each on two carries, and then Tootle hit Tom Wright for an eight yard gainer. On two successive runs, Dade gained a total of eight yards. Wells ran for one and then picked up the first down with a two yard plunge in a key possession situation.

AT the 35, Bob Tootle faded back to pass, saw no receiver and started off on a 16 yard scramble that gave Circleville a first down at the 19.

Dade ran for nine, and then Tootle lost a couple yards. On the next play he gained what he lost and it was fourth and one at the ten for the Tigers.

Once again the fullback was called on for the clutch yardage and Wells came through with a two yard plunge. Greenfield was penalized on the play and the Tigers had the ball first and goal to go at the four, where Dade started around left end, cut back and danced into the end zone with 1:57 showing on the clock. A pass for the extra points was not good and the score was 8-6. Neither team threatened again in the first half.

Circleville dominated the second half of the ball game. Greenfield could gain no more than 13 yards after taking the opening kick and Smith boomed a punt to the Circleville 20 yard line. The Red and Black Tigers gained only 15 yards, and Dade blasted a punt to the Greenfield 19 yard line.

On the next exchange of punts the Tigers gained two yards. Taking the ball at the 38 yard line with 4:28 showing on the clock, Circleville marched in to score in the fourth quarter with 10:09 to go in the ball game.

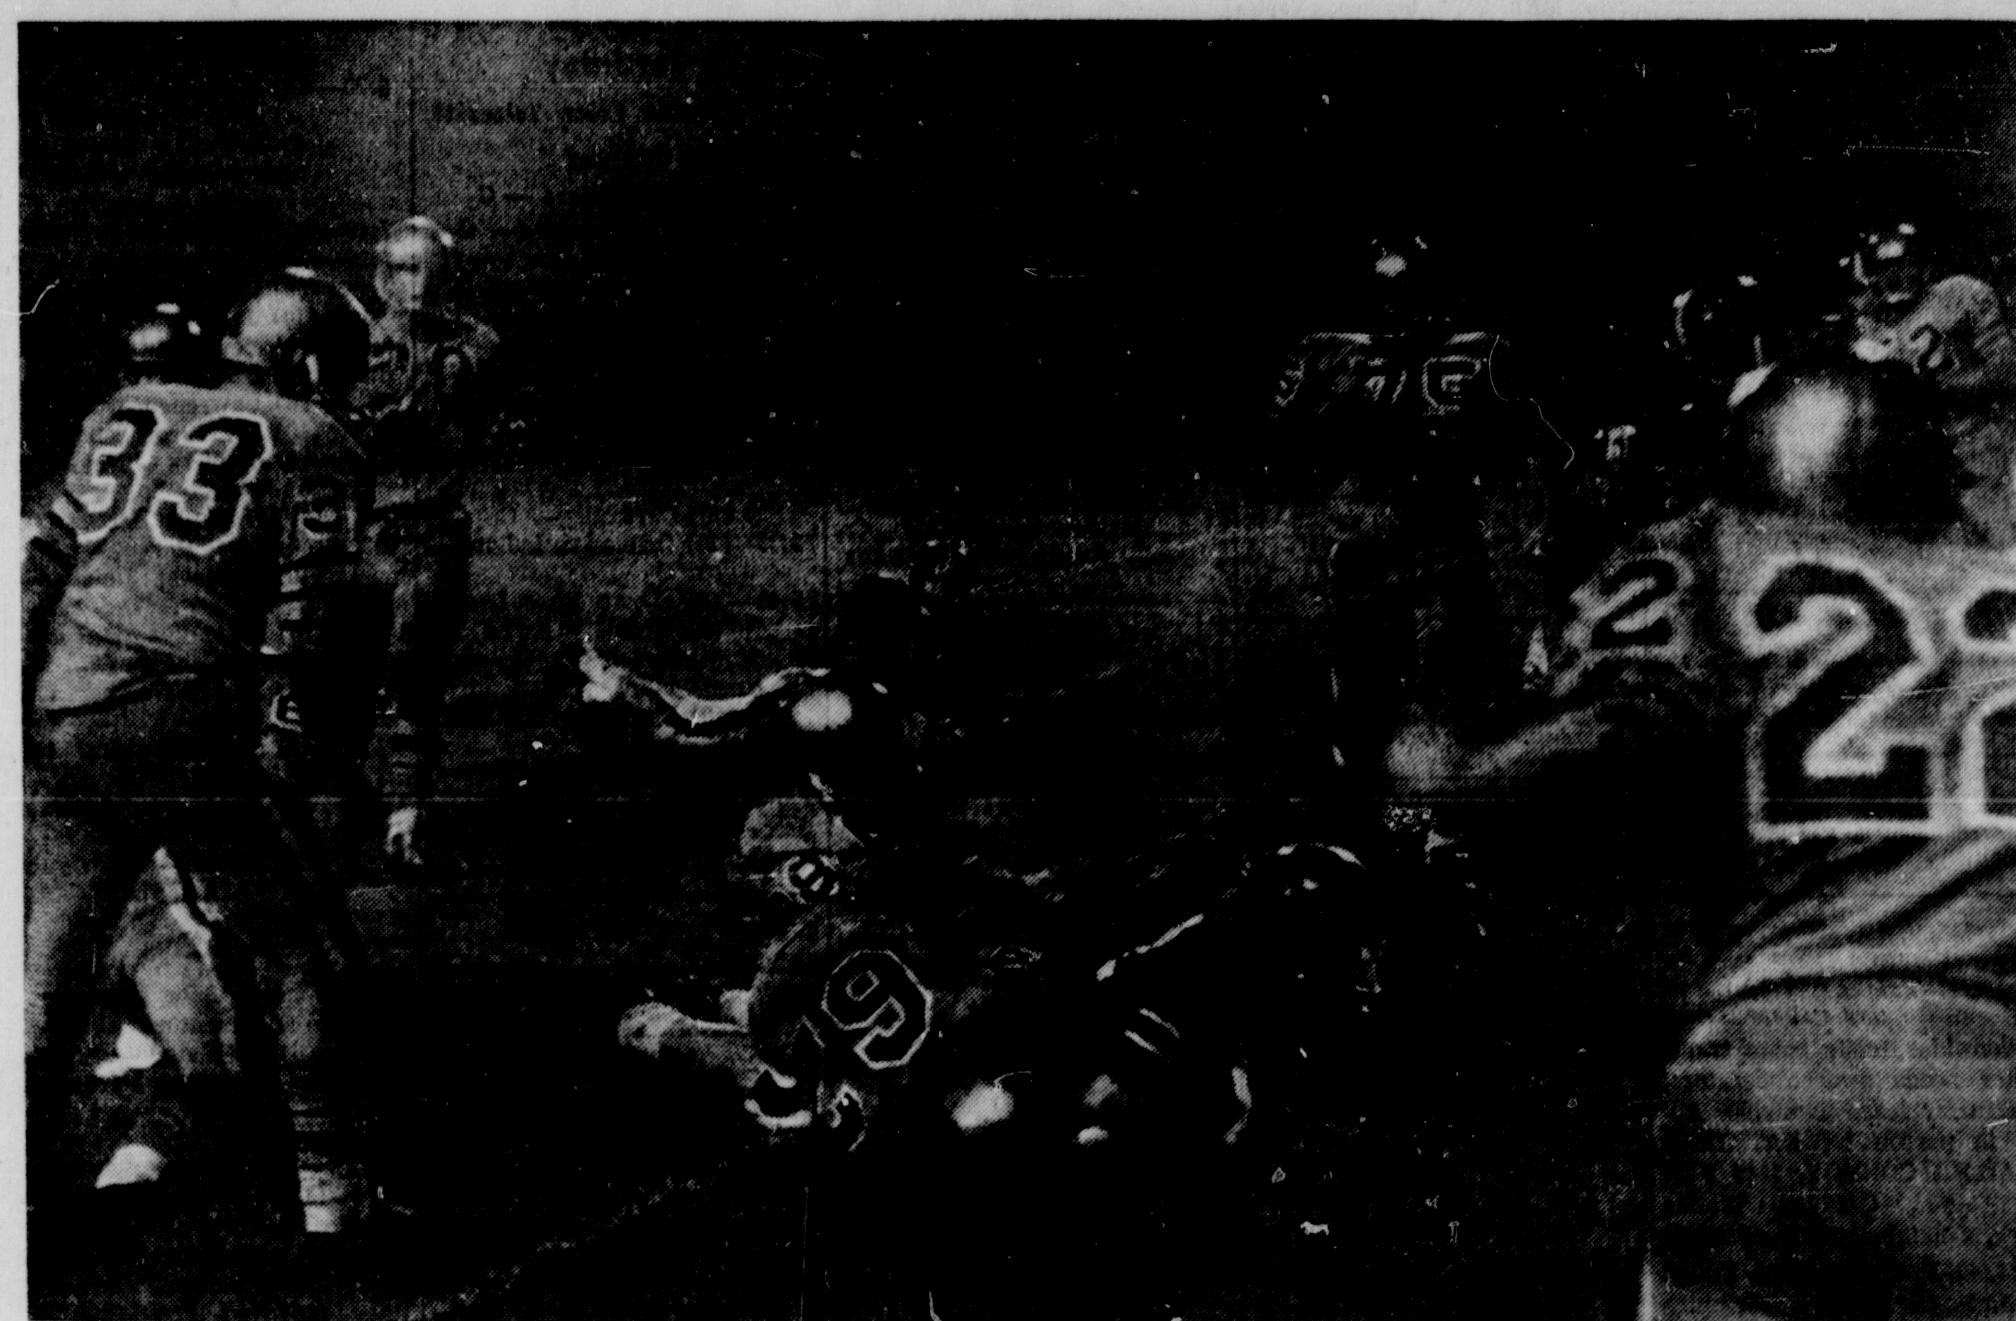

On that particular drive, Tootle twice kept the ball and picked up vital first downs on fourth down situations — the first time was at the 29 yard line and the second time at the 18 yard line. Tootle carried the last yard for the score that put Circleville ahead for the first time in the game.

IMMEDIATELY after that touchdown, Circleville recovered a fumble at the Greenfield 40 yard line. Dade carried for three yards, Tootle went for four and then Wells got the first down for the Tigers with a seven yard rush. Again Dade carried for two. Wells moved for six and got another key first down at the 15 yard stripe with a three yard plunge. On fourth and eight at the 13, Tootle lofted a pass to Bill Gates in the left corner of the end zone for the touchdown.

Tootle kicked the extra point and the Tigers led 19-8 with 3:27 to go in the game. At this point a tense crowd of Circleville fans began to breathe easier, and the McClain fans began to leave their damp seats on the northside of the field.

A fumble recovery at the 27 set up Circleville's last touchdown, and Wells scored from four yards out with 51 seconds remaining.

Tootle kicked the extra point and the Tigers won, 26-8.

LONESOME QUARTERBACK — Circleville's Bob Tootle is surrounded by a host of golden uniforms during Friday's game with the Greenfield McClain gridders. Larry Hiles (88) and John Kelly (62) stop Tootle while Rick Smith (33) and Tom Shoemaker (75) and a couple of other defenders are nearby.

NOSEDIVE — Tom Wright takes a nose dive as he is hit hard by Sid Charles (22) and an unidentified Greenfield tackler. Butch Walker (69) comes in for an assist. In the background for Circleville is Dick Thornton (62).

Dublin Rolls For 400 Yards Over Westfall

Mustangs Drop Tilt By 36-8 Count on Rain-Soaked Field

Dublin generated a 400-yard plus offense and stumped the Westfall Mustangs, 36-8, Friday on a misty Dublin field.

The winners, paced by the running of Mike Faulk who picked up 141 yards on the ground, rushed for a total of 321 yards and passed for 88 more.

Quarterbacks John Graham and Jeff Tolley hit on seven of 38 passes.

Westfall gained 206 yards on the ground and 86 yards through the air for a 292 yard total. John Furniss was leading offensive runner, gaining 97 yards.

DUBLIN opened the scoring when Jim Gentry caught a 37-yard TD pass from Graham. The conversion was no good. In the second period Graham scampered five yards for a score.

Faulk opened the second half with a one yard plunge into the end zone. The conversion try failed.

Dublin mounted another drive in the third period high stepped on the Westfall goal line. A bad snap from center created a Westfall safety and two points for Dublin.

In the final quarter John Holmes took a 6 yard pass from Tolley into the end zone. The two-point conversion pass from Tolley to Holmes was good.

Dublin scored again when Gentry broke away from the scrim? mage line and pranced 80 yards. George Sabo ended the winners' scoring with the two-point conversion run.

The Mustangs' only score came when Gene Carrey galloped 14 yards in the final period. Carrey scored the two-point conversion on a run.

DUBLIN pulled off three interceptions. Tolley intercepted one but fumbled on the runback. Jeff Writsell fell on the ball for Westfall.

The Mustang homecoming is next Friday and Logan Elm provides the competition.

Teays Valley Downed 12-8 By Hamilton

Teays Valley Vikings suffered a 12-8 setback at the hands of host Hamilton Twp. Friday in the opening tilt of the Metropolitan League.

Hamilton Twp., Whitehall and Reynoldsburg share the initial lead in the loop, posting 1-0 records. Whitehall bested Pleasant View, 28-6, and Reynoldsburg topped Franklin Heights, 28-8.

Hamilton scored twice in the opening period. Ernie Spires hit Oscar Harris on a 53 yard pass play good for a score. Jim Topping rambled for 64 yards and a score.

The Vikings scored a TD in the first period when Bruce Roese cracked for seven yards. The conversion failed.

TEAYS Valley's final two points came in the fourth period when Spires slipped in the end zone for a safety.

Mark Leatherwood set up Teays Valley's first touchdown with a 55 yard kick off return.

The Vikings had two drives stopped by pass interceptions. Ed Miller, leading Teays Valley groundgainer, carried 16 times for 53 yards. The Vikings rushed for a total of 112 yards and passed for 93 more hitting on five of 12 aerials.

Hamilton, paced by the running of Topping, who picked up 140 yards in 15 carries, ran up a total of 237 yards. Rushing accounted for 178 yards and passing, two of seven, for 59.

Roese was leading Viking tackler with 10. Chuck Jackson, Ken Parsons, Stan Will and Tim Wells each had six tackles.

Teays Valley, now with a record of one win and three defeats, goes against Pleasant View Friday on the Viking gridiron in another Metro League clash.

Michigan and Michigan State first met in football in 1898.

Washington, Miami Trace Open SCO Race with Wins

Washington C. H., Miami Trace and Circleville opened the 1967 South Central Ohio League grid campaign with wins Friday night.

Washington, playing in rain and drizzle on their home field, thumped Wilmington, 22-14. Miami Trace blasted Hillsboro, 44-22, and Circleville dropped Greenfield, 26-8.

The Blue Lions of Washington, considered the biggest threat to title defenders Circleville, were paced by the running of Stan Brown. Brown scored two TDs and gained 105 yards in six carries, all on counter plays.

Eddie Heath opened the WCH scoring with a one-yard run across the goal in the first period. Lowell Harper's extra-point kick was no good.

JOHN Petty, Wilmington star, ran for two yards in the second period for a score. He ran the two-point conversion for an 8-6 halftime edge.

Brown cut loose at the start of the second half. He romped for 14 yards in the third period and 70 in the final quarter to account for his two scores. After both, Harper ran for the two-point conversions.

With half a minute remaining in the tilt Petty boosted Wilmington's score with a one-yard plunge into the end zone. The conversion failed.

Washington backfield ran for a total of 213 yards. Passing yardage totaled 37 for the Blue Lions, with one completion in five attempts.

Wilmington picked up 207 yards on the ground and nine

Buckpasser Contender At Aqueduct

NEW YORK (AP) — The \$100,000-a-d-d-e-d Woodward, matching four of the turf's best in a field of six, has been run only 13 times. Yet the 14-mile race at Aqueduct is steeped in nostalgia.

Ogden Phipps' Buckpasser, Mrs. Edith W. Bancroft's Damascus, W.L. McKnight's Dr. Fager and Jack Dreyfus' Handsome Boy comprise the Big Four battling for prestige as much as the winner's share of the \$107,800 purse amounting to \$70,170.

Hedevar, a 5-year old swift stablemate of Damascus, and Great Power, a 3-year-old running mate of Buckpasser, complete the field that is expected to attract close to 60,000 fans.

The stake honors the late William F. Woodward, long a stalwart of the thoroughbred sport. The famous white and red-dotted silks, made famous by the many stars of Woodward's Belair Stud, will be carried by Damascus. The colt's owner is a daughter of Woodward.

Sword Dancer, sire of Damascus, twice won the coveted prize, scoring in 1959 and 1960. Buckpasser, who took the 1965 running en route to Horse of the Year honors, is the 6-5 choice to make it two straight in the weight-for-age event.

Eddie Neloy, trainer of Buckpasser, is after his third Woodward triumph. In addition to tightening the saddle girth on Buckpasser last year, the popular trainer won with Gun Bow in 1964.

Braulio Baeza, Buckpasser's jockey, is seeking his third straight Woodward triumph. Before piloting the Phipps' colt to victory last year, he won in 1965 with Roman Brother.

When Villanova lost to LSU in football, 45-7, in 1951, the Tigers intercepted eight passes.

Braves Edged By Miller in Heartbreaker

Visitors Score 7-6
Victory on 79-Yard Touchdown Gallop

Logan Elm dropped a heart-breaking squeaker to visiting Miller High School of Perry County, 7-6, Friday.

It was the best defensive performance by the Braves for the year according to Coach Marc Albright.

The only score by Miller came on a defensive lapse by the Braves when Milt Edwards slashed off tackle and eluded the Logan Elm secondary to go 79 yards for a touchdown. Mitch Pompey kicked the extra point.

Dale Jenne scored for the Braves in the third period, crashing over from three yards out. The scoring drive started on the 26 yard line of Miller.

LOGAN Elm gained only four yards in the first quarter. In the second they got their offense rolling for 33 yards. In the third they moved for a total of 41 yards and gained 32 in the final period.

Miller opened the game with a 129-yard first quarter. The long touchdown run by Edwards accounted for well over half of the yardage. In the second half they were held to 20 yards, in the third the visitors gained 57 and in the fourth 33 yards.

Logan Elm had seven first downs compared to nine for Miller. Miller was penalized for 75 yards while the Braves were penalized for 11 yards. Miller fumbled three times, losing two.

The visitors also lost the ball in the third quarter on a pass intercepted by Dave Reichleider.

At one point in the third quarter Miller drove to the two yard line where they had a first and goal situation.

The Miller ball carrier was hit with a jarring tackle by Jeff Randall and Dave Reichleider.

Clark Leads Attack On Speed Records

WATKINS GLEN, N.Y. (AP) — Jim Clark of Scotland, a two-time world champion, is pacing the assault on speed records in qualifying runs for Sunday's U.S. Grand Prix.

More qualifying runs were scheduled today for the competition which is part of the Canadian-American Challenge Cup series.

Eighteen drivers opened qualifying runs Friday when Clark turned in the fastest lap in Watkins Glen race course history. He wheeled his Lotus-Ford V8 around the 2.3-mile circuit in 1:06.80 for an official lap speed of 123.952—2.88 miles per hour faster than the practice mark of 1:21.06 set by Jack Brabham in qualifying in 1966.

No. 2 quarterback Coley O'Brien of Notre Dame tied a school record last season when he completed 21 passes against Southern California. John Huarte completed the same number against Stanford in '64.

Tiger Pointers

Eddie Wells' 101 yards last night, added to 311 yards he has rushed for in the three other games played by Circleville give him a total of 412 rushing yards for the Tigers.

Steve Dade gained 59 yards last night, had 92 yards last week and 136 yards in the first game for a total 287 yards for the season.

Bob Tootle has split the up-rights with 13 of the 14 extra point attempts he has booted this year.

Sickness hit the Tiger grid camp this past week, but all of the ill with the exception of Jim Samuel played last night.

"That was as hard a hitting ball game as I ever saw," Tiger Coach Paul Starr exclaimed after the tilt. "Those two linebackers of Greenfield were really tough—every bit as good as I thought they would be."

"They defended us as well as any team ever has," the CHS mentor said.

"I can't believe we won," he continued in wonder as he thought of the rugged and aggressive tackling of the Greenfield squad. "What did we win by?"

Somebody in the dressing room volunteered the information that Circleville won 26-8. "That's unbelievable was Starr's reply. I just can't believe it."

The Circleville coach had nothing but praise for Greenfield's linebackers and their hard running fullback, Rick Smith.

"I never saw anybody carry the ball like that big kid. I almost ran out there myself a couple of times to try to tackle him."

"I told the kids that this would be one of the toughest ball games all year, and it was. But we've got some tough ones left."

"You know, when I left Parkersburg I told my wife there would never be a bunch of kids like the Big Reds. But now I wouldn't trade one of these Circleville boys for the whole bunch."

"These kids can come from behind. And you just know that in the fourth quarter they're going to get out there and hit. You can just feel it."

"I believe we really got stronger in the fourth quarter."

Circleville's ability to control the ball was a contributing factor in the second half. Of the 24 minutes in the two periods, the Tigers had the ball 17 minutes.

Next week Circleville travels to Miami Trace. It will be the first time this year the Tigers have played out of the county with three of the four games at home and the other at Teays Valley High School.

Miami Trace has a veteran backfield headed by Eddie Summers, and an improved line to pave the way for the backs.

Cougar Offense Sparkles; No. 3 Enemy Routed 50-6

By BEN OLAN
Associated Press Sports Writer
Roll out the red carpet for Houston's powerful football team, traveling at a 40-points-a-game pace and apparently destined to rank among the nation's best throughout the 1967 college season.

Playing on the green, synthetic turf of the Houston Astro-dome Friday night, the third-ranked Cougars rolled up an amazing 695 total offense yards in overpowering Wake Forest, 50-6.

Penn State defeated the Miami, Fla. Hurricanes 17-8 in another major game.

Notre Dame, No. 1 in the latest Associated Press poll, and Southern California, No. 2, were featured in games on Saturday's schedule. The Irish took on 10th-ranked Purdue on the Boilermakers' field while Southern California was at Michigan State.

In other big games, UCLA, No. 4, met Washington State, Georgia, No. 5, played Clemson, Nebraska, No. 7, faced Minnesota, Texas, No. 8 went against Texas Tech, and Alabama, No. 9, played Southern Mississippi. Sixth-ranked Colorado as not scheduled.

Dick Woodall fired four touchdown passes for unbeaten Houston, which has scored 120 points in recording three victories. The Cougars upset Michigan State 37-7 last week after opening with a 33-13 triumph over Florida State.

Houston had a 29-0 lead over Wake Forest before the Deacons scored their only touchdown. Wake Forest crossed midfield only three other times. The Cougars struck for touchdowns three of the first four times they had the ball.

Tom Sherman and Bob Campbell were Penn State's stars against Miami, which had been ranked No. 8 before being upset by Northwestern a week ago. Sherman passed for two touch-

downs and flipped a two-point conversion throw to Jack Curry. Campbell's booming punts sent the Hurricanes deep in their own territory repeatedly. He also contributed the longest run of the game, 50 yards.

Notre Dame was a two-touchdown favorite to beat Purdue. However, the Boilermakers were confident they could stop the enormous Irish line and the brilliant Notre Dame passing game. Quarterback Terry Hanratty threw two touchdown passes and scored once in Notre Dame's 41-8 opening game victory over California last week.

Mike Phipps, Purdue's sophomore quarterback, made an auspicious start a week ago. He passed for 269 yards and one touchdown as the Boilermakers downed Texas A&M, 24-20.

Southern California again was looking for big things from their

speedy, star left halfback O.J. Simpson in their game with the Spartans. In the Trojans' first two games this season — victories of 49-0 over Washington State and 17-13 over Texas — Simpson carried a total of 47 times, netting a team-leading 252 yards for an average of 5.36 per carry.

Duffy Daugherty, the Michigan State coach, said he expects to see "the greatest Southern California team, probably, that I've seen."

Other major games included Rice and Navy, Washington and the Air Force, Stanford and San Jose State, Wyoming and Colorado State, Missouri and Northwestern, Ohio State and Arizona, Iowa and Oregon State, Georgia Tech and Texas Christian, Tennessee and Auburn, Army and Boston College and Syracuse and West Virginia.

4 Still Unbeaten Pro Teams To Vie

By BOB GREEN
Associated Press Sports Writer

Don Meredith tries to keep going, Bart Starr looks for a comeback and two of the more famous passing arms in the business, belonging to Johnny Unitas and Joe Namath, face severe tests in important pro football games Sunday.

Unitas, Baltimore's all-anything quarterback, takes his unbeaten Colt teammates against also-unbeaten San Francisco while Meredith and the Dallas Cowboys go against Los Angeles in another match of National Football League unbeatens.

Starr of Green Bay, subjected to a demoralizing nine interceptions in the Packers' first two games, tries to regain the form that made him the league's 1966 Most Valuable Player against winless Atlanta.

In the American League, Namath — who had his greatest day as a pro last week — takes his New York Jets against Miami in a struggle for the Eastern Division lead. Each team is 1-1. Kansas City and Oakland, each 2-0, meet on the Raiders' home grounds with the Western lead at stake.

Both leagues have a full schedule, all Sunday afternoon. In addition to Los Angeles at Dallas and San Francisco at Baltimore, all unbeaten, the NFL offers Detroit, 1-0, at St. Louis, 1-1. Atlanta, 0-2, vs. Green Bay 1-0-1 at Milwaukee. Pittsburgh, 1-1, at Philadelphia, 1-1 New York, 1-1, at Washington, 1-1; Chicago, 0-2, at Minnesota 0-2, and Cleveland, 0-2, at New Orleans 0-2.

In the AFL, it's Kansas City at Oakland, San Diego (2-0) at Buffalo (1-2), Miami at New York and Denver (1-3) at Houston (1-2).

An interesting defense vs. offense situation shapes up at Dallas. The Rams' defense is one of the best in the business, and has yet to allow a touchdown this season. The Cowboys' Meredith currently leads the league with six touchdown passes in two games, including four last week.

The 49ers have shown a good pass rush this season, but face an old jinx in Unitas. The Colts have beaten San Francisco nine times in a row. Unitas found a new target in Willie Richardson last week, hitting him for 11 completions and 184 yards.

Green Bay, expected to domi-

nate the league again this season, is still sputtering. The Packers hope to get untracked against the Falcons, who will be closing a three-game road trip. The Browns are in a must-win situation against the Saints if they are to be a title factor. They've lost two straight, but Leroy Kelly began to show some '66 form with a 141-yard rushing performance last week. The new Saints end a three-game home stand.

Unearned Run Drops Chicago From AL Race

By DICK COUCH
Associated Press Sports Writer

The coffin slammed shut on the Walking Dead. And then there were three.

Eddie Stanky's tenacious Zombies, the Chicago White Sox, dropped out of the American League pennant struggle Friday night, succumbing meekly to Washington 1-0 on Phil Ortega's four-hitter.

Now it's up to Minnesota. . . or Boston. . . or Detroit to pick up the pieces. But all three were holding a cold hand and watching the weather today.

The Tigers, who have dropped two of their last three starts, were frozen out of a scheduled two-night doubleheader against California Friday night and now must beat the Angels four times in two days to assure themselves of a first-place tie.

If Detroit wins all four, the Twins, one game in front despite two setbacks in their last three games, need to sweep their two-game set at Boston today and Sunday to nail a share of the top spot.

And the Red Sox, shocked twice by Cleveland earlier in the week, need nothing less than two victories over the Twins plus at least one Detroit loss to grab a piece of the pennant pie. The New York Yankees beat Kansas City twice 4-3 and 1-0, in Friday's only other AL action. St. Louis trimmed Atlanta 3-1 in 11 innings, Philadelphia blasted San Francisco 9-1, Pittsburgh topped Houston 4-1, Chicago beat Cincinnati 4-1, New York whipped Los Angeles 5-1 in National League games.

The White Sox' demise — they needed a three-game sweep over the Senators to stay alive — erased the possibility of a three-way playoff. A Tigers-Twins or Tigers-Red Sox deadlock, should it develop, would force a best-of-3 playoff beginning Monday...weather permitting.

The World Series is set to start Wednesday, if no playoff is necessary, or two days after the completion of the playoff. "I don't want any flowers when I'm in the mortuary," Stanky said after his White Sox handed the Senators an unearned run in the first inning and then went out with their bats at half mast.

"All year long the elephants feared the mice. Well, they can have it all to themselves with a sigh of relief. We're out of it." "But I wish we would have lost that one on a home run or a clean hit. I hate to lose on an error."

Tennessee has back its star kicker, Gary Wright of Heflin, Ala. Wright made 28 of 29 extra points in 1966 and booted four field goals in seven attempts.

Griffith Wins Boxing Title

**Third Fight Looms
With Unseated King**

NEW YORK (AP) — Emile Griffith had the world middleweight title again today, Italy's Nino Benvenuti had bruised ribs, and Madison Square Garden might have a third fight between the two for its new 20,000-seat arena in February or March.

Griffith bloodied the handsome Italian's face and pounded his body in regaining the 160-pound division crown on a decisive, one knockdown, 15-round victory at misty, damp Shea Stadium Friday night.

Then the recrowned champion went to a victory party at a hotel near the park while the aching Italian went to Polytechnic Hospital to see whether he had suffered broken ribs in the defeat.

First reports from the hospital, where Nino was kept overnight for observation, was that he had suffered "contusions of the upper left abdomen."

Dr. Harry Kleiman of the New York Athletic Commission wanted to study the X rays before making a final report.

Benvenuti didn't talk to newsmen in the dressing room after his loss in his first defense. He was whisked to the hospital. His handlers said Nino's ribs were hurt in the third round of the rough fight and that he was in pain thereafter.

They were pleased when Harry Markson, the Garden's director of boxing, suggested the third and rubber bout for the magnificent new building.

"It's okay with me," said the jubilant Griffith. "I'll fight him any time. Ten times in a row if they want it." I knew I could beat him if I fought my fight. I did."

Cubs' Hurler Defeats Reds

CINCINNATI (AP) — Mixing sliders and "good tailing" fast balls, nemesis Ferguson Jenkins continued his mastery over the Cincinnati Reds, checking them on six hits and pitching Chicago to a 4-1 victory.

The loss was a big one for the Reds because it means they have to win the two remaining games in the season-ending series with the Cubs to finish in third place.

A sweep of a doubleheader vaulted Cincinnati into third place one-half game ahead of Chicago but the Cubs regained third by the same margin Friday night.

Jenkins chalked up his 20th triumph against 13 losses as he won his fourth game over the Reds this year without a defeat. Billy Williams led the Cubs offense attack with two solo homers.

Jenkins held the Reds scoreless until the ninth when they mounted their biggest offensive of the night.

With one out, Tony Perez doubled and Art Shamsky followed with a run-scoring single. Cincinnati put men on first and third with two out in the fifth, but Jenkins put down the threat.

The victory gave the Cubs an 11-5 bulge on the season series.

Cincinnati Signs 4 from Venezuela

CINCINNATI (AP) — The Cincinnati Reds announced Friday they have signed four youngsters from Venezuela to play with their Sioux Falls farm club in the Northern League in 1968.

They are David Concepcion, a second baseman from Maracay, and shortstop Virgilio Mata, third baseman Franklin Moreno, and pitcher Pedro Bello, all from Caracas.

Fur, Fin & Campfire

By BILL BERO
Tale of the tangles...
SOME FISHERMAN SPEND MORE TIME UNTANGLING LINES THAN FISHING.
IF YOU'RE STUCK, YOU MAY BE ON A SHELF OR ROCKY LEDGE OR IN THE WEEDS.

WHEN YOU DROP YOUR LINE, LET SINKER HIT BOTTOM AND THEN LIFT UP. WATCH THE CURRENT. IF LINE GOES UNDER BOAT, CHANGE POSITIONS BECAUSE YOU'LL GET INTO A REAL TANGLE.

WHEN TROLLING, TAKE OPPOSITE SIDES OF THE BOAT AND HAVE ONE ANGLER HOLD LINE A BIT HIGHER THAN OTHER.

Cougar Offense Sparkles; No. 3 Enemy Routed 50-6

By BEN OLAN
Associated Press Sports Writer

Roll out the red carpet for Houston's powerful football team, traveling at a 40-points-a-game pace and apparently destined to rank among the nation's best throughout the 1967 college season.

Playing on the green, synthetic turf of the Houston Astro-dome Friday night, the third-ranked Cougars rolled up an amazing 695 total offense yards in overpowering Wake Forest, 50-6.

Penn State defeated the Miami, Fla. Hurricanes 17-8 in another major game.

Notre Dame, No. 1 in the latest Associated Press poll, and Southern California, No. 2, were featured in games on Saturday's schedule. The Irish took on 10th-ranked Purdue on the Boilermakers' field while Southern California was at Michigan State.

In other big games, UCLA, No. 4, met Washington State, Georgia, No. 5, played Clemson, Nebraska, No. 7, faced Minnesota, Texas No. 8 went against Texas Tech, and Alabama, No. 9, played Southern Mississippi. Sixth-ranked Colorado as not scheduled.

Dick Woodall fired four touchdown passes for unbeaten Houston, which has scored 120 points in recording three victories. The Cougars upset Michigan State 37-7 last week after opening with a 33-13 triumph over Florida State.

Houston had a 29-0 lead over Wake Forest before the Deacons scored their only touchdown. Wake Forest crossed midfield only three other times. The Cougars struck for touchdowns three of the first four times they had the ball.

Tom Sherman and Bob Campbell were Penn State's stars against Miami, which had been ranked No. 8 before being upset by Northwestern a week ago. Sherman passed for two touch-

downs and flipped a two-point conversion throw to Jack Curry. Campbell's booming punts sent the Hurricanes deep in their own territory repeatedly. He also contributed the longest run of the game, 50 yards.

Notre Dame was a two-touchdown favorite to beat Purdue. However, the Boilermakers were confident they could stop the enormous Irish line and the brilliant Notre Dame passing game. Quarterback Terry Hanratty threw two touchdown passes and scored once in Notre Dame's 41-8 opening game victory over California last week.

Mike Phipps, Purdue's sophomore quarterback, made an auspicious start a week ago. He passed for 269 yards and one touchdown as the Boilermakers downed Texas A&M, 24-20.

Southern California again was looking for big things from their speedy, star left halfback O.J. Simpson in their game with the Spartans. In the Trojans' first two games this season — victories of 49-0 over Washington State and 17-13 over Texas — Simpson carried a total of 47 times, netting a team-leading 252 yards for an average of 5.36 per carry.

Duffy Daugherty, the Michigan State coach, said he expects to see "the greatest Southern California team, probably, that I've seen."

Other major games included Rice and Navy, Washington and the Air Force, Stanford and San Jose State, Wyoming and Colorado State, Missouri and Arizona, Iowa and Oregon State, Georgia Tech and Texas Christian, Tennessee and Auburn, Army and Boston College and Syracuse and West Virginia.

4 Still Unbeaten Pro Teams To Vie

By BOB GREEN
Associated Press Sports Writer

Don Meredith tries to keep going, Bart Starr looks for a comeback and two of the more famous passing arms in the business, belonging to Johnny Unitas and Joe Namath, face severe tests in important pro football games Sunday.

Unitas, Baltimore's all-everything quarterback, takes his unbeaten Colt teammates against also-unbeaten San Francisco while Meredith and the Dallas Cowboys go against Los Angeles in another match of National Football League unbeaten.

Starr of Green Bay, subjected to a demoralizing nine interceptions in the Packers' first two games, tries to regain the form that made him the league's 1966 Most Valuable Player against winless Atlanta.

In the American League, Namath — who had his greatest day as a pro last week — takes his New York Jets against Miami in a struggle for the Eastern Division lead. Each team is 1-1. Kansas City and Oakland, each 2-0, meet on the Raiders' home grounds with the Western lead at stake.

Both leagues have a full schedule, all Sunday afternoon.

In addition to Los Angeles at Dallas and San Francisco at Baltimore, all unbeaten, the NFL offers Detroit, 1-1, at St. Louis, 1-1, Atlanta, 0-2, vs. Green Bay 1-0-1 at Milwaukee, Pittsburgh, 1-1, at Philadelphia, 1-1 New York, 1-1, at Washington, 1-1; Chicago, 0-2, at Minnesota 0-2, and Cleveland, 0-2, at New Orleans 0-2.

In the AFL, it's Kansas City at Oakland, San Diego (2-0) at Buffalo (1-2), Miami at New York and Denver (1-3) at Houston (1-2).

An interesting defense vs. offense situation shapes up at Dallas. The Rams' defense is one of the best in the business, and has yet to allow a touchdown this season. The Cowboys' Meredith currently leads the league with six touchdown passes in two games, including four last week.

The 49ers have shown a good pass rush this season, but face an old jinx in Unitas. The Colts have beaten San Francisco nine times in a row. Unitas found a new target in Willie Richardson last week, hitting him for 11 completions and 184 yards.

Green Bay, expected to domi-

nate the league again this season, is still sputtering. The Packers hope to get untracked against the Falcons, who will be closing a three-game road trip.

The Browns are in a must-win situation against the Saints if they are to be a title factor. They've lost two straight, but Leroy Kelly began to show some '66 form with a 141-yard rushing performance last week. The new Saints end a three-game home stand.

Unearned Run Drops Chicago From AL Race

By DICK COUCH
Associated Press Sports Writer

The coffin slammed shut on the Walking Dead. And then there were three.

Eddie Stanky's tenacious Zombies, the Chicago White Sox, dropped out of the American League pennant struggle Friday night, succumbing meekly to Washington 1-0 on Phil Orjega's four-hitter.

Now it's up to Minnesota... or Boston... or Detroit to pick up the pieces. But all three were holding a cold hand and watching the weather today.

The Tigers, who have dropped two of their last three starts, were frozen out of a scheduled two-night doubleheader against California Friday night and now must beat the Angels four times in two days to assure themselves of a first-place tie.

If Detroit wins all four, the Twins, one game in front despite two setbacks in their last three games, need to sweep their two-game set at Boston today and Sunday to nail a share of the top spot.

And the Red Sox, shocked twice by Cleveland earlier in the week, need nothing less than two victories over the Twins plus at least one Detroit loss to grab a piece of the pennant.

The New York Yankees beat Kansas City twice 4-3 and 1-0, in Friday's only other AL action. St. Louis trimmed Atlanta 3-1 in 11 innings, Philadelphia blasted San Francisco 9-1, Pittsburgh topped Houston 4-1, Chicago beat Cincinnati 4-1 and New York whipped Los Angeles 5-1 in National League games.

The White Sox' demise — they needed a three-game sweep over the Senators to stay alive — erased the possibility of a three-way playoff. A Tigers-Twins or Tigers-Red Sox deadlock, should it develop, would force a best-of-3 playoff beginning Monday...weather permitting.

The World Series is set to start Wednesday, if no playoff is necessary, or two days after the completion of the playoff.

"I don't want any flowers when I'm in the mortuary," Stanky said after his White Sox handed the Senators an unearned run in the first inning and then went out with their bats at half mast.

"All year long the elephants feared the mice. Well, they can have it all to themselves with a sigh of relief. We're out of it."

"But I wish we would have lost that one on a home run or a clean hit. I hate to lose on an error."

Tennessee has back its star kicker, Gary Wright of Heflin, Ala. Wright made 28 of 29 extra points in 1966 and booted four field goals in seven attempts.

Griffith Wins Boxing Title

Third Fight Looms With Unseated King

NEW YORK (AP) — Emile Griffith had the world middleweight title again today, Italy's Nino Benvenuti had bruised ribs, and Madison Square Garden might have a third fight between the two for its new 20,000-seat arena in February or March.

Griffith bloodied the handsome Italian's face and pounded his body in regaining the 160-pound division crown on a decisive, one knockdown, 15-round victory at misty, damp Shea Stadium Friday night.

Then the recrowned champion went to a victory party at a hotel near the ball park while the aching Italian went to Polyclinic Hospital to see whether he had suffered broken ribs in the defeat.

First reports from the hospital, where Nino was kept overnight for observation, was that he had suffered "contusions of the upper left abdomen."

Dr. Harry Kleiman of the New York Athletic Commission wanted to study the X rays before making a final report.

Benvenuti didn't talk to newsmen in the dressing room after his loss in his first defense. He was whisked to the hospital. His handlers said Nino's ribs were hurt in the third round of the rough fight and that he was in pain thereafter.

They were pleased when Harry Markson, the Garden's director of boxing, suggested the third and rubber bout for the magnificent new building. "It's okay with me," said the jubilant Griffith. "I'll fight him any time. Ten times in a row if they want it." I knew I could beat him if I fought my fight. I did."

Cubs' Hurler Defeats Reds

CINCINNATI (AP) — Mixing sliders and "good tailing" fast balls, nemesis Ferguson Jenkins continued his mastery over the Cincinnati Reds, checking them on six hits and pitching Chicago to a 4-1 victory.

The loss was a big one for the Reds because it means they have to win the two remaining games in the season-ending series with the Cubs to finish in third place.

A sweep of a doubleheader vaulted Cincinnati into third place one-half game ahead of Chicago but the Cubs regained third by the same margin Friday night.

Jenkins chalked up his 20th triumph against 13 losses as he won his fourth game over the Reds this year without a defeat. Billy Williams led the Cubs offense attack with two solo homers.

Jenkins held the Reds scoreless until the ninth when they mounted their biggest offensive of the night.

With one out, Tony Perez doubled and Art Shamsky followed with a run-scoring single. Cincinnati put men on first and third with two out in the fifth, but Jenkins put down the threat.

The victory gave the Cubs an 11-5 bulge on the season series.

Cincinnati Signs 4 from Venezuela

CINCINNATI (AP) — The Cincinnati Reds announced Friday they have signed four youngsters from Venezuela to play with their Sioux Falls farm club in the Northern League in 1968.

They are David Concepcion, a second baseman from Maracay, and shortstop Virgilio Mata, third baseman Franklin Moreno, and pitcher Pedro Bello, all from Caracas.

Poll Gives Locher Edge Over Stokes in Cleveland

CLEVELAND (AP)—A newspaper poll on voter sentiment toward candidates in Cleveland's democratic mayoral primary next Tuesday gives incumbent Mayor Ralph S. Locher a very narrow edge over Negro State Rep. Carl B. Stokes.

The final Plain Dealer Poll today showed 47.5 per cent of the voters favoring Locher and 46.9 per cent favoring Stokes—a margin of only six-tenths of one per cent.

The third candidate, former Lakewood Mayor Frank P. Celeste, was favored by only 5.6 per cent of the voters polled.

In the 1965 mayoral election, Locher edged Stokes by one per cent of the votes in a four-way, general election race. Stokes passed up the primary and ran as an independent in that race.

An earlier Plain Dealer poll this year showed a 3.4 per cent edge in Stokes' favor. Locher

gained 3.2 per cent in the final poll while Stokes dropped eight-tenths of one per cent to fall behind.

The Plain Dealer said an analysis of the polls showed Locher's heaviest gains were in white areas on Cleveland's East Side, with a jump of 13.4 per cent. But the polls indicated that the mayor lost support in East Side Negro areas and on the predominantly white West Side.

The party organization, which is backing Locher, says Stokes will get solid backing from the Negro community and will poll about 100,000 votes. The party leaders have been exhorting ward leaders to get out the vote, and Locher agrees that he will need a large turnout to win.

There is no contest in the Republican mayoral primary, where Seth Taft is running unopposed.

Today in Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP) — The chairman of the National Mobilization to End the War in Vietnam predicts more than 50,000 persons will take part in an anti-war demonstration in Washington Oct. 21.

Dave Dellinger, whose organization is planning the mass demonstration, said it would be so nonviolent that "even the police will be orderly and nonviolent."

He told newsmen part of the plan is to disrupt Pentagon operations but added: "There will be so many people here that for the Johnson administration to allow violence would be another step in the political suicide of the Johnson administration."

WASHINGTON (AP) — The Pentagon has awarded its first contract in connection with Defense Secretary Robert S. McNamara's recent announcement that this country will build a \$5 billion limited antiballistic missile system.

Western Electric, manager of the Nike-X project, won a \$43 million addition to its existing \$215 million Nike-X research contract, with about \$18 million being termed a direct result of McNamara's announcement.

WASHINGTON (AP) — The four-year-old dispute between the State Department and its one-time chief security evaluator, Otto F. Otepka, is closer to conclusion.

Lawyers for the government and the fired Otepka submitted briefs Friday to a hearing officer, setting forth legal arguments in the case.

The hearing officer, Edward A. Dragon, normally would submit a report 10 days after receiving the briefs. But the op-

Kirk Criticizes McNamara's Plan

LITTLE ROCK, Ark. (AP) — Florida Gov. Claude Kirk called today for the resignation of Secretary of Defense Robert S. McNamara, whom he termed "the international symbol of the half measure."

Kirk, a Republican, cited the secretary's plan to halt the flow of troops and supplies from North to South Vietnam by building "some kind of electronic wall" at the border as the reason McNamara should step down. He called the wall a "McNamaginot line."

Kirk made his comment's in a speech prepared for the 15th annual Republican Women's Conference in Little Rock.

"We would be constructing the biggest, most expensive sieve in the history of the world," said Kirk, "a make-work project that would be the object of scorn of every North Vietnamese soldier who easily passed through."

He said McNamara is "clearly secretary of defense."

Kirk, mentioned as a possible GOP candidate for the vice presidential nomination in 1968, appeared here during a weekend tour of Arkansas, Louisiana, Georgia and Kentucky.

MARKETS

Hog prices, all net, were received by the Bowling Stock Yards Co. here today as follows:

200-230 lbs.,	\$19.00;	230-240,	\$18.75;
240-260,	\$18.25;	260-280	\$17.75;

Heavy Hens	1.00
Butter	.13

Corwin St. School Fire Investigated

The Circleville Fire Department and City Police are investigating the unusual circumstances surrounding a fire discovered in the vacated Corwin Street Elementary School building 8:26 p. m. Friday.

The blaze, which started in cardboard boxes stacked in the southwest room of the building, was first discovered by Edward Myers, an agent for the Pennsylvania Railroad.

The floor and walls of the room were masonry and glass and the fire had almost burned itself out by the time firefighters arrived.

Intense heat from the burning boxes shattered glass blocks in the south wall of the room and caused considerable damage to mortar.

BECAUSE the building is presently unoccupied authorities suspect the blaze was intentionally set.

Firemen and police are investigating three other mysterious blazes that have occurred recently in Circleville, including the fire that caused extensive damage to the rear room and contents of the Moore's Store.

A 10-year-old youth has admitted to starting three recent fires.

Authorities say that although he at first implicated himself in the Moore's fire and two others, he now denies having any part in starting the blazes.

One of the fires under investigation includes the recent fire at the Junior High School building. A window was broken at the school and a shade was set afire.

One Condition:

(Continued from Page 1)
private with any spokesman for Hanoi.

While emphasizing peace efforts in his address—delivered before 1,600 delegates to the National Legislative Conference of State Officials—Johnson put approximately equal stress on U.S. determination to persevere in Vietnam.

"First, we must not mislead our enemy," he said. "Let him not think that debate and dissent will produce wavering and withdrawal. For I can assure you they won't. Let him not think that protests will produce surrender. Because they won't. Let him not think that he will wait us out. For he won't."

"Second, we will provide all that our brave men require to do the job that must be done—and that job's going to be done."

This last statement drew a loud burst of applause.

Johnson also was applauded lustily when, after saying recent history "strongly suggests" a Communist victory in South Vietnam would lead to a Communist conquest of all Southeast Asia and increase the possibility of World War III, he went on:

"As President of the United States, I am not prepared to gamble on the chance that it is not so. I am not prepared to risk the security—indeed, the survival—of this American nation on mere hope and wishful thinking. I am convinced that by seeing this struggle through now, we are reducing the chances of a larger war—perhaps a nuclear war. And I would rather stand in Vietnam, in our time, and by meeting this danger now and facing up to it, thereby reduce the danger for our children and grandchildren."

While conceding "there are many sincere and patriotic Americans who harbor doubts" about the wisdom of the war, Johnson said, "the key to all we have done is our own security."

At the same time, he quoted leaders of seven Asian and Pacific nations as supporting American involvement. And he quoted former Presidents Dwight D. Eisenhower and John F. Kennedy to back up his argument that South Vietnam's future is of great importance to the United States.

Johnson also argued there has been steady forward movement in South Vietnam, militarily and in promoting constitutional government.

Now Portsmouth Can Do as the Romans

PORTSMOUTH, Ohio (AP) — City officials have been advised they'll soon have \$400,000 bequeathed to the city in 1939 by Mrs. Leona Labold to build a free public bath facility.

It had first been left in trust to heirs from the residue of the Labold estate. The heirs have since died and now the money will go to the city, providing it carries out terms of the will.

Mrs. Labold had directed that the bath be constructed in Mound Park, which had been donated to Portsmouth by other members of the Labold family.

The will provides that if the city does not carry out terms of the will, the money will go to the University of Pennsylvania.

California Dems Go Ahead With Plan To Oppose LBJ

LONG BEACH, Calif. (AP) — The California Democratic Council's leader, rejecting President Johnson's nationally televised defense of U.S. Vietnam policy, went ahead today with plans to oppose Johnson with a peace candidate.

"Once again we have hoped for new directions and have had these hopes dashed," said a statement from Gerald Hill, president of the 33,000-member liberal group which has consistently opposed U.S. involvement in Vietnam.

Hill predicted approval of a plan to enter a slate of peace delegates in next June's California primary, and other leaders of the council agreed. Some 1,200 delegates representing the membership will vote on the plan today.

The council's plan failed to get the specific endorsement of the convention's keynote speaker, John Kenneth Galbraith, chairman of the Americans for Democratic Action.

But, without mentioning names, Galbraith said he hoped that "come next summer we will have candidates for the nomination that avow the liberal tradition by which Democrats alone can succeed and by which, alone, they deserve to succeed."

His speech was prepared for today's opening major session. Galbraith, former ambassador to India, made it clear he felt "liberal Democrats everywhere in the United States are in dissent from the foreign policy" advocated by Johnson.

While not pledged to any specific candidate, the slate would be bound to support someone who favors negotiations, an end to the bombing of North Vietnam, and withdrawal of American troops.

Former Democratic Gov. Edmund G. Brown, California Assembly Speaker Jesse M. Unruh and other major Democratic leaders have boycotted the council's convention. But council leaders said public opinion polls indicate their slate will give a re-election bid by Presi-

Staid Old Ferry Never Like This

NEW YORK (AP) — The avant garde invaded the normally staid Staten Island ferry Friday night in a confusion of electronic music, strobe lights, modern dance and ear-splitting jazz.

The event was the fifth annual New York Avant Garde Festival, billed as a 24-hour performance on the ferry John F. Kennedy.

The boat left the terminal with a capacity crowd of more than 1,000 passengers on the upper deck at 11:55 p.m. for the first roundtrip voyage of the festival.

Aboard was Herbert B. Halberg, commissioner of marine and aviation, who had provoked a small controversy by allowing the ferry to be used for the festival.

When asked about criticism from two Democratic city councilmen, Matthew J. Troy and Edward V. Curry, Halberg said the festival was an appropriate way "to display the various art forms of Miss Moorman and her associates."

As he spoke, Charlotte Moorman, cellist and sponsor of the festival, began measuring Halberg's height with a small book of matches.

"What does that mean?" Halberg asked.

"It means you're 35 match covers tall," Miss Moorman answered.

The cellist recently received a suspended sentence after playing the cello publicly nude from the waist up.

Halberg's question, "What does it mean?" was echoed by many passengers of the ferry. The exhibits included a large pink foam rubber structure covering several benches, flashing floodlights, in various colors, a group of hippies painting designs on the faces and bodies of spectators, and a video tape of a Japanese wrestling match.

State Highway Worker Is Injured

Earl Speakman, 57, Route 2, fractured his left foot while working for the State Highway Department Friday.

Speakman was treated and released at Berger Hospital after a beam fell on his foot. Elaine Davis, 49, Kingston, also received emergency care at the hospital when she fell at home and received contusions to her right knee.

Winner by Default

LEBANON, Ohio (AP)—Windy Mindy finished second but was credited with winning the featured eighth race at Lebanon Raceway Friday night after On Guard was disqualified and placed second.

Windy Mindy, a 5-year-old bay mare driven by William Henman of Sidney, Ohio, paid \$22.60, \$6.60 and \$3.40. On Guard paid \$4.60 and \$3.00 and Miss April A showed for \$4.00.

dent Johnson stiff opposition.

Hill watched on television while Johnson, in San Antonio, Tex., offered to stop the bombing of North Vietnam and open peace talks "when they will lead properly to productive discussion." Afterwards, Hill told newsmen the United States should halt the bombing without waiting for peace signs from North Vietnam.

"It seems inconceivable that a mighty nation such as the United States could not take the first step," he said.

Jurors Probe Bribe Charge In Hoffa Case

BATON ROUGE, La. (AP) — Three grand juries are probing alleged Cosa Nostra activities in Louisiana and one of them has accused a contractor of bribing a governor's aide in an attempt to buy a new trial for Teamsters Union President James R. Hoffa.

The East Baton Rouge Parish Grand Jury indicted New Orleans contractor D'Alton Smith Friday. The indictment said he tried to get an aide to Gov. John J. McKeithen to serve as a middleman in an alleged \$1-million scheme to get Hoffa a new trial.

Smith, who divides his time between New Orleans and Los Angeles, is being sought by police.

The charge against him carries a maximum penalty of five years in prison and a \$1,000 fine.

The alleged attempt to buy Hoffa out of prison, where he is serving a term for tampering with a jury, also is the subject of a federal grand jury investigation in New Orleans.

In addition, the Orleans Parish Grand Jury in New Orleans has issued a subpoena for Carlos Marcello, described as the Cosa Nostra boss in Louisiana, to appear before it Thursday.

Marcello, a short, grey-haired man who lives in Metairie, a New Orleans suburb, was reported away on a trip. The subpoena was left with his wife.

Smith was accused of offering \$25,000 to Aubrey Young to set up for him a private meeting with Edward G. Partin, a Teamsters Union official in Baton Rouge.

Partin is not easily accessible. He has had federal marshals as bodyguards since becoming a key government witness in Hoffa's 1962 conviction.

Partin said he rejected a \$1-million bribe at the meeting, offered if he would change the testimony he gave at the trial and thus establish new grounds for a new trial.

Young resigned as McKeithen's aide in July. He spent two days as a state's witness, immune to prosecution, before the grand jury.

Dist. Atty. Sargent Pitcher of Baton Rouge said Young agreed that he had arranged the meeting, at his home, between Partin and Smith. Pitcher said, however, that Young denied accepting \$25,000 for the action.

Wedding by Proxy; Groom Stand-In Is 77

HOLLYWOOD, Calif. (AP) — Sylvester Greenberger says he will marry his Czechoslovakian sweetheart by proxy with her 77-year-old grandfather standing in as the bridegroom.

The bride-to-be, Jana Tesarova, 24, of Bilzen, has never met Greenberger, but the two have exchanged letters and pictures for a year. Greenberger, a Hollywood businessman, said he's unable to go to Europe.

Mayor Samuel W. Yorty of Los Angeles signed a required document Friday telling the Czechoslovakian government there are no legal obstacles to the marriage as far as California is concerned.

The ceremony is planned before Christmas.

THE ARROYO COLORADO (background), which was supposed to counteract Rio Grande flood conditions, gushes roof-high through a section of Harlingen, Tex. These homes are in the \$30,000-\$50,000 class. The havoc is an aftermath of hurricane Beulah.

Predict Cuban Refugees 'Here To Stay'

MIAMI, Fla. (AP) — Cuban refugees, arriving in the United States at the rate of nearly 4,000 monthly, are here to stay, says a University of Miami research team in a study.

The news report suggested that the refugee assistance program, which has cost U.S. taxpayers \$250 million to date, might be scaled down.

"The Cuban refugees as a group have lost much of their

character as visitors awaiting a favorable opportunity to return to Cuba," said the study, prepared for the Health, Education and Welfare Department.

"On the whole, they seem to be losing conviction that an early change in circumstances will make return feasible."

The 200-page survey continued: "Many are accumulating vested interests in staying in the United States, which must be balanced against prospects in Cuba at the time of return."

"A precipitous exodus seems exceedingly remote under any circumstances."

The government "has tended to regard the refugees as problems rather than opportunities," the report said. "Planning for the future should incorporate imaginative thinking concerning the economic and cultural contributions of which the Cubans are clearly capable."

The book, titled "The Cuban

Immigration," added: "In the expectation that the exodus from Cuba will continue indefinitely and that the situation will not alter in Cuba in the foreseeable future, the refugee program should be normalization of the emergency situation created by the massive migration."

"This is, there should be a phasing down or out."

The report placed the number of Cubans arriving in the United States since Fidel Castro's 1959 takeover of Cuba at more than 300,000, but said no accurate count is available. Other sources estimate the exile population at 400,000.

K of C Plans October Events

Hannan Council Knights of Columbus will have a conferring of the first degree in the council rooms Monday after the regular 8 p.m. business meeting, according to Dallas Elliot Jr., Grand Knight.

Other events planned for October are: social hours in the council rooms from 7 to 12 p.m., Oct. 5, 12, 19, and 26; Columbus Day Essay Contest will be held for St. Joseph's students Oct. 12; Oct. 14, the first phase of the youth fund campaign drive will end.

Lecurer's Meeting will be held Oct. 16. The Pumpkin Show Booth will be open Oct. 18, 19, 20, 21; Oct. 29 will be a Corporate Communion Breakfast at the 8 a.m. Mass.

Poll Gives Locher Edge Over Stokes in Cleveland

CLEVELAND (AP)—A newspaper poll on voter sentiment toward candidates in Cleveland's democratic mayoral primary next Tuesday gives incumbent Mayor Ralph S. Locher a very narrow edge over Negro State Rep. Carl B. Stokes.

The final Plain Dealer Poll today showed 47.5 per cent of the voters favoring Locher and 46.9 per cent favoring Stokes—a margin of only six-tenths of one per cent.

The third candidate, former Lakewood Mayor Frank P. Celeste, was favored by only 5.6 per cent of the voters polled.

In the 1965 mayoral election, Locher edged Stokes by one per cent of the votes in a four-way, general election race. Stokes passed up the primary and ran as an independent in that race.

An earlier Plain Dealer poll this year showed a 3.4 per cent edge in Stokes' favor. Locher

gained 3.2 per cent in the final poll while Stokes dropped eight-tenths of one per cent to fall behind.

The Plain Dealer said an analysis of the polls showed Locher's heaviest gains were in white areas on Cleveland's East Side, with a jump of 13.4 per cent. But the polls indicated that the mayor lost support in East Side Negro areas and on the predominantly white West Side.

The party organization, which is backing Locher, says Stokes will get solid backing from the Negro community and will poll about 100,000 votes. The party leaders have been exhorting ward leaders to get out the vote, and Locher agrees that he will need a large turnout to win.

There is no contest in the Republican mayoral primary, where Seth Taft is running unopposed.

Today in Washington

By THE ASSOCIATED PRESS
WASHINGTON (AP) — The chairman of the National Mobilization to End the War in Vietnam predicts more than 50,000 persons will take part in an anti-war demonstration in Washington Oct. 21.

Dave Dellinger, whose organization is planning the mass demonstration, said it would be so nonviolent that "even the police will be orderly and nonviolent."

He told newsmen part of the plan is to disrupt Pentagon operations but added: "There will be so many people here that for the Johnson administration to allow violence would be another step in the political suicide of the Johnson administration."

WASHINGTON (AP) — The Pentagon has awarded its first contract in connection with Defense Secretary Robert S. McNamara's recent announcement that this country will build a \$5 billion limited antiballistic missile system.

Western Electric, manager of the Nike-X project, won a \$43 million addition to its existing \$215 million Nike-X research contract, with about \$15 million being termed a direct result of McNamara's announcement.

WASHINGTON (AP) — The four-year-old dispute between the State Department and its one-time chief security evaluator, Otto F. Otepka, is closer to conclusion.

Lawyers for the government and the fired Otepka submitted briefs Friday to a hearing officer, setting forth legal arguments in the case.

The hearing officer, Edward A. Dragon, normally would submit a report 10 days after receiving the briefs. But the op-

Kirk Criticizes McNamara's Plan

LITTLE ROCK, Ark. (AP) — Florida Gov. Claude Kirk called today for the resignation of Secretary of Defense Robert S. McNamara, whom he termed "the international symbol of the half measure."

Kirk, a Republican, cited the secretary's plan to halt the flow of troops and supplies from North to South Vietnam by building "some kind of electronic wall" at the border as the reason McNamara should step down. He called the wall a "McNamaginot line."

Kirk made his comment's in a speech prepared for the 15th annual Republican Women's Conference in Little Rock.

"We would be constructing the biggest, most expensive sieve in the history of the world," said Kirk, "a make-work project that would be the object of scorn of every North Vietnamese soldier who easily passed through."

He said McNamara is "clearly secretary of 'defence'."

Kirk, mentioned as a possible GOP candidate for the vice presidential nomination in 1968, appeared here during a week-end tour of Arkansas, Louisiana, Georgia and Kentucky.

MARKETS

Hog prices, all net, were received by the Bowling Stock Yards Co. here today as follows:

200-230 lbs.,	\$19.00;	230-240,	\$18.75;

3 Charged with Arson
CINCINNATI (AP)—Four Cincinnati men were indicted by the Hamilton County Grand Jury Friday for arson and other charges in connection with a \$170,000 furniture store fire here July 28. They were Anthony Burks, 20; Larry Ingram, 18; Leroy Coston, 30; and Orville Smith, 23.

Corwin St. School Fire Investigated

The Circleville Fire Department and City Police are investigating the unusual circumstances surrounding a fire discovered in the vacated Corwin Street Elementary School building 8:26 p. m. Friday.

The blaze, which started in cardboard boxes stacked in the southwest room of the building, was first discovered by Edward Myers, an agent for the Pennsylvania Railroad.

The floor and walls of the room were masonry and glass and the fire had almost burned itself out by the time firefighters arrived.

Intense heat from the burning boxes shattered glass blocks in the south wall of the room and caused considerable damage to mortar.

BECAUSE the building is presently unoccupied authorities suspect the blaze was intentional.

Firemen and police are investigating three other mysterious blazes that have occurred recently in Circleville, including the fire that caused extensive damage to the rear room and contents of the Moore's Store.

A 10-year-old youth has admitted to starting three recent fires.

Authorities say that although he at first implicated himself in the Moore's fire and two others, he now denies having any part in starting the blazes.

One of the fires under investigation includes the recent fire at the Junior High School building. A window was broken at the school and a shade was set afire.

One Condition:

(Continued from Page 1)

private with any spokesman for Hanoi."

While emphasizing peace efforts in his address—delivered before 1,600 delegates to the National Legislative Conference of State Officials—Johnson put approximately equal stress on U.S. determination to persevere in Vietnam.

"First, we must not mislead our enemy," he said. "Let him not think that debate and dissent will produce wavering and withdrawal. For I can assure you they won't. Let him not think that protests will produce surrender. Because they won't. Let him not think that he will wait us out. For he won't."

"Second, we will provide all that our brave men require to do the job that must be done—and that job's going to be done."

This last statement drew a loud burst of applause.

Johnson also was applauded lustily when, after saying recent history "strongly suggests" a Communist victory in South Vietnam would lead to a Communist conquest of all Southeast Asia and increase the possibility of World War III, he went on: "As President of the United States, I am not prepared to gamble on the chance that it is not so. I am not prepared to risk the security—indeed, the survival—of this American nation on mere hope and wishful thinking. I am convinced that by seeing this struggle through now, we are reducing the chances of a larger war—perhaps a nuclear war. And I would rather stand in Vietnam, in our time, and by meeting this danger now and facing up to it, thereby reduce the danger for our children and grandchildren."

While conceding "there are many sincere and patriotic Americans who harbor doubts" about the wisdom of the war, Johnson said, "the key to all we have done is our own security."

At the same time, he quoted leaders of seven Asian and Pacific nations as supporting American involvement. And he quoted former Presidents Dwight D. Eisenhower and John F. Kennedy to back up his argument that South Vietnam's future is of great importance to the United States.

Johnson also argued there has been steady forward movement in South Vietnam, militarily and in promoting constitutional government.

Now Portsmouth Can Do as the Romans

PORTSMOUTH, Ohio (AP) — City officials have been advised they'll soon have \$400,000 bequeathed to the city in 1939 by Mrs. Leona Labold to build a free public bath facility.

It had first been left in trust to heirs from the residue of the Labold estate. The heirs have since died and now the money will go to the city, providing it carries out terms of the will.

Mrs. Labold had directed that the bath be constructed in Mound Park, which had been donated to Portsmouth by other members of the Labold family.

The will provides that if the city does not carry out terms of the will, the money will go to the University of Pennsylvania.

California Dems Go Ahead With Plan To Oppose LBJ

LONG BEACH, Calif. (AP) — The California Democratic Council's leader, rejecting President Johnson's nationally televised defense of U.S. Vietnam policy, went ahead today with plans to oppose Johnson with a peace candidate.

"Once again we have hoped for new directions and have had these hopes dashed, said a statement from Gerald Hill, president of the 33,000-member liberal group which has consistently opposed U.S. involvement in Vietnam.

Hill predicted approval of a plan to enter a slate of peace delegates in next June's California primary, and other leaders of the council agreed. Some 1,200 delegates representing the membership will vote on the plan today.

The council's plan failed to get the specific endorsement of the convention's keynote speaker, John Kenneth Galbraith, chairman of the Americans for Democratic Action.

But, without mentioning names, Galbraith said he hoped that "come next summer we will have candidates for the nomination that avow the liberal tradition by which Democrats alone can succeed and by which, alone, they deserve to succeed."

His speech was prepared for today's opening major session.

Galbraith, former ambassador to India, made it clear he felt "liberal Democrats everywhere in the United States are in dissent from the foreign policy" advocated by Johnson.

While not pledged to any specific candidate, the slate would be bound to support someone who favors negotiations, an end to the bombing of North Vietnam, and withdrawal of American troops.

Former Democratic Gov. Edmund G. Brown, California Assembly Speaker Jesse M. Unruh and other major Democratic leaders have boycotted the council's convention. But council leaders said public opinion polls indicate their slate will give a re-election bid by President Johnson stiff opposition.

Hill watched on television while Johnson, in San Antonio, Tex., offered to stop the bombing of North Vietnam and open peace talks "when they will lead properly to productive discussion." Afterwards, Hill told newsmen the United States should halt the bombing without waiting for peace signs from North Vietnam.

"It seems inconceivable that a mighty nation such as the United States could not take the first step," he said.

BATON ROUGE, La. (AP) — Three grand juries are probing alleged Cosa Nostra activities in Louisiana and one of them has accused a contractor of bribing a governor's aide in an attempt to buy a new trial for Teamsters Union President James R. Hoffa.

The East Baton Rouge Parish Grand Jury indicted New Orleans contractor D'Alton Smith Friday. The indictment said he tried to get an aide to Gov. John J. McKeithen to serve as a middleman in an alleged \$1-million scheme to get Hoffa a new trial.

Smith, who divides his time between New Orleans and Los Angeles, is being sought by police.

The charge against him carries a maximum penalty of five years in prison and a \$1,000 fine.

The alleged attempt to buy Hoffa out of prison, where he is serving a term for tampering with a jury, also is the subject of a federal grand jury investigation in New Orleans.

In addition, the Orleans Parish Grand Jury in New Orleans has issued a subpoena for Carlos Marcello, described as the Cosa Nostra boss in Louisiana, to appear before it Thursday.

Marcello, a short, grey-haired man who lives in Metairie, a New Orleans suburb, was reported away on a trip. The subpoena was left with his wife.

Smith was accused of offering \$25,000 to Aubrey Young to set up for him a private meeting with Edward G. Partin, a Teamsters Union official in Baton Rouge.

Partin is not easily accessible. He has had federal marshals as bodyguards since becoming a key government witness in Hoffa's 1962 conviction.

Partin said he rejected a \$1-million bribe at the meeting, offered if he would change the testimony he gave at the trial and thus establish new grounds for a new trial.

Young resigned as McKeithen's aide in July. He spent two days as a state's witness, immune to prosecution, before the grand jury.

Dist. Atty. Sargent Pitcher of Baton Rouge said Young agreed that he had arranged the meeting, at his home, between Partin and Smith. Pitcher said, however, that Young denied accepting \$25,000 for the action.

Staid Old Ferry Never Like This

NEW YORK (AP) — The avant garde invaded the normally staid Staten Island ferry Friday night in a confusion of electronic music, strobe lights, modern dance and ear-splitting jazz.

The event was the fifth annual New York Avant Garde Festival, billed as a 24-hour performance on the ferry John F. Kennedy.

The boat left the terminal with a capacity crowd of more than 1,000 passengers on the upper deck at 11:55 p.m. for the first roundtrip voyage of the festival.

Aboard was Herbert E. Halberg, commissioner of marine and aviation, who had provoked a small controversy by allowing the ferry to be used for the festival.

When asked about criticism from two Democratic city councilmen, Matthew J. Troy and Edward V. Curry, Halberg said the festival was an appropriate way "to display the various art forms of Miss Moorman and her associates."

As he spoke, Charlotte Moorman, cellist and sponsor of the festival, began measuring Halberg's height with a small book of matches.

"What does that mean?" Halberg asked.

"It means you're 35 match covers tall," Miss Moorman answered.

The cellist recently received a suspended sentence after playing the cello publicly nude from the waist up.

Halberg's question, "What does it mean?" was echoed by many passengers of the ferry.

The exhibits included a large pink foam rubber structure covering several benches, flashing floodlights in various colors, a group of hippies painting designs on the faces and bodies of spectators, and a video tape of a Japanese wrestling match.

Wedding by Proxy; Groom Stand-In Is 77
HOLLYWOOD, Calif. (AP) — Sylvester Greenberger says he will marry his Czechoslovakian sweetheart by proxy with her 77-year-old grandfather standing in as the bridegroom.

The bride-to-be, Jana Tesarova, 24, of Bilzen, has never met Greenberger, but the two have exchanged letters and pictures for a year. Greenberger, a Hollywood businessman, said he's unable to go to Europe.

Mayor Samuel W. Yorty of Los Angeles signed a required document Friday telling the Czechoslovakian government there are no legal obstacles to the marriage as far as California is concerned.

The ceremony is planned before Christmas.

Money in Circulation Tops Previous Records
WASHINGTON (AP) You may not feel any richer but the Treasury Department says there's more currency and coins in circulation now for every man, woman and child in the nation than at any time in history.

Money in circulation reached a record \$225.88 per capita at the end of August, surpassing the \$225.59 figure of last Dec. 31.

Total currency and coin in circulation as of the end of last month, the department said, was a record \$45.1 billion.

State Highway Worker Is Injured
Earl Speakman, 57, Route 2, fractured his left foot while working for the State Highway Department Friday.

Speakman was treated and released at Berger Hospital after a beam fell on his foot.

Elaine Davis, 49, Kingston, also received emergency care at the hospital when she fell at home and received contusions to her right knee.

Winner by Default

LEBANON, Ohio (AP)—Windy Mindy finished second but was credited with winning the featured eighth race at Lebanon Raceway Friday night after On Guard was disqualified and placed second.

Windy Mindy, a 5-year-old bay mare driven by William Henman of Sidney, Ohio, paid \$22.60, \$6.60 and \$3.40. On Guard paid \$4.60 and \$3.00 and Miss April A showed for \$4.00.

THE ARROYO COLORADO (background), which was supposed to counteract Rio Grande flood conditions, gushes roof-high through a section of Harlingen, Tex. These homes are in the \$30,000-\$50,000 class. The havoc is an aftermath of hurricane Beulah.

Predict Cuban Refugees 'Here To Stay'

MIAMI, Fla. (AP) — Cuban refugees, arriving in the United States at the rate of nearly 4,000 monthly, are here to stay, says a University of Miami research team in a study.

The news report suggested that the refugee assistance program, which has cost U.S. taxpayers \$250 million to date, might be scaled down.

"The Cuban refugees as a group have lost much of their character as visitors awaiting a favorable opportunity to return to Cuba," said the study, prepared for the Health, Education and Welfare Department.

"On the whole, they seem to be losing conviction that an early change in circumstances will make return feasible."

The 200-page survey continued: "Many are accumulating vested interests in staying in the United States, which must be balanced against prospects in Cuba at the time of return."

"A precipitous exodus seems exceedingly remote under any circumstances."

The government "has tended to regard the refugees as problems rather than opportunities," the report said. "Planning for the future should incorporate imaginative thinking concerning the economic and cultural contributions of which the Cubans are clearly capable."

The book, titled "The Cuban Immigration," added: "In the expectation that the exodus from Cuba will continue indefinitely and that the situation will not alter in Cuba in the foreseeable future, the refugee program should be normalized of the emergency situation created by the massive migration."

"This is, there should be a phasing down or out."

The report placed the number of Cubans arriving in the United States since Fidel Castro's 1959 takeover of Cuba at more than 300,000, but said no accurate count is available. Other sources estimate the exile population at 400,000.

K of C Plans October Events

Hannan Council Knights of Columbus will have a conferring of the first degree in the council rooms Monday after the regular 8 p.m. business meeting, according to Dallas Elliot Jr., Grand Knight.

Other events planned for October are: social hours in the council rooms from 7 to 12 p.m., Oct. 5, 12, 19, and 26; Columbus Day Essay Contest will be held for St. Joseph's students Oct. 12; Oct. 14, the first phase of the youth fund campaign drive will end.

Lecurer's Meeting will be held Oct. 16. The Pumpkin Show Booth will be open Oct. 18, 19, 20, 21; Oct. 29 will be a Corporate Communion Breakfast at the 8 a.m. Mass.
